

WILL NOTIFY PAUL HE MAY BE KING

Greece to Send Envoy to Prince, but Constantine's Abdication Is Required

QUEEN MOTHER SORROWS

By the Associated Press
Athens, Oct. 27.—Instructions will be sent by the government today to the Greek minister at Rome to request to Prince Paul, brother of the late King Alexander, the government's condolences and to inform him that according to the stipulations of the constitution he has been called to succeed to the throne.

Owing to the present relations existing between the Greek nation and the house of former King Constantine, the minister is requested to inform Prince Paul that before there is official proclamation of his accession to the throne, certain guarantees must be given. These include the formal and irrevocable abdication of former King Constantine, renunciation by Prince George, Duke of Sparta, of all claims to the throne, and recognition by the

new king of the legality of the state of affairs resulting from the Saloniki revolution.
Paris, Oct. 27.—(By A. P.)—Complicated problems must be solved before the situation arising from the death of King Alexander of Greece is sufficiently adjusted, it is said in well-informed circles in this city. Many solutions of the problem presented suggest themselves, and the way of meeting the questions involved is by no means simple.

"Nobody really knows how the dramatic crisis will be settled," remarks Jacques Roujon, the foreign editor of the Figaro.

"Premier Venizelos knows where he is going, but he keeps his own counsel, as always. Will he confront Europe with the accomplished fact? If Prince Paul accepts the Greek crown, it will be with the consent of his parents and probably under their influence and guidance. Premier Venizelos has bitter enemies. If he is generally supported by the population of new Greece, old Greece does not always give him spontaneous confidence.

"However clever he may be, there are certain perils he cannot avert."

It is pointed out here that it is not necessary that a son of King Constantine become king of Greece to keep the throne in the dynasty. King Constantine has four brothers, all of whom might be looked upon as eligible. They are Prince Christopher, who recently married Mrs. W. B. Leeds, an American woman; Prince George, whose wife is Marie, daughter of Prince Roland Bonaparte; Prince Nicolas, who married Grand Duchess Helene of Russia,

British Poet Laureate Defends Appeal for Reconciliation

London, Oct. 27.—(By A. P.)—Former King Constantine of Greece still appears to maintain the attitude that he is occupant of the Greek throne, says a dispatch to the London Times from its Lucerne correspondent. For this reason it is uncertain whether he will consent to the accession of his son, Prince Paul, who is better known to the inhabitants of Lucerne as an excellent dancer than as a student of international politics, the dispatch asserts.

Former Queen Sophia, who received news of the death of her son, King Alexander, yesterday, is prostrated with grief. She applied several days ago for permission to return to Athens to nurse her son, but no reply was received.

Moroccan Tribesmen Inflict Severe Losses—Fighting Continues

London, Oct. 27.—(By A. P.)—Spanish troops, commanded by General Berenguer, high commissioner for Morocco, have been savagely attacked in the

outskirts of Sheshuan by tribesmen, says a Tangier dispatch to the London Times. In addition, a column commanded by General Barrera has suffered severe losses, it is said. While clearing gardens around the city of hostile tribesmen, eleven Spanish officers, two native officers, nine non-commissioned subalterns and more than 100 privates were killed or wounded, it is stated.

Scotch Mists have the laugh on the weather. Handsome fair - weather overcoats of rich cheviot mixtures—rainproofed. Again, today, we're demonstrating in our windows just how waterproof they really are by letting water flow over a "Scotch Mist" overcoat taken at random from our Fall stock. As porous as any all-wool fabric, yet perfectly proof against showers.

A Ford Inclosed with a Close-Tite

WHY HAVE A CLOSE-TITE?

Because you can close your car instantly against all weather conditions.
Because it attaches to your car in a natural common sense manner and without any alterations to your car.
Because it is mechanically right and will always work perfectly, is absolutely noiseless.
Because by reason of its being made of steel it will strengthen your top.
Because your Ford can be changed from an open car to a closed car instantly, and without moving from your seat.
Because the curtains are controlled by use of pressed steel guides, in which they slide up and down.
Because it only adds 37½ pounds to your car yet adds strength.
Because it is within reach of the most modest purse.
