Senator Would Force Rival to Shoulder Responsibility for Wartime Extravagance

PREPARES FINAL SPEECHES

Marion, Oct. 25.—Senator Harding began the last full week of the campaign with another day spent at his desk at work on the usual public utterances with which he will rest his candidacy.

The speech to be delivered Saturday night at Columbus occupied the nominee's major attention, though it was said that some date early, possibly for the three he will deliver during the week at Cleveland, Akron and Cincinnati.

In all of these addresses he is expected to reiterate again his position on the domestic policies he has advocated in the course of the campaign.

The Republican nominee issued a statement yesterday in which he charged that the Democratic party had failed to give the voters a clear answer upon the predominant issues of the campaign.

The candidate's statement was viewed in Marion as a move to force Governor Cox to shoulder the full load of responsibility for the mismanagement of the affairs of the government under two terms of Woodrow Wilson.

Senator Harding's message follows: "I believe that the men and women of this country are entitled to receive from any candidate a clear answer upon the predominant issues which affect the future course of America."

"I call upon the Democratic party to answer the charge that its management of domestic affairs has brought us to the brink of an industrial crisis in 1918 from which only a narrow escape has been secured."

"I have made no answer to the charge that the Democratic party has prepared for peace and reconstruction."

COY BELIGNS HOUR OF WEST VIRGINIA

Democratic Nominee Expresses Confidence as He Invades "Doubtful" State

TRUMP CARDS PROMISED

En Route With Governor Cox, Oct. 25.—West Virginia today was visited by Governor Cox in opening the last full week of his presidential campaigning. Nine addresses in this so-called "doubtful" state were on the Democratic candidate's program today, beginning with an early morning speech at Hinton and including an afternoon address at Charleston and a night meeting at Huntington.

That several trump cards were ready for the campaign's wind-up was promised by the Democratic management. The League of Nations issue, however, it was said, would continue the chief appeal to voters by Governor Cox and other Democratic speakers.

The governor's West Virginia effort today was the second in the state and followed his speech in Madison Square Garden last Saturday night at New York, where he stressed business arguments for the league and for the first time alluded to the "doubtful" nature of the state on reservations.

The candidate was to make rear-plate addresses today at Beckley, Mount Hope, Fayette, Montgomery, Cabell, Creek and St. Albans. Tomorrow the governor will speak at Kenova, W. Va.; Ashland, Ky.; and Portsmouth, O., with a night meeting in Cincinnati.

Washington, Oct. 25.—"We've got 'em on the run. Watch them howl and whine and wiggle this week!"

Such was the salutation of Governor Cox as he stepped into Washington last night for a forty-five-minute stay on his way to West Virginia.

A crowd of several thousand thronged the rotunda of Union Station when the Democratic candidate arrived in the national capital. Demands for his appearance were so insistent that Joseph P. Tumulty, secretary to President Wilson, persuaded Governor Cox to leave his car and speak a word of greeting. Governor Cox expressed "deep gratitude," but said he would violate the prohibitions of the Sabbath by saying more than that.

New York, Oct. 25.—After a forty-hour visit which his campaign managers declared had "won New York," Governor Cox left here yesterday for the last week of his campaign speaking before the presidential election.

Before entraining for West Virginia and thence to Indiana, Kentucky and Ohio the Democratic candidate for President expressed his confidence in the outcome of the campaign.

"Frankly, I expect to be elected," the candidate said in one of his five speeches Saturday, and yesterday he reiterated his confidence in the league which he respects to him and to Mrs. Cox at the hotel in which they stopped here.

Roosevelt Urges Printing Covenant

Hyde Park, N. Y., Oct. 25.—Franklin D. Roosevelt, according to all newspaper reports, is expected to publish without "partition" interpretation the full covenant of the League of Nations in order to make it more widely known.

Mr. Roosevelt attended church yesterday morning and passed the rest of the day quietly in order to rest up for the final week of the campaign.

Several addresses have been scheduled for him in New York city today. He will appear at the Lincoln Garden in Brooklyn and then go to Maryland for a day's campaign. Thursday will be passed in New Jersey and the rest of the week in Chester county and possibly Connecticut.

White's Figures Give Safe Margin to Cox

New York, Oct. 25.—George White, chairman of the Democratic national committee, in a statement yesterday forecasting the result of the election, said that the Democratic party will have 256 electoral votes, "as good as counted," the Republicans 164, and that the Democrats will win a majority of the remaining 111.

"Governor Cox and Mr. Roosevelt," he said, "will have 222 electoral votes east of the Missouri river and thirty-four west of the Missouri river, a total of 256 as good as counted. This is within ten of the number necessary to elect the Republicans have 164 which I regard as good as counted for them. This leaves 111 votes in contest. In the decided swing now in progress toward the Democratic ticket we will carry the majority of this 111, a very comfortable victory, indeed."

Member of Italian Mission Left Ship at African Port—Body Found Later

Genoa, Oct. 25.—(By A. P.)—On the arrival of the Italian steamship *Principessa Mafalda* from Buenos Aires yesterday, the police made investigation concerning the tragic death of Prof. Mario Mazzie, a member of the Italian mission which last June visited Brazil.

Signor Pinotti, Mazzie's secretary, said that when the steamship arrived at Dakar, October 14, the professor, an enthusiastic sportsman, landed for a hunting expedition, promising to return before the ship departed.

Dr. Thompson was re-elected by the Board of Education under provisions of the state retirement act, and Dr. John Louis Haney was appointed in his place for temporary.

entire party on the issue of the league. The Democrats claim to have regained a good many of the disaffected Irish. And the probability is that they have made some progress in this direction during the last few weeks. It is one of the recent gains.

In some states where the Democrats have a chance to elect United States senators or governors and where the Democratic organization is strong, progress has undoubtedly been made which will aid the national ticket. Tennessee, Indiana and Ohio and Michigan. He has made a fine campaign to elect himself senator, and one of the consequences is that Cox is stronger in Indiana than he was a month ago.

Birmingham, Oct. 25.—Up to 11 o'clock today, no further information has been received from any of the balloons which left here Saturday afternoon, and it was presumed by aero club officials that the remaining six balloons were still in the air. The press balloon "Birmingham" landed yesterday at Brownsburg, near Effingham, Ill.

Civil War Hero Killed

Gen. Rous C. Hawkins, of Famous "Zouaves," Struck by Auto

New York, Oct. 25.—(By A. P.)—General Rous C. Hawkins, who won fame during the Civil War as commander of the "Hawkins" Zouaves," died at St. Vincent Hospital here today from a fractured skull suffered last night when he was struck by an automobile in Fifth avenue. He was eighty-nine years old.

General Hawkins was born in Pomfret, Vt., on September 14, 1831, coming to New York in 1851, where he took up the study and practice of law. At the outbreak of the civil war he organized the Ninth New York Infantry and was elected colonel of the regiment which took the name of the "Hawkins" Zouaves. Under his command the regiment won high honors with the Army of the Potomac, and in 1865 Hawkins was brevetted a brigadier general for meritorious and valuable services during the war. The general was also known as an art collector and author.

BRITAIN BELIEVES STRIKE NEAR END

Government and Coal Miners Expected to Reach Compromise Settlement

EXPERTS COMPILING DATA

By the Associated Press

London, Oct. 25.—Premier Lloyd George and members of the government this morning conferred with government experts concerning a new set of figures for wages of the coal miners and production in the coal industry. Later the government leaders and representatives of the miners met and continued the negotiations begun Sunday for a settlement of the miners' strike.

It is believed an arrangement will be reached by which each side can at least claim it has not yielded its main contention. It is asserted Premier Lloyd George will submit proposals which he hopes will make an increased output of coal so certain that it will be possible to grant immediately the increase of wages demanded by the coal diggers. Miners' leaders are quoted as saying they are confident the government will before long find a way to concede the miners' claims.

Newspapers of this city continue hopeful, for the most part, and express relief as the national union railway men decided to defer calling a strike. Such action, it is understood, will not be taken before Wednesday. The labor conference, which was called by the parliamentary committee of the Trades Union Congress, will meet on Wednesday and there are indications that a railway strike, even if eventually called, may be rather half-hearted. Many messages from local branches have to have been received at the headquarters of the union, expressing hostility to the idea of a strike.

It is said that until a ballot of the workers has been taken in the strike of J. H. Thomas, secretary of the National Union of Railway Men, will certainly influence a large number of the members. In a speech delivered Sunday, Mr. Thomas, while expressing sympathy for the miners, warned his audience of the dangers of a strike, which he said he might lead to the downfall of all of us. He declared he was firm in his determination not to lead such a strike.

FEAR LYNCHING ATTEMPT

Feeling High in Malvern Against Slayer of Constable

The inquest into the death of Deputy Constable William King, of Malvern, Chester county, shot and killed yesterday while endeavoring to arrest William Knight, a negro, on a charge of robbing and assaulting the constable, occurred at the Malvern coroner's court today. The coroner, R. J. Jones Patrick, of West Chester, who is empanelling his jury today, as far as known a negro inmate of the house where the killing occurred was the only person who witnessed the murder, and he is being held as a material witness.

King will not be taken to the hearing because of the high feeling against him. He will probably not be taken to Malvern for a hearing before Justice of the Peace Maxwell Clower, who held the inquest, and later discovered that the automobiles were recovered by the police afterwards.

A machine belonging to Brook Jones, 1447 Main street, Manayunk, was stolen Saturday near his residence. The car, valued at \$1200, was later recovered at Napa street and Lehigh avenue by Patrolman Conroy of the Twenty-sixth and York streets station.

Albert Prutz, 3520 North Gratz street, left his automobile in front of his residence yesterday. He entered his house and later discovered that someone had stolen his car which was valued at \$600. It was recovered this morning by the police.

George Williamson, 1924 East Lippincott street, claimed an automobile found abandoned at Richmond street and Allegheny avenue. The machine was stolen from Frankford avenue and Lehigh street. It is valued at \$200.

An automobile belonging to Jacob L. Capan, 5238 Chestnut street, and valued at \$2000, was stolen yesterday. Henry Kolsky, 6207 Pine street, parked his car at Thirty-third and Spruce streets, Saturday afternoon to witness the football game on Franklin Field. When he came out of the stadium the car was gone. It was recovered this morning by a patrolman Hayes, of the Twentieth and Federal streets station, at Twenty-sixth and York streets.

An automobile belonging to G. M. Greene, 2024 North Twenty-third street, and valued at \$1700, was stolen last night from in front of his residence.
