

POLES NOW READY TO QUIT ADVANCING

Council of Defense Decides, However, to Make Exception of Galician Front

ACCEPTS AMERICAN ADVICE

Summary of special cable dispatches to today's Public Ledger, August 29, 1920, by the Public Ledger Co.

Warsaw, Aug. 30.—The Council of National Defense on Saturday discussed the question of the further advance of Polish troops and decided, according to reports in political circles, to pause for the present approximately on the lines now attained except in Galicia, where the army is making only such advances as are necessitated by the general military situation.

Enough Bread in Petrograd Reval, Esthonia, Aug. 30.—An Estonian worker arriving yesterday from Petrograd says the Petrograd Soviet has prohibited Russian workers from leaving the city. He declares, however, that while the city now has a fair supply of bread and workers are allowed all the food they can pay for, the workers are suffering great hardship, owing to the constant rise in prices.

\$5,000,000 for War Captives London, Aug. 30.—The League of Nations announces that nearly \$5,000,000 has been raised to repatriate prisoners of war still in Russia and Central Europe.

Of this sum the American Red Cross contributed \$1,000,000. Although practically all the leading nations of the world have helped to defray the expenses of bringing some half million former soldiers to their homes, the United States government officials are conspicuous by their absence.

The league announcement states that the work of repatriation is being carried on under the direction of Doctor Fridtjof Nansen, famous Norse explorer.

Germans Defy Entente Berlin, Aug. 30.—By their refusal Friday to destroy the depot of aviation material which under the treaty should have been demolished ten months ago, the Kiel dock workers have given expression to the nation-wide attitude of defiance of the Entente, which is gathering momentum daily.

Chinese Premier Breaks Tradition Peking, Aug. 30.—For the first time on record a Chinese premier has granted an interview to all the foreign press representatives.

Premier Chiu Yu Peng stated that the government's policy is first to reunite China; second, to modernize the country, stabilizing the foreign policy, introducing universal education, developing agriculture, mining and manufacturing, using foreign capital wherever necessary, colonizing unsettled territories, introducing local self-government, reducing the army, navy and civil departmental expenses.

The Peking Government University conferred its first honorary degrees on Saturday. Dr. Paul S. Reinsch, of Wisconsin, retiring adviser to the Chinese Government, was made doctor of history; Paul Painleve, French ex-premier, doctor of laws; M. Joulin, rector of the Lyons University, doctor of science, and Prof. John Dewey, of Columbia University, doctor of letters.

Republican Plan Outlined at Probe

Continued from Page One printed, and for miscellaneous objects, such as bureaus of clubs, shipping departments and distribution, freight, express, all travelling and other expenses incident to raising of money, \$880,320 was set aside.

It is my opinion that about this amount will be necessary for the national committee to spend," said Mr. Hays. "There may be expenses arising, of course, that we cannot now anticipate, but this is approximately the amount that we believe necessary."

Mr. Hays said that "at different periods different quotas have been suggested by the treasurer's office as tentative goals in the state and the state committees themselves have fixed different quotas. These are changing constantly, and always, of course, were made very much higher than anticipated. The fact is the quotas meant little."

Mr. Hays then charged that the Democratic organization had planned to finance its presidential campaign and called attention, in that connection, to the New York World of Sunday, August 24, 1919, reporting a meeting of the Democratic national executive committee at Atlantic City.

Accept Newspaper Account At the beginning of the hearing today Senator Kenyon introduced the newspaper accounts of Governor Cox's speech at Pittsburgh, charging the Republican party with raising a \$15,000,000 fund, the committee's telegram to him and the governor's reply.

Senator Reed argued that the committee's duty had been earlier set as "to find every dollar collected and expended by both national organizations. He said this course would have been followed whether Governor Cox had made a charge or not.

Without a record vote the committee received the newspaper accounts of Governor Cox's speeches at Wheeling, W. Va., Pittsburgh and Evansville.

A shorthand account of the Pittsburgh speech was also placed in the record.

TURKISH LEADER ILL

Mustapha Kemal Pasha Suffering From Malaria, but Still Bellicose Constantinople, Aug. 30.—Mustapha Kemal Pasha, head of the Turkish national government at Ankara, is ill of chronic malaria and his condition is being made worse by worry and overwork. Physicians are in constant attendance.

He refuses to see many foreign visitors, partly because of his health and partly because of a feeling that he has nothing to gain from them. He is quoted as saying, however: "I will fight to the end of the world."

OKLAHOMA NEGRO LYNCHED

Man Taken From Jail by Masked Mob and Hanged to Tree Oklahoma City, Okla., Aug. 30.—(By A. P.)—The body of Claude Chandler, a negro who last night was taken from the county jail here by a group of thirty masked men, was found early today hanging from a tree near Council Grove, about eight miles west of this city, according to a message to the sheriff's office here.

HARDING PLANNING SPEAKING TRIPS

Philadelphia May Be Included in Swing Around Circle

WILL TALK IN NEW YORK

By the Associated Press Marion, Aug. 30.—Plans for some of the speaking trips to be made by Senator Harding are nearing completion, and announcement probably will be made soon of three or four of the places out of Ohio where he will deliver addresses.

New York and Chicago are understood to be virtually certain to be on the list and the claims of a number of cities in the middle West and West are under serious consideration. Denver, Salt Lake City and Spokane mark the western apex of the swing around the circle as it now is under discussion, but the nominee has been strongly urged to go all the way to the Pacific coast and to a final decision on the request is yet to be made.

Indianapolis is considered a likely selection among the cities nearer Ohio, and there may also be a speech at Louisville. It has been suggested that the candidate pay his respects to neighboring states on the East by speaking at Philadelphia and Wheeling, but it is uncertain whether that plan will be carried out.

It is understood that either St. Louis or Kansas City probably will be given an opportunity to hear the senator, and one speech in New England is said to have been discussed. The Republican managers expect to keep the number of addresses made away from Marion within very narrow limits, and they declare emphatically that there will be no station speeches or barnstorming.

It is considered unlikely that any speaking engagements outside Ohio will be made for dates earlier than October 1, but the senator is expected to appear in St. Paul on September 8 at the Minnesota State Fair.

The nominee's list of front-porch appointments will occupy his attention almost exclusively up to the last week of September, but so far no dates have been slated for the final month of the campaign.

Arrangements for the Minnesota trip as completed today provide that Senator Harding and his party leave here on the night of Monday, September 6, and return on the following Thursday. Arriving in Chicago on Tuesday morning the nominee will spend the day in conference with Republican leaders, and will leave about 8 o'clock that evening for St. Paul, reaching there the following morning. On the return trip the departure from St. Paul will be made about 10:30 p. m. Wednesday, and there will be no stopovers.

Senator and Mrs. Harding and the members of their party will travel in two special compartment cars attached to regular trains.

SPOUL TO SEE HARDING

Leaves Tonight to Attend "Governors' Day" Conference Watkins, N. Y., Aug. 30.—Governor Sproul will leave here tonight for Marion, O., to attend a "governors' day" conference. About twenty Republican governors will be at the meeting and Senator Harding will make an address.

Several Pennsylvania state officials have been during the last few days with Governor Sproul. Auditor General Snyder came here today and accompanied the governor and party of New York state officials on a trip to Seneca Lake to the great state institution at Willard.

Governor Sproul expects to return here Wednesday.

Women Must Register if They Intend to Vote

Women to be able to vote November 2 must register. Only those whose names appear on the assessors' lists may register.

To register they must appear personally at the polling place for the district in which they live. This may be done on any one of three registration days. The first is next Thursday. The others are September 14 and October 2.

The registrars will sit 7 a. m. to 1 p. m. and from 4 p. m. to 10 p. m. each day.

If a woman has paid within two years a state or county tax and has the receipt with her she need not pay a poll tax. If she does not have a state or county tax receipt she will be required to pay a poll tax of fifty cents unless she is twenty-one years and not over twenty-two, in which case she may "vote on age" and need not pay a poll tax.

A woman who has not been naturalized will not be permitted to register unless she produces her naturalization papers or a certified copy.

If a woman's husband has been naturalized she will be permitted to register upon showing the proper proof.

Post of Registrar Asked by Woman

Continued from Page One Thursday, the first registration day, and on September 14 and October 2, the other registration days, will be distributed tomorrow morning at 9 o'clock at the registration commissioners' office in City Hall.

Summaries Due Thursday This morning seven women, wives and sisters of present registrars, appeared in City Hall for the books, but were told that although the commissioners appreciated their interest they would have to return tomorrow.

Summaries of the numbers of men and women assessed at Philadelphia will be ready for the newspapers Thursday morning. It was announced at the county commissioners' office today.

Many names have been received by Mrs. Walter S. Thomson, chairman of the Philadelphia County Branch of the Republican Women's State Committee, and by Councilman Charles B. Hall, of the women out of town, who wish to have their names put on the assessment lists. Mr. Hall is chairman of the campaign committee of the Republican City Committee, and recently offered to give any aid he could to the women voters.

Many prominent women have asked to have their names placed on the lists. Thomson, who was chairman of the Committee of 1000 supporting Judge Patterson in the last mayoralty campaign, writing from the Virginia Hot Springs, has sent in the name of his sister, Miss Helen Robins, of 2124 De Lancey street. Among other names received in this way were Miss Matilda S. Sellers, 2108 De Lancey street, who is new in the Catskills, and the Misses Louise and Emma Price, of 316 South Broad street.

Councilman Hall said that the meeting of the women leaders with the Republican campaign committee would be held Wednesday at 11 o'clock at campaign headquarters, Eleventh and Chestnut streets. He will also say that Mrs. Thomson had notified him she would attend the meeting. Other leaders among the women's organizations have been invited.

"This assessment is not fair for the women," said Mr. Hall today discussing the work of getting the women of the city assessed. "For the reason that the assessors are not as well acquainted with the women as they are with the men. For example, the division assessors know the names of the men in most cases, but do not know the names of their wives or sisters or daughters."

Andre Lefevre, the war minister, today informed General Weygand, who arrived in Paris Saturday night from Warsaw, that the government had decided to promote him to grand officer of the Legion of Honor.

The decoration is in recognition of his conduct of the Polish counter-offensive against the Soviet armies. The delegates are becoming ill because of the insanitary conditions under which they are compelled to exist.

Among those who are seriously ill is Maurice Pate, of Denver, a member of the American relief administration, who accompanied the delegation, with Herschel Walker, of Philadelphia, another relief worker, to discuss with the Soviet representatives a proposal for feeding war-stricken children.

The message says conditions grow worse each day. The delegates are permitted to walk only in certain parts of Minsk and only at certain hours. The advisory experts and the newspaper correspondents are virtually interned on the premises, occupied by the delegation.

The delegates are prohibited from reading the numerous Soviet placards at the street corners, by which the Bolsheviki constantly endeavor to incite the population against members of the Polish party. The only newspapers allowed the delegates are Soviet Communist organs.
