

BUILDING BREVITIES

Specializing exclusively in industrial building, **ABERTHAW** brings to the manufacturer a generation's analyzed experience and with it an unprejudiced point of view. Early consultation with **ABERTHAW** will eliminate vexatious misunderstandings,—to say nothing of much money.

JAPANESE TROOPS QUIT SIBERIAN TOWNS

Viscount Uchida Denies Report of America's Approval of Saghalien Attitude

Tokio, Sept. 14.—(By A. P.)—News-papers here reported that Viscount Uchida, foreign minister, told members of the opposition party yesterday that the fact that America had not repudiated the latest Japanese note regarding the island of Saghalien was considered tantamount to American approval of the Japanese position as to the presence of Japanese forces in the Russian section of the island. It is said there that the foreign minister merely informed his callers that Japan had answered the American note relative to the presence of Japanese forces in the Russian section of the island. Reports that it had been decided to withdraw Japanese troops from Khabarovsk, Siberia, are confirmed by the foreign office. Nikolievsk is being evacuated because of the extreme cold which prevails there during the winter months. The future policy to be pursued relative to the occupation of the two cities depends upon circumstances.

Honolulu, Sept. 15.—(By A. P.)—Viscount Uchida, Japanese foreign minister, declared in Tokyo today that the "Japanese language school question in Hawaii was a serious problem and the territorial government has no right to interfere with such schools," according to a Tokyo dispatch to the Nippo Jiji, Japanese language newspaper here. His assertion was in answer to the questions of committee from the Keneiseikai, or opposition party, which called in inquiry regarding the Japanese-American situation.

Resinol does wonders for sick skins

That itching, burning skin-trouble which keeps you scratching and digging, is a source of embarrassment, as well as of torment to you. Why don't you get rid of it by using **Resinol Ointment**? Physicians prescribe it constantly. In most cases, it stops itching instantly and heals eruptions promptly. It is very easy and economical to use.

Sold by all druggists. Resinol Ointment should usually be used by Resinol Soap.

SECRETARY BAKER SPEAKS AT STATE

War Department Head Urges College Boys to Take Military Training

VALUABLE AS DISCIPLINE

State College, Sept. 15.—Secretary of War Newton D. Baker, at the opening assembly of the Pennsylvania State College this morning, urged all college men in the country to enter seriously into military training provided by the War Department in many units of the Reserve Officers' Training Corps.

A crowd of 4000 students, faculty members and town people greeted the secretary, who arrived at 11 o'clock from Harrisburg with Vanoe C. McCormick, a trustee of the college. The student military band, rapidly assembled on the opening day, headed the reception parade.

"We see one of our national problems being answered as the years go by, and the list of reserve officers increases through the R. O. T. C.," said the secretary. "We are not seeking to encourage military spirit by introducing elementary military training into colleges. Indeed, those who know most about war are those who most earnestly seek to avoid it. A national emergency command their service. In three years the R. O. T. C. movement has grown steadily. At the close of the academic year last June there were 208 senior units having an enrollment of 43,208 students, and 126 junior units with 44,777 students, and there were assigned to the training of these units more than 400 army officers. Public high schools in forty-six cities had units totaling 27,005 students last year, and this movement is growing rapidly.

"It is worthy of note that the educational system of education at many of the collegiate grade institutions affords opportunity for familiarizing the future leaders of women voters with the benefits of military training." Penn State is one of the sixty-seven land-grant colleges, and as such military training here is compulsory on the part of all students for a period of two years. They are enrolled in the R. O. T. C. upon matriculation and are given the privilege of continuing the advanced course during their last two years in college. Special training is offered in summer camps, and the graduates are eligible for commissions in the reserve corps.

"It is thought that probably 5000 represents the maximum figure which the R. O. T. C. may be expected to

provide annually," said Secretary Baker. "Assuming that the usefulness of those so commissioned will on the average continue for about ten years, it becomes evident that this rate of production must be constantly maintained. It is hoped to obtain this year about 300. This number will materially increase each year until the maximum figure is reached.

"It is expected that the principal source of procuring a sufficient number of trained men to fill the commissioned ranks in the lower grades for future emergencies will be found in the R. O. T. C. Recent legislation fixes the status of officers in the reserve corps, and it is thought that many of the 1920 graduates will apply for and be granted commissions. Last June 982 students completed the advanced course, and of these, 483 are considered eligible for commissions, the balance not yet having attained the legal age of 21.

More than 500 of the 750 freshmen registered yesterday. It is estimated that 2000 applications for admission to the college were received during the last four months.

ANTI-ALCOHOL DELEGATES

Kenyon Heads U. S. Representatives at International Congress

Washington, Sept. 15.—(By A. P.)—Senator Kenyon, of Iowa, headed the American delegation to the fifteenth international congress against alcoholism, which opens here September 21. The appointments were announced today by Secretary Colby, of the State Department, and include Representative Barkley, of Kentucky; Governor Milliken, of Maine; Dr. Howard H. Kelly, Baltimore; Rev. Father J. G. Beane, Pittsburgh; Colonel P. H. Callahan, Louisville; Dr. Howard H. Russell, Westerville, O.; Miss Anna A. Gordon, Exton, Ill.; Miss Cora Frances Stewart, Boston; Mrs. L. L. Vost, Washington.

Train Kills Three on Handcar

Corry, Pa., Sept. 15.—(By A. P.)—Three men, section hands, were instantly killed, and five other men narrowly escaped death when a special train on the Pennsylvania Railroad crashed into a handcar here today.

CHAPLIN "TIGHT," HIS WIFE ASSERTS

Could Not Get Money Out of Him With Vacuum Cleaner, Mildred Harris Sobs

DENIED FUNDS FOR HOME

New York, Sept. 15.—Charlie Chaplin, screen comedian and slapstick artist, said to be the highest-paid actor in the world, is "so tight with his money that you couldn't separate him from a cent with a vacuum cleaner."

This was the bitter characterization of the film star by Mrs. Mildred Harris Chaplin, his wife, in the course of a lengthy statement yesterday in the offices of her attorney. A few minutes after she sobbed out these words she collapsed, and was ordered by her physician to take a week's rest.

Mrs. Chaplin's mother, who is with her, said the collapse was due to the fact that her daughter had to go to work too soon after the birth of her baby. Mrs. Harris asserted that her daughter was forced to maintain her own home in Los Angeles. For this reason she was unable to give herself the proper rest and comfort.

Mrs. Chaplin said: "When Mr. Chaplin realized I was broke he refused to keep his word to me. The doctors had advised me to come East and consult a specialist. I asked my husband if he were willing to advance me \$2000 to come East. 'No,' he replied. 'Nothing doing.' 'Then I offered him my car as a pledge on a loan. He refused. Then I went to Louis B. Mayer, of Boston, head of the Mayer-Mildred Chaplin Picture Corporation, and borrowed enough to come East, but not enough to take care of me for any length of time.

"My husband originally said that the

only way I could get money from him was to get a divorce. He offered me \$25,000 as a settlement. I didn't want a divorce. All I wanted was that Mr. Chaplin come home.

Salesmanship

Learn to Be a Salesman If already a salesman, learn to be a better one. The demand for trained productive salesmen is unlimited. Fall classes start week of September 20. Call, phone or write for details.

me, namely, 50 per cent of all that Mr. Chaplin has earned since we were married, but just 50 per cent of the proceeds of his last picture, 'The Kid.' 'If my husband were willing to work, he could earn \$25,000 a week. Under a previous contract he was earning \$15,000 a week.'

After consultation with her counsel Mrs. Chaplin decided to seek merely a money settlement, not a divorce. Her attorneys have served notice on her husband's lawyers of a lien on Chaplin's picture, 'The Kid.'

QUITS SCHOOL TO WED

Girl Starts for West Chester Normal, but Changes Mind

Scranton, Pa., Sept. 15.—Miss Helen France kissed her uncle, H. A. Lacey, good-bye at a train ostensibly to go West Chester to enroll as a student in the normal school. The uncle got a surprise the next day, when the niece telephoned from

Messoppen that she had changed her mind about going to school and had married W. Boyd Carter, of Messoppen, instead.

SEPTUAGENARIANS TO WED

New York, Sept. 15.—A wedding in which the bride and groom are both septuagenarians is all more than seventy years old will take place here this afternoon when Mrs. Martha Gabriel Blotner is married to Edward Remsen Teiler, a widower.

Founded in 1865

The House that Heppe built

Inaugrated the One-Price System in 1881

Downtown—1117-1119 Chestnut Street Uptown—6th and Thompson Streets

The most marvelous of all musical instruments is the Duo-Art Pianola-Piano.

The Duo-Art will play exactly as a great artist plays. Every degree of expression is accurately reproduced.

The Duo-Art is made only in five pianos, all on sale at Heppe's. They are the Steinway, Weber, Steck, Wheelock and Stroud.

Prices range from \$395 up. Settlement may be by cash or charge account or rental payment plan.

Call, phone or write for catalogs.

The Heppe Piano, as most musicians know, is the only Upright piano made with three sounding-boards. This is a patented construction.

Prices range from \$495 up. Settlement may be made in cash or by charge account—or by the Heppe Rental-Payment Plan which applies all rent toward the purchase price.

Call, phone or write for a catalogues and full particulars.

AUTO REPAIRS

The Motor That Passes Them By

It is a fact that the continued use of Atlantic eliminates those minor yet expensive repairs that are due to poor gasoline. And because you get extra miles from every gallon, Atlantic is doubly economical.

Atlantic is scientifically proportioned. The highly volatile elements, so necessary for quick combustion and pick-up, are skillfully combined with the less volatile but powerful components of gasoline. Every drop burns.

Atlantic gives extra power to meet any hill or rough spot easily. It increases speed on the straight-away. It is all power. None is left to trickle past piston rings and dilute your oil.

You will appreciate the Atlantic range. For different altitudes and weather changes do not affect it. Once your carburetor is properly adjusted, it is set for the season.

By the constant use of Atlantic, you can reduce carbon formation to a minimum. All Atlantic Gasoline is refined to a definite high standard. You can always depend on its quality. The Red Pump tells you the place to fill the tank with
