A mysterious man, "Babma," will be the feature of a Halloween celebration to be held tonight by the Baltimore Avenue and Sherwood Business Men's Association. It will be the business of those who have been invited to frisk and gambol on Baltimore avenue between Fifty-fourth and Fifty-sixth streets to find him. In addition to this, there will be a masked parade and daucing, with a masked jazz band for an ochestra.

Some of you will have to tear up your underwear to make bandages. We often do these things over there.

"We are sorry for you. I wouldn't go back and be a first-year missionary for all the money in the world. There's that awful language you must conquer. But if you live through the first year, you will have a life of joy and a great service to your fellow men."

Bishop Hughes spoke to the young women of the magnificent task they had ahead of them. He said that they would succeed, with God's help, and recalled the anecdote of a famous Baptist missionary.

"Do you think you can convert all the heathen?" a scoffer asked the missionary.

"No. I can't, but God can." was the

How Do These Figures Compare With Your Upkeep Costs?

20 miles to the gallon of gasoline 12,500 miles to the set of tires 50% slower yearly depreciation

The motorist who is interested in making every dollar buy 100 cents worth of automobile value invariably chooses the Franklin Car. It is this Franklin economy that enables the Franklin owner to get more pleasure, miles and comfort out of one dollar's worth of car expense. Get out a pad and pencil and figure out for yourself the great difference between the upkeep of your car and Franklin economy.

Franklin owners are not bothered with cooling system troubles in winter. No radiators to drain

or refill; no cracked cylinders from freezing; no anti-freeze mixtures; no expensive heating of a garage. The Franklin owner on the coldest winter morning, steps on the starter and gets an instantaneous response from the motor. Realize what this one feature alone means to your comfort and bank balance.

The Franklin has all the comfort, roadability, quick getaway and pick-up power that any motorist ever longed for. Let us demonstrate the Franklin-the all round, all year car.
