Allen's French Hair Nets

"Slippon" Cap Shape
"Import Special" Straight Shape
10c each, \$1.00 a dozen

Are Accompanied With Our Guarantee

When buying Hair Nets women should know that a perfect net must not only be without a break but be correctly shaped and the right size and shade. Allen's Hair Nets are carefully examined and all imperfect ones discarded.

We sell so many hair nets that occasionally an imperfect net may escape our notice, therefore every hair net bought at Allen's found to be imperfect will be cheerfully replaced with a new net. We also guarantee our hair nets to give reasonable wear.

Allen's French Hair Nets are of the old original quality, our own importation, and quality considered cannot be duplicated anywhere at the price. Hair Nets can be sold at almost any price according to the number of imperfect ones found in each dozen. Before buying hair nets in any store ask whether the imperfect ones will be replaced.

LLOYD

Our Aim:

And the Action of Our Rapid-Fire Gun
"Faster production" is the need of the world today; and faster production of lumber is our aim in establishing a new concentration-yard at Sumter, S. C., right in the midst of the largest group of Southern lumber-mills.

Four lines of railroad intersect at Sumter; and at this centre we are always gathering large stocks of building lumber of all the needed sizes, ready for quick shipment, like ammunition for a rapid-fire gun. If you order lumber for a building operation from us, instead of waiting for weeks to get it cut, we can usually fill the order from our Sumter stock, and ship it at once. If any size is lacking, we can get it quickly at Sumter.

Our aim of "faster lumber production" is thus realized by our Sumter concentration-yard. Before you build, learn all of its advantages, and be prepared to make good use of them.

Some day you'll build. If you want the work finished on time, see that the lumber comes from LLOYD.
