

WALTER B. BROOKS WEDS ALBANY GIRL

Marriage Shows Daughter of Mrs. E. T. Stotesbury Was Granted Divorce in Paris

COUPLE MET DURING WAR

Surprise was caused in this city today by announcement of the marriage of Captain Walter B. Brooks, Jr., of Albany, N. Y., and Miss Marion Lloyed Rice, of Albany, N. Y.

Captain Brooks was formerly the husband of Mrs. Louise Cromwell Brooks, daughter of Mrs. E. T. Stotesbury.

Although it had been generally known that Captain Brooks and his former wife had been living apart for several months, it was not known that a divorce had been granted.

Captain Brooks, whose home is in Baltimore, met Miss Rice while in France during the war.

The marriage took place at the parsonage of the Calvary Baptist Church, Towson, Md., and was performed by the Rev. J. David Clark, pastor.

Reconciliation Denied Since her return last December from France following her five months' residence in Paris necessary under French laws in divorce cases, Mrs. Brooks has been living with her mother.

She is reported to be in the city at the latter place at present in efforts to locate Mrs. Stotesbury last night also proved unavailing.

She has spent a large part of the summer at her home in Chestnut Hill following the death of her father, more than a month ago.

Upon the return of Mrs. Brooks from France reports gained currency that a reconciliation had been effected between her and Captain Brooks, following a visit to the Johns Hopkins Hospital, where their two children were undergoing an operation for adenoids.

Shortly afterward this report was denied by Mrs. Stotesbury, who stated that the divorce proceedings were continued as originally planned.

Every effort is being made to bring about a reconciliation that seemed impossible because of "temperamental differences" between the young couple.

The suit for divorce was begun in Paris, June, 1919, by Mrs. Brooks, on the ground of desertion, following her arrival at that capital with her brother, Lieutenant James H. Cromwell met Captain Brooks there in France with an engineering unit at the time.

Were Married in 1911 During her residence in Paris, Mrs. Brooks received a visit from Captain Brooks, at which time a further reconciliation was attempted. Almost immediately this was learned to be impossible and at the time Mrs. Stotesbury issued a brief statement:

"My daughter, Mrs. Brooks, and her brother, Mr. James Cromwell, went over to Paris, France, to join Captain Brooks. After Mr. Cromwell met Captain Brooks they decided that it would be for the best happiness of all if the couple should live apart. It was therefore decided that Mrs. Brooks should file a divorce proceeding in France, she having established a residence there. Their respective families, while deploring this separation, continue to enjoy the most intimate and friendly relations.

The couple were married on May 15, 1911, in St. Thomas's Church, Washington. The wedding was an event of the most important nature, and they ago they built one of the most beautiful homes in the Green Spring Valley, on the site of the old Avalon Inn, as much as \$100,000 having been spent in construction alone.

Deaths of a Day FUNERAL OF EDWARD S. LEE

Prominent Men Attend Last Rites of "Boardwalk Builder"

Atlantic City, Aug. 27.—Many men of affairs from the county and attended funeral services in St. James' Protestant Episcopal Church for ex-Senator Edward S. Lee, the man who built Atlantic City's steel boardwalk. Services were conducted by the Rev. William W. Blatchford, Senator Walter E. Edge, whom Mr. Lee defeated in 1902, and other prominent men.

Services were conducted by the Rev. William W. Blatchford, Senator Walter E. Edge, whom Mr. Lee defeated in 1902, and other prominent men.

KEYSTONE ARCHERS STILL LEAD SHOOT

Dr. Elmer, National Champion, Causes Wayne Team to Remain as Close Second

CONTESTS CLOSE TONIGHT

The last day of the National Archery Association's tournament at Wayne opened this morning with team shooting, and keen rivalry developed among quartets representing various sections of the country.

Four teams were represented in the men's shoot. Each man is shooting ninety-six arrows at a distance of sixty yards. Due to the marksmanship of Dr. Robert Elmer, the new national champion, the Wayne team is competing closely with the Keystone team.

The Keystone team leads, with seventy-seven hits for a total of 331 points; Wayne has sixty-two hits and 320 points; Massachusetts, sixty-six hits and 305 points, and Florida fifty-four hits and 216 points.

Each of the four men on a team has shot twenty-four of ninety-six arrows. Massachusetts is leading in the women's team shoot. The women are shooting ninety-six arrows at fifty yards. Miss Cynthia Wesson, of Catuit, Mass., new women's champion, is responsible for the high score thus far of the Massachusetts team, which is sixty-seven hits and 264 points.

The Wayne team, the only other women's team, has scored forty-two hits and 162 points.

The tournament will end with a banquet tonight at the Princeton Club, at 1221 Locust street. Doctor Elmer, president of the association, will preside. Officers will be elected.

According to Doctor Elmer, archery will never become universally popular in America as a sport, for the reason, he says, that it is too difficult.

He expressed the belief today that hunting wild game with bow and arrow would become more common, and pointed to the fact that Dr. Saxton Pope, of California, killed two grizzlies and a mountain lion with arrows.

ROOM FOR EVICTED FAMILY

Acting Police Lieutenant Houses Woman and Children in Station Mrs. Randolph Maulo and her six children, evicted yesterday from their home at 2039 South Chestnut street, while the woman's husband, James W. Maulo, deputy sheriff, were forced to spend last night in the police station at Sixty-fifth street and Woodland avenue.

Following the eviction, Mrs. Maulo and her children, accompanied by neighbors, marched to the police station and asked for a place to sleep last night.

They were told to return later and they would be housed for the night at the Philadelphia General Hospital. When they returned, Acting Lieutenant Davis vacated his room and turned it over to the evicted family.

Mrs. Maulo and her children were left in the station this morning, and left immediately to search for a house.

INJURED LEAVE HOSPITALS

Wildwood Boardwalk Collapse Believed Due to Wet Weather Hundreds of babies narrowly missed death or injury when the boardwalk collapsed at Wildwood yesterday, just as the children were playing on it.

As it was, many spectators and some of the larger children received painful injuries.

All the injured treated in hospitals were released.

As a result of the accident the parade has been indefinitely postponed.

Opinions as to the cause of the accident. The wet weather may have caused the boards to pull away from the supports to which they were nailed, or the walk may have been weakened by being believed to have weakened the structure. A bond issue for \$50,000 to rebuild the walk from Cedar avenue to Montgomery avenue was authorized June 12 by the city commissioners.

TODAY'S MARRIAGE LICENSES

Herbert A. Fogel, 706 S. 4th st., and Rae F. Adams, 428 N. Warrick st.

ASSESSING AGED WOMAN VOTER

Mrs. Anna Wilkins, eighty-seven years old, was assessed today at her home, 230 Camac street. The aged woman's son, William, assisted her in answering the questions of Assessor James W. Rogers, of the Ninth division of the Tenth ward.

Mrs. Anna Wilkins, eighty-seven years old, was assessed today at her home, 230 Camac street. The aged woman's son, William, assisted her in answering the questions of Assessor James W. Rogers, of the Ninth division of the Tenth ward.

AGED WOMAN INTENDS TO BE FIRST AT POLLS

Mrs. Wilkins, 87 Years Old, Assessed Today. Helped Susan B. Anthony and Dreamed Fifty-five Years of Voting

There is no more enthusiastic suffragist in the city than Mrs. Annie Wilkins, eighty-seven years old, 230 North Camac street.

Mrs. Wilkins has lived in the Tenth ward all her life, and at her present address fifty-five years. She is the widow of George C. Wilkins, one of the organizers of the Republican party in Philadelphia, and a staunch admirer of Fremont, the first Republican candidate for President.

All her life Mrs. Wilkins has advocated suffrage. When James W. Rogers, the assessor for her division, called to enroll her as a coming voter she said: "I just can't wait until it's time for me to go to the polling place next door and cast my vote for Harding. My husband was a Republican all his life, and I am so happy to think that now we women have the right to vote which was so long denied us. I can vote the straight Republican ticket and help end some of the strange conditions that have arisen the last few years."

"I am a property owner, and years ago, when Susan B. Anthony was so active, I became one of her helpers in Philadelphia, and through all the years I have clung to the hope that some day we women could go to the polls with the men and help make things better."

"I wish I weren't so old because I would like to go to the station today and help welcome Mrs. Cady. She is my grand woman and I think she has carried on Mrs. Anthony's work nobly. But when one reaches my age it is difficult to get about, so I must sit home and read what's going on in the papers."

"But with the polls so handy I will be able to do so, and I desire that I have been foremost in my heart for fifty-five years; that is, be the first woman in my ward to cast her vote. And, you see, I will get up extra early on November 2 and the men in the polling place will have to wait while I put my ballot in the box."

POKER PLAYER COMPLAINS

Says Men Gained \$170 By Cheating. One Is Arrested

A lodger who told the police he had been victimized in a poker game caused the arrest last night of Charles Trotter, who had a room in the same hotel on North Tenth street.

The complainant, Edwin Amundson, alleged the hotel proprietor, whom he said was a William Reed, and Trotter coaxed him to play and that he lost \$170. Amundson said a fourth man stood back of his chair and signaled the value of the cards he held.

Trotter today was held in \$800 bail for a further hearing Friday by Magistrate Grellis in the Eleventh and Walnut streets station. Police are searching for Reed.

PLAYGROUNDS CLOSING

Exercises Being Held Today Preparatory to End of Season

The playgrounds under the direction of the Board of Public Education will close next Tuesday. Also, exercises today are the Hanna, Fifty-eighth and Media streets; Harry, Fifty-eighth and Race streets; M. Hall Stanton, Sixteenth and Cumberland streets; Heaton, Fifty-fourth street and Lansdowne avenue; Childs, Seventeenth and Tasker streets; Tasker, Ninth and Tasker streets; Lady, Forty-second and Thompson streets; Bryant, Sixtieth street and Cedar avenue; Walton, Twenty-eighth and Huntingdon streets; J. Wilson, Twelfth and Wharton streets.

WOMEN CHARGE INCIVILITY

Assessor Declared to Embarrass Fair Voters by Rudeness

Complaints were received at the Republican women's committee headquarters, 508 North Broad street, today from many women in the Twenty-second ward of incivility on the part of one of the Germantown assessors.

Officers of the committee refused to reveal the division of the ward or the name of the assessor, pending investigation. They said they would complain to the county commissioners, and ask that the charges made by Germantown women be run out, and the assessor removed if found guilty.

The women say this assessor has made it plain to every woman he approached that he strongly disapproved of suffrage, and asked his questions in a rude tone. Some of the questions to which he demanded answers, the women said, were unnecessary and embarrassing, in some instances to the point of insult.

It was announced at the headquarters of the women's committee that Mrs. Walter S. Thomson, the chairman, has named Mrs. John H. Mason as one of the vice chairmen of the committee. Mrs. Mason was vice chairman of the women's Liberty Loan committee. She is just back from two months abroad.

FARMER LABOR PARTY TO FORM HERE

The Farmer Labor party is endeavoring to organize in Philadelphia. A mass-meeting for that purpose will be held Sunday afternoon in Bocklajew's Hall, 707 North Broad street.

The first campaign speech by a Pennsylvania candidate for the United States Senate will be made by Robert J. Wheeler, of Allentown, the nominee of the Farmer Labor party.

EDDYSTONE HEALTH IN STATE'S CHARGE

Commissioner Also Assumes Control in Ridley Township, Charging Local Inefficiency

LEIPER'S FLATS BLAMED

The State Department of Health, through Commissioner Edward B. Martin, has taken over the regulation and administration of health laws at Eddystone and in Ridley township.

Notice has been served upon the borough council of Eddystone and Ridley township commissioners, both in Delaware county, "that in accordance with the provisions of the law the commissioner has entered upon and taken full charge of and will administer the health laws, regulations and ordinances in the said borough and township and will continue to do so until a competent, efficient board of health has been appointed and qualified for said borough and township and is ready, able and willing to assume and carry into effect the duties imposed upon it by law."

"The cost of the actions incurred is to be charged against the boroughs and township."

Notices also have been served on the Lemoyne borough council, Cumberland county, and Elco borough, Warrington township. They were served through the legal department of the State Department of Health.

Mayor David S. Heiser, of Eddystone, explained today that the action of the state board was undoubtedly due to the existence of a negro settlement known as "Leiper's Flats."

"This settlement is just on the edge of Eddystone borough," he said, "most of it being in Ridley township. Two or three houses are on our side of the Telford-Chester pike. Our borough line is in the center of the pike, and at Ridley creek. The balance of the flats is on the other side of the pike. It is really in very bad sanitary condition, a regular slum. We have had lots of trouble with the place. The man who owns the shacks should be prosecuted for permitting such conditions."

"The state board has admitted our side is not so bad. Our Board of Health, volunteer organization, met last night. We are on the other side of the pike. Our borough is the cleanest in this section of the state. Local politics may have resulted in our borough being included in the other side of the pike. It is politically factions here. The other side is really aiming at our health officer and he only gets \$75 a year."

CLERK VANISHES

Public Works Employee Missing From City Hall

Robert H. Cicchitti, a clerk in the paymaster's bureau of the Department of Public Works, was yesterday reported to Director Caven as having vanished from his \$4-a-day job in the most mysterious manner.

According to the director's office record, he appointed Cicchitti a clerk in the paymaster's bureau of the Department of Public Works, on August 13. He applied for civil service examination August 5, was listed as eligible August 5, was recommended by Harry Trainer, appointed August 13, and "disappeared" after lunch August 20.

"The city owes him \$12 for three days' work, if he ever comes to after it," it was stated at Director Caven's office. "He was under no official charges. He has not been discharged and has not resigned. He was formerly listed eligible for hoseman in the Vane-Smith Civil Service Commission, No. 2 on the list, but the new commission declared him under height, and removed him from the list and refused to certify his name to Director Cortelyou."

"After the Vares were beaten, he went over to the Republican Alliance headquarters in South Philadelphia. The reason why he has quit his job now is beyond us."

Cicchitti gave his address as 914 South Twelfth street, but an effort to find him at that address failed last night.

POWERHOUSE ON FIRE

Overheated Smokestack Causes Blaze on Roof of Building

An overheated smokestack caused the roof of the Irwin, Leighton Construction Co.'s powerhouse, Summerdale street and Roosevelt boulevard, to catch fire at 11 o'clock this morning.

The company built their powerhouse to operate a repairing apparatus used for the erection of the new Sears, Roebuck plant, nearby.

The six large boilers in the powerhouse caused such an intense heat that the smokestack, becoming hot, set the wooden roof on fire, causing \$500 damage. The powerhouse is a one-story frame building.

ONE FLIGHT UP SAVES MONEY

46th Ward Committee to Meet

An important meeting of the Harding and Coolidge campaign committee of the Forty-sixth ward, will be held this evening, at 8:15 o'clock, at the Carnation Club, 280 South Fifty-second street, according to an announcement made by Harry A. Mackey, president of the ward organization.

CHILDREN GO ON OUTING

Three Hundred Little Ones Taken to Swarthmore for Picnic

Three hundred children from the center of the city were entertained by the Prison Welfare Association with an automobile ride to Swarthmore this morning, an all-day picnic in the cool of the evening, and a return to the city by automobile.

Dr. S. P. Ross, president of the association, arranged for the automobiles, which took the children aboard at Eleventh and Winter streets. The children were received at Swarthmore by a delegation of women and marched to the field where the picnic is being held. There are sandwiches, milk and ice cream, everything having been donated with the exception of the ice cream, which was bought.

Games of various sorts have been arranged and Doctor Ross expects to have the children back at their homes by 9 o'clock tonight.

FRIENDS MOURN J. B. ANDRES

Former Philadelphia Fireman Dies While on Fishing Trip

In the midst of their mourning over the sudden death of Jacob B. Andres, a former assistant chief of the Philadelphia Fire Department, volunteer fire-fighters at Somers Point today said "Chief" Andres probably would have picked just that way if it had been possible for him to choose the manner of his going when death called.

Since his retirement from active service with the Philadelphia department and his removal to Somers Point about twelve years ago, "Chief" Andres had been an inveterate fisherman. He was having a great time yesterday, in his own boat out at the mouth of Great Egg Harbor, opposite Somers Point with a party of friends who are equally ardent fishermen, when he suddenly gasped, smiled and fell over dead in his seat. A powerboat from Ocean City was signaled and towed the Andres craft to Somers Point.

Mr. Andres had been chief of the Somers Point fire department for a number of years and raised the force to a state of high efficiency. He was sixty-seven years old. A widow survives him.

ALLEGED SWINDLER HELD

Fourteen Tailors Say Prisoner Stole Clothes—Lieut. Starts Something

Fourteen tailors appeared this morning against Louis Brodsky, twenty-six years old, of 527 Pine street, accused of the theft of suits of clothes.

Isaac Samochwiski, a tailor, of Forty-fourth and Ludlow streets, caught the man when he came into his shop, picked out a good suit of clothes, slipped it, paid the repair bill, and walked out with it. The suit, it is claimed, was not his. The other tailors declared they had been victimized in a similar manner. Brodsky was held under \$5000 bail for court by Magistrate Harris at the Thirty-second street and Woodland avenue station.

Acting Lieutenant Latta, of the district, when attending the hearing, hung his hat over a lighted gas jet. The smoke put a stop to the hearing until the cause was discovered.

MAYOR IS NEARING HOME OF HARDING

Moore Speeds Into Ohio in Motorcar—May Invite the Nominee Here

FOLWELL LIKES SITUATION

Mayor Moore is traveling by automobile through eastern Ohio today and politicians believe he may be on his way to Senator Harding's front porch.

Philadelphia leaders believe the Mayor's mission is to extend a personal invitation to the Republican nominee for President to visit this city and deliver an address before the senator and Mayor are old friends.

Mayor Moore spent part of yesterday at Pittsburgh and last night crossed the line into Ohio.

"The Mayor is traveling west," said Dorell Shuster, his private secretary. "It is fine weather for motoring in Pennsylvania and Ohio, and the Mayor may go to Marion."

William H. Folwell, treasurer for Pennsylvania of the Republican National Committee, who has just returned to the city from a conference in New York with National Chairman Hays, explained Mr. Folwell is commenting upon his particular line of activity. "We seek the co-operation of all citizens, men and women, who believe the success of the Republican candidates at the coming election is the best thing for our state and nation."

"The ready response of those who have undertaken to organize a Harding and Coolidge citizens' committee in this city is gratifying. I should be pleased to co-operate with all who unite in this movement as well as all others in other sections of the state who similarly enlist in the cause of the Republican national candidates."

P. R. T. CHANGES ROUTE 44

The Philadelphia Rapid Transit Co. announced yesterday the re-routing of Route No. 44, westbound via Twenty-third street to Spring Garden, and then over the regular route. The change was made necessary by the rebuilding of

the bridge over the Schuylkill river.

POLICE CHECK ELOPEMENT WHEN MEN START QUARREL

Brother of Bride-to-Be and Fiance Disagree as to Details Regarding Finale of Romance—Held in \$1000 Bail

The elopement of eighteen-year-old Miss Marsico and Peter Bruno, which was planned yesterday with much care, met with disaster.

Instead of a happy honeymoon amid mountains of Virginia, the couple are in City Hall cells, wondering who the fellow who wrote that "love laughs at locksmiths."

Miss Marsico lives at 3603 Princeton street, and Bruno at 7133 Keystone street, Frankford.

They have known each other for several years. It appears that the parents of the girl were strongly opposed to her marriage. She was urged to wait and think it over. But neither she nor her sweetheart could view the matter in the light.

Miss Marsico sought the advice of her brother-in-law. Even his indication, it seems, could not prevent the elopement. After a council of war, at which the brother was present, it was decided that the sweetheart's elopement was agreed with carrying concealed weapons.

The girl was held until the case could be investigated.

Atlantic and the Difference

The difference in cost between Atlantic Motor Oils and the other kind is twenty cents a gallon. The difference in performance is long wear and big mileage against gummed parts, scored cylinders, worn bearings—and wasted power.

ATLANTIC MOTOR OILS

Atlantic Medium and Atlantic Polarine are made with scientific care, for motors. And they're made so well that you can leave all the mystery, all the technicalities to chemistry and engineering and just drive and forget the rest.

For all lubrication requirements of car or truck stick to one of these first class oils. Ask for Atlantic Medium or Atlantic Polarine.

THE ATLANTIC REFINING COMPANY

The Most Beautiful Car in America The Most Serviceable Truck in America

PAIGE

Automobile design and construction is now so advanced that practically all reputable makes are well worth their price. Why then, if our treatment of customers is not superior, is the Paige the most popular car in its class in Philadelphia?
