You Didn't Want to Do It! And Now You Don't Need to Pay Those High Prices for Clothes!

Thank the warm October for the bargains. We had to pay the rated high prices when we placed our order, and, to come out whole, we naturally expected to charge our regular ratio of fair profit.

Now We Lose Profit in the Reduction of Entire Stock of Men's and Young Men's Suits : Overcoats : Ulsters

—because October warm weather didn't urge you to buy winter clothing then!—for stocks must be sold down to certain levels by the end of each month. Yours the gain!
