Commission for Changing Money
To the Editor of the Evening Public Ledger:

Punishing Disobedient Daughters
To the Editor of the Evening Public Ledger:

Save Hog Island
To the Editor of the Evening Public Ledger:

Sir—Regarding the origin of the word "Hoosier" I have heard the following explanation...

First Episcopal Church, Etc.
To the Editor of the Evening Public Ledger:
Sir—Please tell me where the first Episcopal church was built in America.

Author of "Long, Long Trail"
To the Editor of the Evening Public Ledger:
Sir—Please tell me who was the author of the song "The Long, Long Trail" which was so much sung several years ago.

"Christ in Flanders"
To the Editor of the Evening Public Ledger:

Defends Sunday Pastimes

Sir—I have read the letter by Charles Meyers regarding Sunday pastimes, and as it evidently is a reply to my letter I will go further into the matter with him.

Legend of the River Styx
To the Editor of the Evening Public Ledger:
Sir—What is the legend or story of the River Styx, sometimes referred to in poetry?

The First is Correct
To the Editor of the Evening Public Ledger:
Sir—Which is correct, "Each and every one of the guests is desirous of having you present," or "Each and every one is desirous of having you present"?

Poems and Songs Desired
Wants "Schooldays"
To the Editor of the Evening Public Ledger:
Sir—Will you kindly publish the words of the old song "School Days" which contains the line, "Readin' an' writin' an' 'rithmetic'."

lowing statement: I have read a few articles in several different papers stating that marines in Haiti are mistreating the natives. It is not true that marines are mistreating them, for the Haitians are nothing but uncivilized cannibals. I must admit, however, that there are a few Haitians who are pretty well educated.

When I landed in Haiti, fifteen months ago, the bandits from the hills killed and ate the heart of a marine. Now I appeal to the public and would like to know if that isn't enough to arouse the hatred of a marine toward the bandits.

\$30,000,000. It Was Estimated
To the Editor of the Evening Public Ledger:
Sir—What percentage of the military property of the United States was in the hands of the Confederate Government in 1861?

BUREAU OF MUNICIPAL RESEARCH
CITIZENS' COUPON
Bureau of Municipal Research, 805 Franklin Bank Building, Philadelphia
It is impartial in the fullest sense of that word.
The Bureau of Municipal Research is not interested in personalities nor in politics.
It is not out for something for itself.
If you are in any way familiar with the work of this organization, you know that it was as quick to score your City government for wishing to pay \$850,000 for the Holmesburg Water Works as it is quick to score you for letting water run to waste.
It was ready to fight the efforts of the political group who wanted to take away local control of police and lodge it at Harrisburg, as it was to aid the efforts of the same group in giving Philadelphia power to hire her own street cleaners.
The Bureau of Municipal Research fights no man's battles save yours. Its advice and its aid always are at your disposal if you ask it, just as its services are at the command of your Mayor, your Governor, the head of any department of your City Administration.
It is interested in efficient methods of government producing service, with business-like machinery, without friction, without waste, and with no lost motion.
The Bureau of Municipal Research is the best friend the hard-working, taxpaying citizen ever could have to safeguard his interests and those of his children.
You, as a citizen of the City and State, will benefit if you clip out the coupon below and let us tell you how the organization works and how you can aid its efforts.
