ANTI-SUFFRAGISTS SEEK ORDER TO RESTRAIN COLBY

Associate Justice Refuses to Act Until Counsel Cites Authorities for Such Course

ARGUMENTS WILL BE HEARD THIS AFTERNOON

American Constitutional League Makes Second Attempt to Block Proclamation

By the Associated Press Washington, Aug. 25.—Application for an injunction to restrain Secretary Colly, of the State Department, from promulgating ratification of the federal suffrage amendment was filed in the District Supreme Court today by coun-sel for the American Constitutional League.

Associate Justice Siddens required that authority for such procedure be cited and agreed to hear counsel on the

cited and agreed to hear counsel on the point during the day.

Application was made by Attorney A.

D. Smith in behalf of Charles S. Fairchild, of New York, president of the league. Justice Siddons said he could not consider the matter until counsel had presented authority under which he contended the court might act to restrain the secretary of state from issuing a proclamation announcing ratification on receipt of certification of the secretary of Tennessee as thirty-sixth action of Tennessee as thirty-sixth state. He suggested that counsel present such citations tomorrow, but Mr. Smith said this might be too late and Justice Siddons agreed to remain in his cham-bers during the day to consider the au-thorities which counsel might later pre-

sent.

This was the second attempt by the league to obtain from the District Court an injunction restraining Mr. Colby from proclaiming the ratification. The first effort was made last month before Tennessee had acted. Justice Bailey in dismissing the proceedings held that the court was without authority to inquire into the action of the state legislatures in ratifying the suffrage amendment, and that it had no authority to pass on the validity of such an amendment. An appeal to the Supreme Court of the United States was noted by counsel for the leave.

United States was noted by counsel for the league.

Suffragists today were hopeful that before evening the State Department would issue a proclamation formally announcing ratification of the federal suffrage amendment by enough states to make it effective.

Official notification that the amendment had been ratified by the Tennessee Legislature was expected to reach Secretary Colby during the day, dispatches from Nashville having reported that Governor Roberts mailed the certification notice to Washington at noon see Legislature was expected to reach Secretary Colby during the day, dispatches from Nashville having reported that Governor Roberts mailed the certification notice to Washington at noon yesterday.
