For the Man Who Has Only a Minute—These Are the Main Facts:

For the first time in our history we are going to put the whole stock of our Men's Clothing Store on Sale tomorrow. All the suits, all the overcoats, even the dress suits and tuxedo suits, and magnificent fur-lined overcoats—the whole "lock, stock and barrel" in a sweeping clearaway Sale.

Time Is Now the Architect for Not Only Our Government

but also for the settlement of the disarranged affairs in the business world.

It is always a mistake to be hasty in spending money.

The people must think, wait and watch.

The wheels are just beginning to go around.

Every week will bring new developments.

Spasms are not healthy for nations or families.

We have lots of our kind of goods to sell, which could not be replaced for our customers this year.

We are taking in many goods and are looking for still lower prices.

We take care that our faithful customers do not pay too much for what they purchase here.

A Sign of Old Times Is \$2 Crepe de Chine

One's memory doesn't have to be very good to recall the high prices this silk reached during war days.

It is the silk in most general use today and, at that time, the supply couldn't keep up with the demand.

Now comes this new shipment of a fine quality all-silk crepe de chine to sell for the same price it was before the war.

There is a full color assortment and plenty of the most popular of all—navy blue, black, white and flesh pink.
