HOME IS PLANNED

Campaign Will Be Resumed in Fall to Get Money for Clubhouse

NOTES OF OTHER POSTS

Thomas F. Emery Post, No. 229, of Manayunk, of the American Legion, has raised a building fund of \$13,000, which will be increased and utilized for the erection of a post home.

This post conducted its drive several months ago for the purpose of acquiring enough money for a clubhouse, but it discontinued its efforts to give way to the memorial hospital of Roxboro, explained Joseph McGarrigle, the vice commander, today.

"We hope in the fall to interest the business men in our project again," and Mr. McGarrigle, "for it is probable that we shall continue our effort at that time."

Dr John J. Foran, of 170 Queen Lane, Manayunk, is the post commander; Mr. McGarrigle, vice commander; John J. Bryson, 361 Conarre street, adjutant; and Joseph A. Aldinger, 4347 Lauriston street, county representative.

LIFE GUARDS AT SHORE HAVE A BUSY SUNDAY

Atlantic City Pulled From Surf After Struggles

Life guards had their usual strenuous ime yesterday at Atlantic City.

John Curtis, Peter Thurston and John Finger, of this city, and three other men were saved from being dashed against the stone jetty at the foot of Virginia avenue. The men had got beyond their depth when Life Guards Smith and McKim launched their boat and went to the rescue. After much difficulty the men were brought ashore. The beach physicians worked over them for thirty minutes before they allowed them to go to their hotels.

for thirty minutes before they allowed them to go to their hotels.

James Paper, of this city; Miss Minnie Avel, of 8 South New Hampshire avenue, and Miss Florence Stoder, of Massachusetts avenue, were saved by life guards as they were being swept toward the ship channel off Pacific avenue.

Orville Bize and Evan Bize, both of Philadelphia, and Harry Fogel, of At-lantic City, were rescued at Maryland venue, and Mrs. Jacobson, of Philadel,

phia, was pulled from the surf at the foot of Massachusetts avenue. Victor tomsky, of New York city, when they were caught in a strong undertow.

SCHOOLS AND COLLEGES

Schools for the Education of Women For the Nursing Profession

Believing that many young women would be glad to enter training schools in hospitals throughout the State of Pennsylvania as pupil nurses if they knew of the great opportunity for service and to qualify in one of the greatest professions open to women, a Committee appointed to serve in the interests of the Nurses' Training Schools, whose names appear in these columns, are conducting a campaign for the purpose of securing enrollments in this noble profession.

In the Service of Humanity

Message on the Ethics and Practice of Nursing

"Nursing is an art, and if it is to be made an art it lequires as exclusive a devotion, as hard a preparation as any painter's or sculptor's work, for what is having to do with dead canvas or cold marble compared with having to do with the living body—the temple of God's spirit? It is one of the fine arts, I had almost said the finest of the fine arts." (Forence Nightingale)

If this is true, and who will doubt it, what an entirely satisfactory work is nursing, and yet how necessary that we remember we are dealing with something that requires not only our energy, our interest and our skill, but our deep reverence and highest thoughts?

A young poet killed in France, wrote, "Like the statue in Michael Angelo's lump of marble, there is a friend in every passerby, and in one there may be a new Christ," and so there may be in any human being. What Dr. S. Weir Mitchell says of the physician is true also of the nurse: "He sells that which men neither weigh nor measure, and this sots him over all professions save one, and far above all forms of mero business. What such a life makes of a man is largely a question of original character, but in no other form of occupation is there such constant food useful to develop all that is best and noblest."

The highest type only of healthy young womanhood should take up this work, for it is certainly the highest given to any woman to do. What can be greater than by skill and knowledge to help fan the feeble spark of life to the bright flame of health; to make the stiff arm supple and strong; to tide the Typhoid or the Pneumonia patient past the danger post; to give back to the children, the mother who almost crossed the dark river; and to save the baby with all life's road before him.

Nothing can adequately pay for the skill which has brought to the bedside renewed strength, and perhaps even the "Sweet boon of life?" she have fought with death and dulled his sword;

If she have given back our sick again.

fe?"
"If she have fought with death and dulled his sword;
If she have given back our sick again.
Is it a little thing that she has wrought?
Then Life and Death and Motherhood be nought!"
