One Family of Boys May Come Into a Fortune

in a single day and another family must needs do hard work for a lifetime to lay up any substance for the future.

Our lives are not all to be measured by the same rule. The very mysteries of life quicken us to highest endeavors.

Tomorrow is always coming with new revelations.

It is for us to plow and plant.

No man is at liberty to be idle and expect to reap where he has not sown.

Sleep is sweet after a full day's work is well done.

New Tweed Suitings Especially Nice for Fall

They are all wool, of course, and come in the pretty grays, browns, tan and heather mixture—that so many women like. The width is unusually wide, 56 inches, and the price more nearly resembles the 1914 figures than what these same quality suitings have been selling for recently. They are \$2.50 a yard.

Business women and those who require a great deal of wear from their suits and who need to be out in all weathers—these are the women who appreciate a tweed suiting the most.

Many a Baby Is Going Into Short Clothes

And many another one would be far more comfortable this weather if mother would only think of making the change now.

There is no excuse about being unable to get the little dresses and so on, for there are plenty here and at all the prices one could ask.

For example, for babies from six months up to two years are dresses of soft nainsook from \$2 up to \$4.50, where hand-made dresses start, and then on up to \$10. Some of the prettiest come from the Philippines and are hand embroidered and hand scalloped.

(Third Floor, Chestnut)

Specially Priced Curtains in Scrim and Marquisette

Curtains that still bear the old-time lower prices because they are part of an early shipment.

Prices go from \$3.25 to \$6.50 a pair and from \$3.75 up the edges are hand drawn. All are 2 1/2 or 3 yards long.

The Artist's Tam Has Captured Paris

One no longer wonders when one sees it. It is graceful and pretty and the two elongated points that droop down toward the shoulders give it an air of coquetry that is hard to describe.

We had the Paris model copied in black velvet and it is marked \$24. But there are other tams beside to suit other tastes, from \$10 up.

(Second Floor, Chestnut)

Ribbon Velvet Sports Hats Are Another New Note

Narrow velvet ribbon, sewed around and around, sometimes large stitches of wool showing, and the trimming may be a cord and tassels of the same wool.

Or, in other cases, such as a black velvet ribbon hat, there are flowers made of the white wool and a facing. Others among these hats have beaver cloth or silk sewed in with the ribbon. These hats will be much worn with sports suits for Fall. They are soft and easily adjusted to any type. \$15 to \$28 are the prices.

(Second Floor, Chestnut)

THIS IS THE GREATEST FURNITURE SALE SOLELY BECAUSE IT IS THE BEST SALE FOR THE HOME FURNISHER

AND it is the best Sale for the home furnisher solely because the furniture in it is the best kind to make a home from.

The furniture in the Wanamaker Sale is built on investment, not on speculative principles.

To be built on investment principles, furniture must possess the elements of service, for service after all is the one actual test of every piece of cabinet work.

Furniture of service must always be the mainstay of the great Wanamaker Sale. No other kind is good enough.

The furniture in this Sale is more than serviceable. It is likable, desirable in the fullest degree. It represents

beauty of line and concept perpetuated in a sound and worthy framework.

Apart from the reliability of the furniture and the desirability of it, the supreme distinction of this Sale is the vast field of choice which it opens up for everybody, whether one wants a single piece or the furnishings of an entire mansion.

The varieties of excellent furniture shown in the Wanamaker Sale are such as cannot possibly be found anywhere outside of a Wanamaker Sale. Only those who investigate can realize how true this is.

And it is only when one gets down to the actual problem of selecting one's furniture that one can realize what an

(Fifth, Sixth and Seventh Floors)

immense advantage it is to have such a variety to choose from as will be found in this Wanamaker August Sale of 1920, a variety embracing furniture of character for homes of every reasonable requirement, a variety which leaves out nothing that any one can reasonably desire, and takes in nothing that isn't trustworthy.

Another Price Drop in Men's Fancy Suits

The reason for reducing these suits is seasonal only—the time has come to clear them out.

All our men's fancy Summer suits are involved in the movement and that means quite a choice in excellent Summer woollens, wearable from now into the teeth of winter, and then next Summer.

All Men's Straw Hats Now \$3 Each

Lowered Prices on Some of Our Own Good Player-Pianos

For those who would like to save money on the purchase of a player-piano, and who are wise enough to see that there is no saving unless they get a good player-piano, we have some interesting news.

We have taken a little group of our own fine player-pianos, all instruments of musical renown, and lowered their prices from \$60 to \$150. The new price range is from \$725 to \$895.

Please bear in mind that when you get one of these player-pianos you get an instrument that will give certain satisfaction and the performance of which is guaranteed by a famous factory and the Wanamaker Store. Your saving is real.

These are all new instruments on which the prices have been lowered for reasons which in no way affect their excellence as player-pianos. Among them are:
