

WOMEN TAKE PART OF SCREEN CENSOR

New Century Club Votes Pro-Test Against Taking Vote From Oberholtzer SAYS STATE WAS LEADER

Emphatic disapproval was expressed yesterday afternoon by members of the New Century Club of the change made recently by Governor Sprout in the voting membership of the state board of censors of motion pictures.

The occasion was the regular monthly meeting of the club, and the subject was introduced by Mrs. H. R. Prentiss Nichols, the president. Mrs. Nichols urged the women to take a definite stand in this matter.

"Pennsylvania," she said, "has been the great exemplar state in this far-reaching work, and there is now great danger of her losing her honored place. Mrs. Nichols, who was chairman of the resolutions committee at the meeting of the General Federation of Women's Club, in Des Moines last June, told of the skillfully concealed attempt of the motion picture interests at that meeting to get around Pennsylvania's censorship board and that of the three other states that maintain such boards.

Scheme Was Unmasked

A woman from California presented a resolution asking for federal censorship instead of state boards. Some woman who was keen enough to see through the words explained that the underlying motive was not to get federal censorship, but to abolish the strict state boards already in existence. As a result, the resolution was downed.

This incident, misstated, was brought forward by the motion-picture backers when Georgia was appealing to her legislative bodies for a board of censors. Mrs. Nichols said. The opponents declared that the General Federation of Women's Clubs had refused to endorse censorship of motion pictures, and Georgia did not get a board of censors.

Mrs. W. R. Harper moved that the New Century Club write to Governor Sprout protesting against the removal of Dr. Ellis P. Oberholtzer as a voting member of the board of censors.

Attempt to Modify

In the discussion that followed it was revealed that in neighboring states attempts are made to popularize some picture by advertising that they have been refused by the Pennsylvania board of censors.

An effort was made by some of the club members to amend the motion and simply to request the Governor to maintain the same high standard in the censorship, but the motion as presented by Mrs. Harper was carried. The women wished to go a step farther and try to have the "cut-outs" of films destroyed. This was considered impractical.

Mrs. Nichols announced that she had assurance from Director Caven, of public works, that Twelfth street, in front of the clubhouse, would be paved.

Mrs. Arthur H. Lee spoke to the club on "The Value and Importance of the Red Cross."

Mrs. L. L. Blankenburg, who has recently taken a motor trip to the Pacific coast and back, reported with Mrs. Nichols before the meeting. Mrs. Edwin B. Garrison, president of the Matinee Musical Club, and Dean Laura Campbell, of Temple University, were also in the receiving line. The meeting was followed by a tea.

FRENCH HEROINE COMING

Mlle. Saint Paul to Be Philadelphia Girl's Guest

Mlle. Georgette Saint Paul, for whose hospital ambulance Philadelphiaans gave donations during the war, sailed from France last Saturday on the S. S. Lorraine for this country. While here she will stay with Miss Letitia McKim at 1908 South Rittenhouse square.

Mlle. Saint Paul has received the military medal of honor, the Croix de Guerre with three palms and two stars, two other French decorations, and the American order of merit—given by General Pershing. During the summer of 1918 over 3000 Americans were cared for at Mlle. Saint Paul's hospital, which she personally ran from the summer of 1914 until March, 1919.

Are Policemen Petty Grafters?

LET us suppose for the sake of argument that they are petty grafters.

Who is to blame for it?

It costs at least 100% more to live today than it did before the war.

A policeman for the first year of his public service makes \$3.75 a day, or less than \$1400 a year. A policeman who is paid the highest wage allowed by the city receives \$4.35 a day, or less than \$1600 a year.

THE policeman guards your safety. The policeman guards your home, guards your automobile from collision, watches your place of business when it is closed; must give you any information concerning any question you may ask him if it is within his knowledge.

Now, then, suppose you were the so-called "cop." Suppose you received the highest emolument the City pays—to be exact, \$1,587.73 a year.

House Rent	3300
Heat and Light	100
Food	700
Clothing	450
Carfare (for Wife and Children)	10
Cleaning Supplies, etc. (for Laundry and Home)	35
Renewal of Furniture and Furnishings for Home	60
Doctor's Bills, etc.	50
Church, Lodge, etc.	30

Newspapers, Stationery, etc. \$20
Insurance 55
Personal Expenses, 20c a day 73
\$1963

NOTHING allowed for incidental expense—the things that are bound to crop up unexpectedly; nothing allowed for amusement or diversion; and there you are.

The barest necessities for decently living total you very nearly \$2,000, and the biggest salary you can get as a policeman from one year's end to another is \$4.35 a day, or less than \$1,600 a year; and you, as a policeman, are the public's servant — not only for the scheduled eight hours a day, but subject to call any hour of the day or night any day of the year. Sundays and holidays included, without a single penny's extra pay if you work 24 hours straight.

The average policeman in the City of Philadelphia is not a grafter. The average policeman is a very decent sort of chap.

The Director of Public Safety insists that every policeman shall be courteous, and nine times out of ten he is courteous.

But suppose he may be a grafter. Whose fault would it be?

When in those isolated cases he does become a grafter, YOU are fundamentally responsible, because you have not taken an active part in trying to see that he receives a decent wage.

Sign the coupon below and we will show you how you can help the policeman to get a decent wage.
