O'BRIEN MASTER MIND OF SCHOOL FOOTBALL

Central High Likely to Gain Permanent Possession of Gimbel Cup This Year—Meets Germantown Eleven Tomorrow Afternoon

By SPICK HALL
DR. MATTHEW C. O'BRIEN, head of the physical training department of Central High School is the master mind of the school football team...

Wells is one of the best quarterbacks in scholastic ranks. He is very fast and runs the team in fine shape. He was not in the game against Frankford last week but will be in when the teams meet tomorrow afternoon at 3:30 o'clock.

Wells Well Supported
Wells has back of him three men who are as fast as he is. On the ends, Central High has Hess and Lieberman, two speedy, hard tackling wingmen that go down under punts well, play excellently on the defense and handle the forward pass in a way that makes colleges look ill.

Have Fine Record
This is one of the best records that any team has made in its early season. It is hard to see how Central will walk away with the honors this season.

Backs Are Fast
The backfield that will lineup against Germantown consists of Pavitt, fullback; Alloway and Strachan, halfbacks; and Wells, quarterback. Any one of the three men in the backfield can kick, pass and run.

"We will have the largest crowd of the season here on Saturday afternoon and probably one of the greatest throngs that ever saw a football game on Franklin Field," said Joe Sheehan, the official ticket man at Pennsylvania, yesterday afternoon.

The big crowd will be treated to just the kind of football a crowd likes. Penn is coming along fast, while State seems no introduction. This afternoon Coach Heisman and twenty-six of the varsity squad will leave for the Whitemarsh Country Club, where they will remain until Saturday morning.

MINORS OPPOSED TO LASKER PLAN

Assert System Provides for Government Without Representation—Fultz Explains Error

New York, Oct. 28.—The minor leagues will refuse to become a party to the reorganization of baseball under the proposed Lasker plan, unless some radical changes are made in the scheme, it was learned today.

Minor league officials, who have been investigating the Lasker plan for the appointment of a new National Commission, claim the system provides for government without representation and restoration of the draft which the minors have been fighting for years.

Several conferences have been held in various parts of the country and it has been informally decided to oppose the plan, unless it is altered before offered to the minor leagues, at their annual meeting at Kansas City next month.

It is claimed that under the Lasker system the minor leagues, which control more players and territory and have more money invested in baseball than the majors, are literally without voice in the proposed government of the game, regardless of their apparent right of representation on the commission.

crimped, not pasted

What's all this talk about Crimping?

LISTEN, Lester, and you shall hear: There are three ways to roll a cigarette—wet it with your tongue, use paste, or crimp it. But Spurr is the only cigarette—note that word only—that has the crimped seam. No moisture as when you roll a cigarette—no paste as used by other makers. Crimping makes Spurr draw easier, burn slower, taste better. Looking at a Spurr will give you the idea—and smoking one will give you the result. And of course everybody knows that Spurr are blended from choice Turkish, fine Burley and other home-grown tobaccos. That's where Spurr's good old tobacco taste comes from. There's a lot more to be said—but write it yourself after you've enjoyed twenty Spurr from the neat-looking brown and silver package.
