

### ROOSEVELT DAY PLANS COMPLETE

Reception Committee Will Escort Widow and Son to Dedication of Boulevard

2 LUNCHEONS TO BE GIVEN

Plans were completed today for the exercises in this city tomorrow in memory of Theodore Roosevelt, including the dedication of the Roosevelt boulevard.

A reception committee of fifteen will meet Mrs. Theodore Roosevelt, widow of the former President, on her arrival at Holmesburg Junction at 11:35 o'clock tomorrow morning. She will be escorted by Mayor Moore to the circle at Roosevelt boulevard and Broad street for the ceremony of dedicating.

With Mrs. Roosevelt will be her son, Captain Kermit Roosevelt, and Mrs. Kermit Roosevelt.

Franklin Spencer Edmonds, chairman of the executive committee of the citizens' Roosevelt commemorative committee, yesterday sent notices to the other fourteen members of the committee to meet at his office of Mayor Moore at 10:30 o'clock tomorrow morning. The Mayor has provided a number of automobiles for their use in meeting the Roosevelt party.

**Committee Members**

Besides Mr. Edmonds, the members of the reception committee are: Mrs. Thomas Robins and Mrs. J. William White, vice chairmen; Owen Wister, E. J. Lafferty, Edward Bok, James Evers, James A. Flaherty, Mrs. Morris N. Gibb, Mrs. George Wharton Pepper, Clifford Pinchot, Thomas Robins, Mrs. Arthur N. Sewall, Edward A. Van Valkenburg, and Charles H. Von Tagen, secretary and treasurer.

After the arrival of Mrs. Roosevelt and her son and his wife the party will motor over the length of the boulevard, arriving at the circle about noon. Residents along the boulevard and near the circle have been requested by the Logan Improvement Association to decorate their homes with the United States colors.

A grandstand has been erected at the circle for the services, which will last probably until 1 o'clock. If the weather

### Are You Glad to Get Your Shoes Off?

At the end of the day do you feel that your shoes have helped you or hurt you? Do you look forward to the relief of getting them off?

Then you should wear Cantiever Shoes. They help you to walk or stand on your feet for long hours without tiring.

In Cantiever Shoes your feet look well and feel comfortable. You stand and walk correctly. Ordinary shoes, which turn the toes outward, throw the weight on the inside of the foot where the arch is weakest. But the Cantiever shoe has a natural inner sole line. The toes point straight ahead in their proper position. The weight is distributed without strain over the heel, the ball and the outside of the foot.

Cantiever have a snug-fitting in-step which is drawn up, when you pull the laces, to give the arch and tender support. The shank does not bind the muscles as do metal appliances or rigid-soled shoes. It flexes with the foot, allowing the muscles freedom to exercise. Cantiever correct and prevent fallen arches by helping the foot grow strong from use.

This graceful boot is made in black kid, brown kid, brown calf, or white canvas. Also in brown or black kid with cloth tops.

Good looking, trim lines, fine leathers. Widths from AAAA to E. Write for booklet.

is rainy adjournment will be made to the Logan Auditorium at Broad and Rockland streets.

**Mrs. White to Entertain**

Following the ceremonies Mrs. Theodore and Mrs. Kermit Roosevelt will be the luncheon guests of Mrs. J. William White, at 1810 South Rittenhouse square. Captain Roosevelt and Lawrence P. Abbott, editor of the Outlook and a close friend of the late colonel, will be luncheon guests of Thomas Robins at 1719 Locust street.

Mr. Abbott will deliver an address at the exercises. Both luncheons will be quiet, informal affairs, in keeping with the sentiment of Mrs. Roosevelt. She and her party will return to New York on the 6 o'clock train.

Mayor Moore will deliver the dedicatory address at the circle. There will be talks by Mr. Abbott, by President

Man Kills Himself With Gas

Jacob Lettiss, forty-nine years old, of 2141 South Fifty-seventh street, committed suicide last night by inhaling gas in his home. His wife notified the police of the Thirty-second district, who took Lettiss to the University Hospital, where he was pronounced dead.

## Clean your crankcase

The maker of your car warns you to do this every 500 to 800 miles. He knows the damage that oil—dirty and thinned-out by gasoline—will cause your engine and the price you must pay in lost power and in repairs.

Go to a reliable dealer or garage. Have the old contaminated oil removed and the crankcase and engine thoroughly cleaned. You are then ready to have the reservoir filled with the correct type of SUNOCO—the oil that eliminates carbon troubles.

The chief cause of oil contamination is leakage of raw gasoline through an imperfect piston-ring seal—the result of using a wrong oil.

SUNOCO—with its six distinct types—six different viscosities (bodies)—has the right oil to maintain a proper piston-ring seal in any design of motor, new or old.

SUNOCO eliminates carbon troubles because it is a non-compounded, wholly-distilled oil, absolutely free from carbon-forming elements, as "The Burning Test" proves.

## SUNOCO

MOTOR OIL

More than a million and a half gallons of lubricating oils per week
