

### SIX PERSONS HURT IN TROLLEY CRASH

Trolleys Come Together at  
Fourth and Lombard  
Streets

### TRAFFIC DELAYED AN HOUR

Six persons were injured when two crowded trolley cars collided during the rush hour last night at Fourth and Lombard streets.

The accident occurred as the result of a misunderstanding of signals between the motormen of the cars, one southbound on Fourth street, and the other going east on Lombard street. The injured, all of whom were treated at the Pennsylvania Hospital, are: Tony Aretta, fifty years old, 410 Mandell street, bruises to forehead and legs.

Herman Menchler, twenty-six years old, 2441 South Fairhill street, cut about the nose and right eye.

Max Pearlman, thirty-four years old, 406 Christian street, bruised about leg.

Joseph Bablowitz, twenty-three years old, 1437 South street, received a sprained ankle.

David Milgram, twenty-nine years old, 903 South Fourth street, cuts about face, tooth knocked out.

Phillip Weinstein, fifty-four years old, 2128 South Eighth street, fractured elbow, cut on arm.

A peculiar feature of the accident was that although there were a greater number of women passengers than men, none of the former had to go to the hospital for treatment.

Most of the injured were riding on the Lombard street car, which was struck head-on by the other trolley, and thrown off the tracks against a telegraph pole.

Traffic was delayed an hour.

### CITY CLEANING PRAISED

Householders Will Co-operate With Municipality, Says J. W. Follin

The advantages of municipal street cleaning were discussed yesterday by J. W. Follin, of the Bureau of Municipal Research, at a meeting of the civic teachers of the public schools.

He said that the construction of the Philadelphia type of houses, which compelled people to place their refuse on the front sidewalk, was bound to cause considerable dirt in the streets.

He further said that there was difficulty in enforcing the laws, because the city could not put "teeth" into its ordinances. All street-cleaning fines have to be collected by means of lawsuits, which cost the city more than it can collect as penalties, he stated.

"We will have better co-operation between the public and the city in keeping the streets clean," he said, "under the municipal cleaning, for all will feel that if they dirty the streets they are paying the additional bill, while now they think that it is up to the contractor to do the work."

### FOURTH DEATH IN CRASH

H. A. Bredt, of Philadelphia, Succumbs to Injuries in Canada

The fourth death resulting from the automobile accident at a railroad crossing near La Collet, Tuesday, occurred yesterday when H. A. Bredt, of 1909 Moyamensing avenue, died in the Champlain Valley Hospital, Montreal, from injuries.

The condition of J. H. Clyman, the fifth occupant of the car, who also was injured, is reported to be improving.

# Men Buy Clothing Here Because Such Values Are Not Found Elsewhere

That must be the chief reason, for more men are buying here than anywhere else. Last Saturday afternoon we had more customers than three other large stores combined! But there's another reason. WE HAVE THE GOODS—unequaled variety, from the best manufacturers in this country.

## Our Entire Stock of Men's Clothing at Substantial Worth-while Reductions From Our Regular Fairly-based Prices

That is the great news for every man—the man who wants the very finest American or London Overcoat that money can buy; the man who knows the excellence of the fine Suits made by the Stein-Bloch Co., Hart, Schaffner & Marx and the "Alco" tailors; the man who needs an Evening Dress Suit, a Fur-lined Coat, extra Trousers or a Raincoat.

Every man is now given the opportunity to choose from the most desirable collection of Clothing in this city, and the opportunity to pay less than the fair price at which it was made to sell. This range of reductions represents our Loss OF LEGITIMATE PROFIT in the interest of the public—our part in meeting new conditions.

**Men's \$35 to \$95 Suits—now \$25.00 to \$71.50**  
**\$40 to \$122.50 Overcoats—now \$28.50 to \$84.00**

But the really extraordinary feature of the news for this week-end is the good word of those three groups made up from our own regular lines with the addition of several hundred from a great manufacturer whose desire to co-operate prompted him to take less than his cost of production. This is the result—

**Men's \$45 Suits and Overcoats**  
**\$29.00**

**\$50 to \$65 Suits and Overcoats**  
**\$39.00**

**\$70 to \$90 Suits and Overcoats**  
**\$49.00**

The above groups are assuredly the most remarkable Clothing values obtainable. If, perchance, somewhere else may be found an odd Overcoat or Suit of equal value, it will be the exception that proves the rule—for nowhere will be found such a varied and well-assorted collection of DESIRABLE CLOTHING at so much below the regular prices. Handsome Winter Suits of fine worsteds and cassimeres, and great warm Winter Overcoats and Ulsters from our best manufacturers—now marked at these low prices—\$29.00, \$39.00 and \$49.00.

### Compare Goods and Prices on the Day of the Purchase

Decide for yourself whether you will buy here or elsewhere, now or later.

In many lines, prices are coming down in the wholesale market. We are procuring many special purchases at reductions—and always give our customers every advantage. But we believe our present reductions on goods we bought at the higher prices, more than anticipate any general reduction likely to come this year.

We ask you to COMPARE prices on the day of your purchase NOW—and we shall ask you to COMPARE our prices with others on the day of purchase, on January 1st and afterwards—always.

If you have a charge account here, all merchandise purchased from November 1st to December 31st, inclusive, may be PAID FOR IN JANUARY. This is our original plan to extend the Christmas shopping over a longer period, in the interests of our customers as well as our salespeople and delivery force—preventing over-crowding just before Christmas.

### Other Interesting Groups

# November Sale Winter Furs

## Savings of 25 to 40 Per Cent

EVERY Fur Garment and Fur Piece in this Great November Fur Sale is sold at a loss. The pelts from which they were made were bought direct from the trappers last winter at a lower-than-usual price because we paid cash, at the prevailing high price for these quality Furs, they were made by our own expert workmen, and were received to sell at our usual lower prices. But this 25% to 40% Reduction was not even considered when these goods were received, which reduction was suddenly decided upon as an evidence on our part to get
