BIKE SEASON ENDS

Rain Prevents Staging of Final Drome Races
Bike racing in this city is all off for another season. The curtain dropped on the wheel sport last night, and it was a wet curtain at that. Rain prevented the staging of the world cycling derby at the Point Breeze Velodrome. The track was not very wet, but Promotor Chapman refused to allow the riders to take a chance, although they were willing.

Stetson Trims Parkersburg
Parkerburg, Pa., Sept. 9.—Parkersburg Iron and Steel Co. today came to Stetson, of the Bethlehem Steel League, by the score of 4 to 0. The game was played in a driving rain and was called at the end of the eighth inning. Stetson was the first to score, but the Iron and Steel team hit one over the left-field fence after Butts hit one over the first base.

Eddie Bareiss Suspended
Reading, Pa., Sept. 10.—For his poor pitching in the game against Jersey City, which the visitors scored seven runs in the first inning, Eddie Bareiss of the local International League club, Bareiss had been suspended indefinitely for some time, but has not listed a full name for more than a month. He has gone to his home in Philadelphia.

Stetson Girls Victorious
Before a crowd that well filled the grandstand and bleachers of the Stetson Hall Park, the Stetson Girls defeated the Schuylkill Arsenal girls by the score of 7 to 4. Both pitchers played well. Miss Mulvaney, of the Schuylkill Arsenal, striking out seven girls and allowing only three walks, while Miss Pease had to her credit eight strikeouts, permitting six to walk.

The Reason Why

THE REASON why I decided to sell \$5 hats for \$3.85 and do business without profit this Fall is a simple, straightforward business proposition.

I haven't anything up my sleeve—there's no Joker in the pack—there's no mystery about my policy, it's simple as A. B. C.

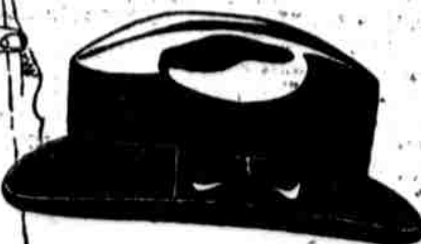

Conditions in this country have changed since I started last Spring to make hats for this Fall. At that time I couldn't see the end of high prices—but now I can see the finish.

This Fall the Public won't listen to any explanation why any article of merchandise costs more. They won't buy and pay more and I want MORE business. That's the reason in a nutshell why I'm not charging any more.

My hats were not made to sell at \$3.85. They were built to sell at \$5 and a peek in the other windows will convince you they represent unusual value at \$5.

I could have started the season with a \$5 price and when the first rush was over announced a drop when the market broke—but I'd rather have 100,000 new Customers than 100,000 new Dollars.

When this period of readjustment is over, and Prices and Profits are normal, every merchant will have to get out and hustle for business, and no one will accuse me at that time of being a philanthropist today because I'm willing to pay the price and get 100,000 new customers now.
