

SAYS PHILA. HAZER IS CONFINED IN SHIP

Dismissed Midshipman Says M. S. Q. Weiser is Being Punished at Academy

DECLARES ONE RESIGNED

Samuel G. Baker, Jr., of Seattle, dismissed from the Naval Academy at Annapolis November 4, yesterday, at Baltimore, made public a statement naming two Philadelphians in connection with alleged hazing at the Academy.

He said Midshipman M. S. Q. Weiser, of this city, has been accused of hazing a midshipman named Riddle, and Weiser is now confined to the Reina Mercedes, and not allowed to speak to other midshipmen.

At the same time he stated Midshipman J. H. Otto, also of this city, had resigned after accusing Midshipman W. L. Holm, of Kansas, of hazing activities.

Midshipman T. W. Floyd, of Peoria, Ill., is the "plebe" for whose hazing Baker was dismissed, Baker said. Floyd's resignation was accepted the same day Baker's dismissal was announced. Baker also named other men alleged to have been implicated in the hazing scandal. He has been working in a shipyard since his dismissal.

Rear Admiral Seales, superintendent of the Naval Academy, would not discuss Baker's statements, but according to a dispatch from Washington, Secretary of the Navy Daniels said:

"I have told Admiral Seales and his predecessor to have not the slightest concern for any student found guilty of hazing—to put them out of the Academy instantly."

The secretary admitted he had the utmost contempt for hazing practices, and said that at one time while acting as a member of the board of the North Carolina University he had endeavored to have a student indicted for hazing and punished by the courts.

"Of course, I can't do that at Annapolis, but we can dismiss them from there, and there are plenty of fine fellows in this country who will be glad to take their places," he said.

WATCH FOR SHORT WEIGHTS

Thanksgiving Shoppers Told by Bureau to Be on Guard

Thanksgiving shoppers—don't be victims of short-weight dealers. The office of the Bureau of Weights and Measures, as in former years, will co-operate to prevent any mulcting of housewives by unscrupulous food merchants during the Thanksgiving season. The bureau will be open from 9 o'clock each morning until 10 o'clock at night, Monday, Tuesday and Wednesday, November 22, 23 and 24, to receive any complaints, and to render any aid to the purchasing public. Housewives who believe they have been "short-weighted" are requested to communicate immediately in person or by telephone, giving any evidence of cheating, and prompt prosecution will result.

Although the evident tendency of the foodstuffs market is downward, this department intends to see that benefits so accruing to the public will not be lessened by unbusinesslike practices and the weights and measures law will be enforced to the letter.

Navy to Sell Cloth
The bureau of supplies and accounts, Navy Department, Washington, has decided to sell more than 570,000 yards of cloth, it was announced yesterday. The sale will be by sealed bids and proposals blanks will be forwarded Friday. Applications for these blanks will be received in this city by the board of survey, appraisal and sale, navy yard.
