

1 DEAD, 2 WOUNDED IN STREET SHOOTING

Child Among Bystanders Hit
When Men Open Fire at Indiana Ave. and 20th St.

TWO CAUGHT AFTER CHASE

One man was killed and two persons wounded during a gun fight last night at Twenty-first street and Indiana avenue. Those injured were bystanders.

Francisco Gutto, thirty years old, of 2677 Deacon street, according to the police, opened fire on Santo Crisselli, thirty-two years old, of Indiana avenue near Twentieth street. The men emptied their revolvers at each other, neither being hurt, at the corner of Indiana avenue and Twentieth street.

Passersby sought refuge in doorways and behind steps.

Those hit were:

John Fagen, twenty-six years old, of 2011 North Sixteenth street; shot beneath heart; died in Samaritan Hospital.

Rocco Saporito, twenty-four years old, of 2846 North Fifteenth street; shot in back.

William Neil, ten years old, 2028 North Eighteenth street, shot in abdomen.

Crisselli dodged when the other man opened fire and from the protection of doorways the two, according to the police, let shots rain in all directions. After emptying their revolvers the men fled, and residents of the neighborhood notified the police of the Hunting Park and Schuyler street station. Detectives Beal, Bradley, Golden and Prendergast and Patrolman Wilde were taken to

the scene of the shooting in a patrol wagon. After a chase the two Italians claimed to have done the shooting were caught at Toronto and Woodstock streets. The wounded were taken to the Samaritan Hospital.

Magistrate Price, at the Twenty-second street and Hunting Park avenue station, today held Gutto and Crisselli without bail for the action of the coroner.

Datsy Costanz, of Berwick, Pa., was held in \$500 bail as a material witness. At the Samaritan Hospital it was announced that Saporito's condition is critical.

Two men were held under \$2000 bail each by Magistrate Grella yesterday following a revolver battle at Franklin and Vine streets, Saturday night, between rival factions of a tendorloin gang.

John R. Smith, of 248 North Eleventh street, was arrested by police of the Eleventh and Winter streets station on the charge of aggravated assault and battery with intent to kill. He is said to be responsible for the shooting of Lawrence Nottingham, alias "English" La Rue, a notorious gangster, who is now in the Pennsylvania Hospital with a bullet in his back.

John Barth, of Detroit, an alleged accomplice to the shooting, who was himself wounded, was held under bond for a further hearing August 26.

Smith's story that he was held up by Barth and Nottingham near Seventh and Vine streets and that he shot the latter in self-defense is doubted by the police. The authorities are inclined to the belief that Smith and Barth both took part some time ago in the shooting affray in which "Johnny" Ward, twenty-seven years old, of Fifth and Quarry streets, and George, alias "Scott" MacDonal, of Tenth and Green streets, were shot. The latter is probably fatally injured, receiving three

Flowers that Bloom in the Spring, Tra-la!

Do you remember, a few years ago, the shoe box that you received in the mail conveying some very, very dead flowers with a friend's card of greeting?

The box was battered and musty, and in the inglorious state of the gift you certainly were forced to take "the will for the deed."

Today you may telegraph flowers anywhere, and within a few hours they arrive, fresh, fragrant and eloquent.

To enable you to do this, there exists a National Association of Florists.

With the aid of the florist even the mute may be silver-tongued, for, whatever the occasion, we are being taught by advertising that we may "Say it with Flowers."

The florists must "sell" an idea to the nation. Whatever the idea be, to eat more citrus fruit; to line our chimneys with clay or to use granite for monuments, that idea may be "sold" to an entire nation by national advertising.

The Crow Has the Right Idea!

When a crow has an errand to perform, it doesn't fly 'round and 'round in ever-widening circles until it reaches its destination. It flies direct to the point it wishes to reach, in a straight line, because "a straight line is the shortest distance between two points."

We believe in the wisdom and efficiency of the crow's methods—that's why we conduct our business along those lines. We bring your groceries to you by the same route that the crow chooses—the shortest distance between two points. The first point is the point of production, the farmer, the miller, the canner, the packer, etc., and the ultimate destination—your table.

We are the connecting link—we bring your groceries to you direct from the producer—in a straight line—minus the expensive roundabout method of passing them through the hands of many middlemen, each one adding on his profit before passing them along. What is saved by our method of merchandising shows in the lower prices at which we are able to sell these goods to you.

What would groceries be costing today were it not for the American Stores Co.?
