

GREEK PLEBISCITE TO BE HELD DEC. 5

Vote on Return of Constantine Delayed Week—Premier and Allies Confer

By the Associated Press Athens, Nov. 22.—The plebiscite of the Greek people which is to determine whether King Constantine will return to Athens has been delayed to December 5, according to a statement made to the Associated Press yesterday by M. Gourias, the minister of finance.

A conference has been held aboard the battleship Iron Duke at Phaleron between Premier Rallis, Earl Granville, the British minister to Greece, and the British Constantinople representatives to discuss the question of a continuance of financial support.

Members of the new Greek cabinet are working overtime to establish the new regime and to reinstate thousands of functionaries and military officers removed by former Premier Venizelos.

Sophia Wants Kaiser to Reside in Corfu

Corfu, Nov. 22.—(By A. P.)—Achilleon Villa, the property of former Emperor William of Germany, is being repaired and thoroughly put in order as if to receive a guest. The neighborhood has been cleaned up and the avenue leading to the villa from the main road, which during the regime of Premier Venizelos was known as "Liberty Avenue," now bears its original title, "Avenue William II."

BAN "ROLLING YOUR OWN"

College Warns Girls to Wear Stockings as Mother Taught Them Danville, Va., Nov. 22.—Girl students at the Randolph-Mason Institute, part of the great Southern Methodist Institution, have been told in blunt and meaning terms that they must wear their stockings as their mothers taught them to wear them, and not in conformity with fashion's latest edict, which provides for the rolling process and knee-length hosiery.

Within the last few days the faculty served with the terms of an ultimatum to the student body calling for the elimination of a custom that is known as "rolling your own."

It is alleged, and not contradicted, that certain young sophomores who cling to college traditions have been "rolling their own," with ruthless disregard of feet and meters, and the faculty, apprised of the condition, deemed the innovation somewhat too bold.

ASKS SENATE TO PROTEST

Phelan Wants Treaty to Give Japanese Citizenship Opposed San Francisco, Nov. 22.—(By A. P.)—Senator James B. Phelan, of California, last night sent a telegram to governors and senators of western states asking them to "please telegraph your political protest to the state department against any treaty which gives foreign-born Japanese now in this country the rights of citizenship."

The telegram was prompted, Senator Phelan said, by news dispatches from London which said an agreement was nearing completion between the United States and Japan which proposes full citizenship for Japanese now in this country and under which Japan would absolutely restrict further immigration to the United States.

RUSSIA BREAKS OFF POLISH PEACE TALK

Great Soviet Armies Massed to Crush Balakovich's "Irregulars"

Warsaw, Nov. 22.—Negotiations looking to a permanent peace between Soviet Russia and Poland have been broken off by the former at Riga, where the delegations have been in conference.

Great Soviet armies are being gathered to crush General Balakovich, commander of "irregular" forces which have been operating east of the armistice zone between Poland and Russia.

proper, and other Bolshevik legions are pursuing shattered Ukrainian armies which are fleeing from the region west and northwest of Kiev. All along the southeastern frontier of Poland there is pouring in a perfect rabble of refugees, civilian and military, who are seeking safety before the advancing wave of Bolshevik armies.

This condition of affairs has caused grave concern here, despite official optimism over the break in the Riga peace conference. It is stated the Soviet Government refused to go on with the peace negotiations because some Polish troops have not withdrawn to the line fixed in the preliminary treaty between the Moscow and the Warsaw governments.

London, Nov. 22.—(By A. P.)—The Poles, complying with the conditions of the preliminary peace treaty with Soviet Russia, have abandoned the town of Letichev, twenty-five miles east of Proskuror, and the Soviet forces have occupied the town, says Sunday's Soviet official statement, received here today by wireless.

TURTLE PAL OF COLUMBUS

Captain Asserts One of Shipment Welcomed Santa Maria New York, Nov. 22.—Forty big turtles from the Caribbean that will lose their identity swimming around in Thanksgiving soup, arrived yesterday from Costa Rica, via the United Fruit steamship Tolca, in charge of reptilian experts who declared that some of them, the turtles, were at least 1500 years old.

In letters, plain as day, the purser said, the shell of one turtle bears this roughly carved inscription: "G. Brun - Santa M." The initials, the skipper remarked, might be supplied by even a tyro in the history of discovery.
