# LANSDOWNE HIGH STARTS FOOTBALL State Must Be Rid of Crooks,

Myers Has Large Squad-Lyster Enters P. M. C.

Lansdowne High School students look forward to a good season on the gridiron. loach Myers, who hails from the West, is the new Lansdowne tutor, and aside from the fact that he comes from the 'Show Me' state, there are reasons to believe he will turn out a winning team. Coach Myers has played football some sixteen years, and was a member of the Seventy-ninth Division

Manager William Stringfellow, the ikely quarterback, has arranged the first game of the season with the Penn Charter School eleven on October 1. Lansdowne has lost many of the star players, including Captain Lyster, who has entered Pennsylvania Military College. The cadets get a fine halfback. A captain will be elected later in the sea-

Leonard Wilcox, who was captain last year, is now at Lafayette, where he will try for the freshman team as a tackle. Damen, guard, is at Cornell, and Tom Krall, one of the star back-field players, will help to strenghten the Penn freshman eleven this season. Penn freshman eleven this season. There are three veterans who were out yesterday, and will greatly strenghten the squad. They are Bob Goodman, halfback, who has played guard and halfback, New Wilcox, the 160-pound halfback, who has also had three years' experience on the team, and Eat Brown, a backfield man, Brown played on the Lansdowne team the last two on the Lansdowne team the last two

The signal and dummy drill yesterday brought out some likely looking players. Brumfield and Korn, at ends: ers. Brunfield and Korn, at ends: Rhoades and Brown, as guards, made a good showing. Walton and Behan did good work in the backfield. Batten, of last year's team, is expected back at center. Lawnsdowne High students are enthulastic over the coming season and look forward to the games with Penn Charter, Cheltenham and Radnor which are scheduled for early in the season.

Germantown High School has suffered
a severe loss as Captain Schaeffer, the

atar halfback, has entered Virginia Poly where Coach Stanley Sutton. formerly of Germantown Academy, is rounding out the team. Schaeffer's loss is somewhat offset, however, by the lition of a Northeast High star on

addition of a Northeast High star on the Germantown squad.

Bates, the Northeast end, has to entered Germantown and will be a candidate for the team. Other former warriors are Cornog, guard; Halberstadt, quarterback; Teagen, halfback; Kaufman, halfback, and Henkles, end.

The squad is not large, but more candidates are reporting daily. Thirty candidates are actually at work on the field in back of the school. With the field in back of the school. With the exception of possibly Southern High the Germantown High School has the hardest problem of any of the Gimbel and the school has the hardest problem of any of the Gimbel hardest problem. Trenton, Sept. 15.—Charging the United States grand jury at the opening of the September term yesterday, Judge John Relistab said that information gathered by federal authorities and from other sources indicated that hun-dreds of thousands and perhaps millions of dollars had been made by the "whisky ring" operating in New Jersey. The charge was a scathing denunciation of the violators of prohibition amendment and the national probabilities are all of the properties of the control of the properties of the expressed instructions to the jurors to investigate the entire situation and to return indictments irrespective of who might be involved. MUSICAL INSTRUCTION

# CONSERVATORY & MUSIC Thirty-sixth Year Opens September 13, 1920

HE study of music should form an integral part of every one's HE study of music should form an integral part of every one's education. It is possible to go through life without a knowledge of music. It is also possible to go through life without a edge of music. It is also possible to go through life without a knowledge of literature, science and art, but who can estimate the tremendous loss to one who lacks such knowledge? True success in life means the true development of every faculty. The person of accomplishments is the one sought out and is the one who is of the most service to his fellows. Parents who fail to encourage their sons and daughters to become accomplished are not only depriving them of much of the joy and pleasure of life, but are seriously limiting their opportunities for a successful life.

Because of its distinguished faculty, original methods, individual instruction, high deals, breadth of culture and moderate cost, combined with modern and efficient management, the Combs Conservatory affords opportunities not obtainable elsewhere for a sound

# Schools for the Education of Women For the Nursing Profession

Believing that many young women would be glad to enter training schools in hospitals throughout the State of Pennsylvania as pupil nurses if they knew of the great opportunity for service and to qualify in one of the greatest professions open to women, a Committee appointed to serve in the interest of the Nurses' Training Schools, whose names appear in these columns, are conducting a campaign for the purpose of securing enrollments in this noble profession.

In the Service of Humanity

### Message on the Ethics and Practice of Nursing

"Nursing is an art, and if it is to be made an art it requires as xolusive a devotion, as hard a preparation as any painter's or sculptor's work, for what is having to do with dead canvas or cold marble compared with having to do with the living body—the temple of God's spirit? It is one of the fine arts, I had almost said the finest of the fine arts." (Florence Nishtingale)

If this is true, and who will doubt it, what an entirely satisfactory work is nursing, and yet how neces. sary that we remember we are dealing with something that requires not only our energy, our interest and our skill, but our deep reverence and highest thoughts?

A young poet killed in France, wrote. "Like the statue in Michael Angelo's lump of marble, there is a friend in every passerby, and in one there may be a new Christ," and so there may be in any human being. What Dr. S. Weir Mitchell says of the physician is true also of the nurse: "He sells that which men neither weigh nor measure, and this sets him over all professions save one, and far above all forms of mere business. What such a life makes of a man is largely a question of original character, but in no other form of occupation is there such constant food useful to develop all that is best and noblest."

The highest type only of healthy young womanhood should take up this work, for it is certainly the highest given to any woman to do. What can be greater than by skill and knowledge to help fan the feeble spark of life to the bright flame of health; to make the stiff arm supple and strong; to tide the Typhoid or the Pneumonia patient past the danger poet; to give back to the children, the mother who almost crossed the dark river; and to save the baby with all life's road before him.

Nothing can adequately pay for the skill which has brought to the bedside renewed strength, and perhaps even the "sweet boon of life?"

If she have given back our sick again.

If it a little thing that she has wrought?

Then Life and Death and Motherbood be nourth?

THE STEVENS SCHOOL

221 West Chelten Avenue, Germantown, Philadelphia

FIFTY-FOURTH YEAR

The school building has been renovated throughout during the past summer. Electric lights have been installed. Deaks and chairs of the most approved type and adaptable to the needs of the individual pupil have been purchased. A stereoplicas and a pathescope for the projection of educational moving pletures are now part of the school equipment. An unusually complete reference library has been secured. The kindergarten has been entirely re-equipped. Special care is given to athletica physical training and to the heating and ventilation of every room.

The Paculty is composed almost exclusively of college graduates with several years' teaching experience.

The curriculum is medeled after that of the famous Horace Mann School of Teachers' College, Columbia University. Attention is called to such features as the project method of teaching, provision for individual differences and active pupil participation both within and without the classroom.

The school opens on Thesdey, September 21. From Tuesday, September 14, to Monday, September 29, from 2:30 P. M. to 5 P. M. (with the exception of Saturday and Sunday) Miss Katharins M. Denworth, the principal, will be glid to meet parally malled upon request.
