

Only Two Days Left of the August Furniture Sale—But There Is Unlimited Opportunity

Written the day before the proclamation of the Secretary of State.

Hearty Congratulations to All

the splendid women of America, and especially the efficient committees of Philadelphia and Pennsylvania, who stood the storms of opposition and succeeded in amending the Constitution of the United States to give

Women the Right to Vote

For many long years past the old men, the rich men, the slackers, who never vote on a rainy day, have left the elections in the hands of the millions of young men of the cities, states and the nation.

The Coming to the Front and Staying There of the Noble Women of Each State

has brought on this day of a just and righteous freedom, which has dawned upon the United States.

It ushers in the new era devoutly prayed for.

It raises a golden Star of Hope in the sky, that means much to the world around, which has been laboring and fighting for a Golden Age to come to manhood and womanhood. May it not be that the wise men of the East will again follow the star and find in the United States the answer to their prayers?

Great opportunities beckon!

The horizon enlarges itself to make room for enlarging souls bent upon the making of the new world, that Theodore Roosevelt preached about, fit

For Every Man and Woman to Live In

The serious and difficult questions yet to be settled by patient and hard thinking will be faithfully met and adjusted in time and experience.

There are men still living who can be safely trusted as of the spirit and wisdom of the Fathers of this Republic, who found a George Washington, as later the people found Abraham Lincoln, Thomas Jefferson and Theodore Roosevelt in their needs.

Are there not dangers ahead?

Most assuredly there are, but not as great as the perils which we have lived through, when demagogues and corruptionists of political parties held sway at times since the revolutionary days.

We are safer now than ever before and the better days are coming soon.

Wash Satin Petticoats Are Here Now

There are many reasons why women like them better than almost any other kind. One is that they wash so well, another is because they have a front and back panel and still another because they are so pretty under thin frocks and take up so little room.

This is a great furniture sale today as truly as it was on the day it began.

Now, as then, it is a Wanamaker Sale.

Now, as then, it is a great sale in the fullest sense of the word.

Viewed from the standpoint of the merchandise it is still the greatest sale of its kind anywhere.

Now, just as surely as it is the greatest sale in its merchandise, it is the greatest in its opportunities, the safest and most helpful in its economies and the most satisfactory in its service.

You may want only one piece of furniture for one particular spot or corner in a modest little home; or you may want to furnish a whole house on a splendid scale. In either case this is the one sale that can best meet your requirements because this is the one sale above all that has the one thing needed above all—the goods.

Time Is Short—All Else Plentiful

The only limitation we know of that this Sale has is in the matter of time:

If you do not take advantage of its opportunities Monday or Tuesday, you will look in vain for them on the first day of September.

Monday and Tuesday you can choose from as large and excellent a stock of furniture as we have ever had at this period, every piece of it at a saving of 10 to 50 per cent.

Monday and Tuesday you can choose from a wonderfully attractive collection of individual pieces and complete suits at reductions of one-third to one-half.

There is no such opportunity anywhere else because there is no such stock of goods to provide the opportunity:

But if you are to profit by it you must act without delay.

Women's New Sports Suits in Autumn Colorings

Wool jerseys, of course, are in the lead, and they come in the prettiest of greens, browns, heather mixtures and so on.

There are sturdy grayish and brownish tweeds, too, and many fine imported English cloths in the pastel colors that English women love. These are a trifle out of the ordinary and very smart.

One of the best things about these new sports suits is the beautiful tailoring, and there is much more difference in the styles than you'd think. A new feature is a tuxedo collar and cuffs of brushed wool plaid.

You may pay as little as \$35 or as much as \$65, but the investment in such a suit is a sound one, as every woman can tell you.
