POMMER IS ON VARE October 2 Last Day for Paying P. SLATE FOR COUNCIL

Tipstaff Is Candidate to Succeed Late W. E. Finley-Alliance for Scanlon

OTHERS ARE IN FIELD

Vare leaders are preparing to bring out Charles J. Pommer, court tipstaff and city committeeman from the First ward, as their candidate for Council from the First district to succeed the late William E. Finley.

The anti-Vare forces, led by Josep C. Trainer, are said to be considering John F. Scanlon, Republican Alliance leader of the Thirty-sixth ward.

A conference of ward leaders in the First district will be called when the county commissioners give official ice that a councilmanic vacancy exists The First district is made up of the irst, Twenty-sixth, Thirty-sixth Thirty-ninth and Forty-eighth wards. With the exception of the Twenty-sixth, where Trainer defeated Congressman Yare for the ward leadership, the ward committees are controlled by the Vares.

Alliance Men May Fight Because of this situation, it is be ieved the Repubican nomination will be nanded to Pommer unless Scanlon or NAME MAY BE FICTITIOUS ome other Alliance candidate can swing

the committees to him. The alternative confronting Alliance leaders is to pre-empt papers for a new party with which Scanlon or another

candidate can fight to keep down the Vare representation in the city Council. Pommer, said to be the Vare choice. forty-nine years old and lives at 1421 South Sixth street. He has held political jobs for nearly twenty years.

On July 16 last year Pommer was named a magistrate by Governor Sproul floor. He was then taken to a room to fill the yearney caused by the death on the fifth floor, facing a court of \$152.25). Under the new schedule on July 46 last year Pommer was named a magistrate by Governor Sproul to fill the vacancy caused by the death of George K. Hogg. Pommer did not get the nomination for magistrate last fall and returned to his court job. Later, when another vacancy in the minor judiciary occurred, it was believed Pommer would get the temporary appointment.

Governor Sproul appointed Daniel R. of General Alvaro Obregon as president of Mexico is generally conceded as a result of the voting throughout the republic yesterday. Complete returns may not be received for several days.

Election day passed peacefully in Mexico City and nearby towns. Late yesterday afternoon no reports of trouble had been received from early assets.

Governor Sproul appointed Daniel R. Oswald to the magistracy. Rumors that the Governor had refused to name Pommer again were denied by Senator Vare. The senator asserted the Governor was ready to name Pommer, but that the latter refused to accept.

Baizley Also in Field While the arrow of the Vare choice is said to have swung definitely toward Pommer for Council, others are being mentioned for the \$5000 place. Among them are John M. Seaside Park Residents Ask for Reduction in Present Fare

Complaint, signed by a large number of residents of Seaside Park, N. J., has been sent to the New Jersey Public Utility Commission asking that the railroads be ordered to sell round-trip tickets from shore points to Philadelphia at the same price that is asked for such tickets from all points to the seashore.
At present passengers from shore resorts are obliged to pay a straight one-way fare which, under the late increase in fares, makes the amount much larger than the old round-trip tickets. complaints point out that under the late railroad bill passed by Congress the

railroads are not permitted to charge for the same service a greater price to one set of patrons than to another. and that at present the railroads to shore towns are doing this. The railroads, when under govern-ment control, established this custom at the request of the resorts, when all round-trip or cheap excursion tickets

everywhere were abolished. It was urged by the resorts that tickets to these points were in the nature of tourists tickets, and should be sold cheaper. This was conceded by the government. day for the first year of service and after the first year \$4.35 a day. Increase for Patrolmen

Patrolmen who at the present are receiving \$1428.75 and \$1647.75 a year, would, under the new schedules, receive \$1560 to \$2040, depending upon their length of service and efficiency. The minimum rate of pay would be \$1560, the intermediate rates \$1680, \$1800 and \$1920, while the maximum rate for patrolmen would be \$2040. After the system has been established a patrolmen will be advanced from one a patrolman will be advanced from one rate to the next higher after a year's service, so that aft - five years a pa-trolman will receive the maximum salary—that is, the new patrolman will start at \$1560, go to \$1680 after six months, \$1800 after eighteen months, \$1920 after thirty months and reach \$2040 at the end of his forty-second
