UTILIZE the bones and trimmings of meat for soups, and for making a pot of soup in the home once each week, instead of purchasing the canned variety. This is real economy. Make a sufficient amount to last at least two

If you are making soup, using the bones and meat trimmings, add a good sized piece of suct to give the soup a rich full flavor. The fat can easily be skimmed off.

Do not waste a single slice of brend. If it is put in a baking pan and tousted a light brown, when other baking is being done, and then cut into pieces of ouitable size, it can be used as croutons, delicious with soups.

Dear Cynthia—We just could not resist answering "Heart-Breaker." So. Cynthia, please print this letter for his benefit.

We are going on eighteen; Just passable when it comes to looks. "Heart-Breaker," don't you think you have been cruelly misled about girls." First, all girls are not alike, so don't judge all by the few you have met; second, some girls can, will and do live without kissing. And do you really think any girl would be annoyed kissing you? I am sure we wouldn't. You, "Heart-Breaker," evidently think you are some-body, probably a member of the V. C. C. We'd love to meet you and see just what your methods are. We think fellows are all right to have fun with, but, as to mushing over them and petting them up, never! We don't do the mushing up; we leave that to the fellows. And, believe us, they know how to do it. You must be rather good at it yourself. It we were to believe all that you say, we would take it for granted that you have taken lessons from the girls. Twenty-two and not married yet! No wonder you are peeved. Of course, all the girls have thrown themselves at you. You want to get your own girl. You should have lived in the Dark Ages; things aren't run that way nowadays. We hope you will answer this letter. Why did anybody want to give a foolish party like this, anyhow? Have to get yourself up all ugly and unbecom-

BUT for some reason or other the boys didn't rush out and surround her as she had expected. She didn't quite understand that, and it rather spoiled her evening.

It's a good thing she could not know

In fact, it's much more fun to say something like, "What did you think this was, a fashion show? You didn't wear the right costume"—and see her squirm with offended pride.
