London, Aug. 23.—(By A. P.)—That Premier Giolitti, of Italy, waited to talk with Premier Lloyd George, of Great Britain, before replying to the American note relative to withholding recognition from Soviet Russia is pointed out as significant by a Lucerne dispatch to the London Times. Premier Giolitti, the dispatch says is in full agreement with President Wil-

son as to the maintenance of Polish independence, but has given Italian So-cialists a pledge that he will grant reccialists a pledge that he will grant rec-ognition to the Soviet government. There is reason to believe, the dispatch adds, that Mr. Lloyd George approves the Italian position as to the urgency and expediency of extending such recognition as soon as peace is concluded be-tween Poland and Russia.

"The Italian point of view," it con cludes, "is that the Soviet government cannot continue to exist following the restoration of peaceful conditions in Russia."
