TO GET OUT WOMAN VOTE

Ward Leaders Want to Know Why They Did Not Register

"Canvass the assessed women in your ward and learn why they didn't register September 2." is the instruction contained in letters sent out to forty-eight ward leaders of the League of Women Voters today.

"Have them register next Tuesday, September 14, by all means," the letters advise.

Other women's organizations, including the Republican women's committee, 506 South Broad street, are working to increase interest in politics among their sex so they will qualify to vote in November.

Of 2431,000 women assessed, only between 30,000 and 50,000 estimated to have registered a week ago.

Mrs. George Piersol, chairman of the Philadelphia branch of the league, resumes charge of local activities of the nonpartisan organization today after an absence of three months. During Mrs. Piersol's absence the work was in charge of Mrs. George A. Dunning, vice chairman.

BOLSHEVIK RIFLE FORCE CUT IN HALF

Soviet Armies Suffer Severe Losses in Polish Counter-Offenses

PEACE PARLEY TO RESUME

By the Associated Press

Washington, Sept. 9.—Rifle strength of the Bolshevik army on the Polish front was reduced by more than one-half as a result of the Polish counter-offensive, according to reports received here today in official circles.

The Soviet armies, the advices stated, have suffered heavily from desertions, the total number of unapprehended deserters in Russia being estimated at approximately 1,000,000, with 50,000 at large in Petrograd alone.

On the quiet southwestern front, opposite the Rumanian lines from Tarnopol to Odessa, the Soviet government is reported to have been holding 40,000 rifles troops under the command of General Oberetsch, while further eastward on the Caucasus front the number is placed at 40,500 men.

General Kirpichin, Bolshevik commander in the transcaucasian region on the Persian-Chinese border, is estimated to have a force of 29,500 men.

Letvin has given the necessary guarantees to the Russian Soviet government, and as a result a Bolshevik peace delegation will go to Riga to meet Polish representatives, Prince Sapieha, Polish foreign minister, was notified today by George Tchitcherin, Russian Bolshevik minister of foreign affairs. The later, however, did not

TRANSIT CO. SEEKS PUBLIC'S OPINION

Mitten Gets Full Reports of All Meetings Where Sentiment Is Expressed

NO ZONE ANNOUNCEMENT

That the Philadelphia Rapid Transit Co. is extremely anxious to know the sentiment of the people about a zone fare system is evident for the reason that a close watch is being kept on all transit discussions by local organizations.

A full report of the protest against a zone fare system made yesterday by the Philadelphia Operative Builders' Association to Mayor Moore, was given today to Thomas E. Mitten, president of the P. R. T.

All the data and opinions which were

650 Aboard Koehnig Lulse Which Collides With Freighter

Lisbon, Sept. 9.—(By A. P.)—The British steamship Koehnig Lulse, from London for Brisbane with passengers, and the British freighter Loughborough are reported to have collided off this port during a fog.

The Loughborough was damaged and is leaking, but no mention is made of damage to the Koehnig Lulse, which carries 150 first-class and 500 second-class passengers.

presented at yesterday's meeting were gathered by a clerk of the company, who slipped into the meeting quietly.

In addition to recording the remarks of the builders, he recorded the replies made by the Mayor.

Incidentally, this clerk, when questioned, denied that he was connected with the P. R. T.

The transit company still declines to make known what steps it will take to obtain a fare increase. Officials of the company today called attention to the fact that the company had not officially announced that a zone system would be established.

The nearest to any definite announcement in this connection was made by Mr. Mitten last week, when he said he believed the people of Philadelphia would be willing to pay proportionately for what they received.

As a means of learning the sentiment of riders in various sections of the city conductors on many car lines are cas-

Shaving with the DUO

is as far ahead of old-fashioned ways of shaving as the fountain pen is ahead of the quill and inkwell method of writing.

Shaving with a DUO means forty winks extra slumber in the morning—and another piece of bacon at breakfast. It's a time saver. Cuts out roundabout operations.

Saves money too—in the long run, for it cuts out waste. Saves trouble. Puts an end to messiness and a lot of side accessories.

The cream's in the brush. A twist of the handle brings up enough—just enough—for the kind of rich, coaxing lather that makes it easy for the blade. "Dip in water and shave" and save. That's the DUO principle.

See it at department, drug, hardware and stationery stores. Used and sold in the best barber shops. Attractively boxed in a maroon-and-gold hinged-container \$5.00. Be sure the DUO trade mark is on every box. Extra re-fills of cream in metal containers 30 cents, at DUO dealers or direct by mail.

Our Guarantee. If any DUO LATHER BRUSH fails to work properly we will replace it with a new one.

ually questioning passengers regarding the zone fare plan.

Whether they are acting on their own initiative or following instructions from officials of the company cannot be learned. The company's officials declined to discuss any phase of the question.

Neighborhood organizations are planning meetings to make protests which will take definite shape, it is said, if the zone plan system is announced by the company.

While it is agreed that the P. R. T. needs more money, many contend a zone fare would be discriminatory and would not solve the problem of increasing revenue of the company satisfactorily.

It was reported today that some consideration was being given to a six-cent fare, but it was learned from those in touch with the affairs of the company that this rate would be sufficient

to remedy the present financial difficulties.

The company is being deluged with suggestions to solve its problem by riders in all sections of the city. Most of these suggestions, it is said, would benefit the rider.

Hit by Plank, He Bites Tongue

Frank Rogan, forty years old, of 1909 Vine street, a laborer employed by the Concrete Construction Co., at Twenty-second and Chestnut streets, was struck on the head at 6 o'clock last night by a falling plank. He was taken to the Hahnemann Hospital, where it was found he had bitten his tongue badly, as well as received a cut in the scalp. He refused to remain in the hospital after treatment.

AMERICAN STORES CO.

The Pulse of the World's Food Markets

Often, when varying conditions in the producing centers bring about the opportunity for a reduction in price, the dealer who has to buy through the wholesaler is not able to give you the benefit of the saving that should be yours. This is because the goods have to pass through the hands of several middlemen before they reach your table.

As a customer of the "Asco" Stores, your advantages are patent in our Producer-to-Consumer Plan. We act as the connecting link between your table and the producer—the farmer, the miller, the canner, the packer, etc. Our prices are affected—not by any middlemen, but only by the fluctuations in the actual food markets of the world. All intermediate profits are thus eliminated and you get the benefit in low prices.

Just give this a moment's thought—What would groceries be costing today were it not for the American Stores Co.?
