EVENING PUBLIC LEDGER-PHILADELPHIA, WEDNESDAY, NOVEMBER 24, 1920

WILL DAVIES SHOW THE WAY IN THE PITT AND PENN STATE THANKSGIVING DAY BATTLE?

FOOTBALL CURTAIN READY TO FALL ON GREATEST SEASON IN HISTORY; PITT AND STATE TO AID IN FINALE

By ROBERT W. MAXWELL Sports Editor Evening Public Ledger

TTHE finale of the 1920 college football season will be staged on many gridirons tomorrow, and when the curtain falls the greatest year in the history of the sport will have come to a close. Never before have the colleges enjoyed such prosperity. Capacity crowds attended nearly every game and the receipts were enormous.

14

Some college managers probably are buying themselves medals and blaming their excellent work for the increase in revenue, but they had nothing to do with it. The public became interested, and this, in addition to the fact they had no other place to go, made an ideal combination to swell the bank account. Attending football games was considered the proper thing this year.

The arenas in the East will be packed to the water's edge tomorrow. Penn and Cornell will play to a full house, because everybody in Philadelphia would like to spend Thanksgiving Day on Franklin Field. The contending elevens are not playing for the championship of anything, but they are evenly matched and will put up a hard game. Something like a battle between the Phillies and the Athletics at the close of the baseball season.

Out in Pittsburgh, Forbes Field will be packed and jammed, for Penn State and Pittsburgh will clash there. Neither team has lost a game this season, and the victor will be in line to claim championship honors with Princeton. This is the most important game of the day and the football world is anxiously awaiting the result.

Last year Hugo Bezdek sprang an old play with new trimmings early in the litt game and scored a touchdown which payed the way to a one-sided victory. Penn State was up against it, with the ball on its 5-yard line. A punt formation was called, but instead of kicking, a forward pass was tossed to Higgins and the star end sped 90 yards for a score. . . .

T^{HE} play was unexpected and that was response ble for its success. Pitt will be guarding against this tomorrow

Prepared for Final Game

DITT and State have gone through the season with the final game as an objective. No matter how stiff the opposition was in the earlier battles, only a few simple plays were used. All of the new stuff was saved for the closing contest. Therefore, both sides will spring some startling formations and perhaps some history will be made

State has defeated Dartmouth, Pennsylvania and Nebraska. A tie game was played with Lehigh, but it is said the team was in a midseason slump. Pitt went through the hardest schedule ever attempted by a college team. West Virginia, Georgia Tech, Lafayette, Pennsylvania and Washington and Jefferson were defeated and a 7-to-7 game played with Syracuse. Six blg games were played in succession, and it is surprising that none of the men was injured.

Comparative scores always are dragged in on the eve of a big game. In this case, the Pennsylvania result is the only thing which can be used to compare the strength of the elevens. Penn State walloped Penn by the score of 28 to 7, while Pitt found difficulty in winning by the count of 27 to 21. State scored a clean-cut victory, clearly outplaying the Red and Blue at all stages.

Pitt won because of the individual work of Tom Davies. who made three long runs for touchdowns. Davies, by the way, has figured prominently in most of l'itt's victories. However, you never can tell anything from comparative scores. It makes no difference what you were, It's what you are on the day of the game.

Glenn Warner is one of the shrewdest men in foot ball. He has doped out more bewildering plays than any other six coaches in the country, and probably will have something up his sleeve for Bezdek. Hugo is new in this section, but has shown himself to be a mighty good coach and able to take care of himself. . . .

T^{HE} game promises to be one of the best played this year. Both sides are confident of victory, and should be, judging from their records. However, it is hard to pick a winner, as the elevens appear evenly matched. It is a toss-up.

Here Is the Dope

DENN and Cornell also will stage an even-Stephen affair. This promises to be a peculiar battle, as each is strong in different departments. Individually, Penn has the better team, but collectively. Cornell has the edge, By that I mean the Big Red team will show better team work and a better attack than Penn. Dobie has whipped the team into shape and has it working smoothly.

Early in the season Cornell looked like the saddest aggregation that ever stepped on a gridiron. The men ouldn't tackle, carry the ball or handle a forward pass. I was up in Ithaca the first part of October and witnessed the practice one afternoon.

Cornell was fortunate in having an easy schedule. Colgate and Rutgers were supposed to be big games, but they happened to have weak teams and easy victories were scored. Only once did the Ithacans slip up, and that was in the Dartmouth game. The Green won, 14 which looks good in face of the 44 to 7 walloping handed to Penn.

There are no stars on Dobie's team. There isn't even a captain. Team play is the big feature, and that is enough.

Penn has a number of veterans on the team. Thomas and Straus are finishing their fourth year of football, and it is the same with Vic Frank. Ward, the big tackle, once played with Georgetown, Whitehill came from Rutgers and Captain Hopper is finishing his last year. Harvey, Wray and Wagner all have had previous college experience.

Still, the team has not been able to get together and play consistent football. The players have found it difficult to master their signals and some of the formations failed because no one knew where to stand. The Penn team has been a mystery this year, and it is hard to figure what is the matter.

GAINST Cornell, however, the Red and Blue A always plays a hard game, while the Ithacans usually have a slump. Penn seems to be a hoodoo to Cornell. Nevertheless, Heisman's team will have to show a big improvement to win the annual battle fomarroic.

Consolation Battle in West

O'T in the western part of the state a very important game will be played between West Virginia and Washington and Jefferson. This will end a most disastrous season for both teams, with only a small amount of onsolution for the victor.

In September West Virginia was hailed as the strongest team in the country. The Mountaineers were expected to walk through their schedule, but struck mage from the start. Lehigh held them to a tie and they were beaten by Pitt, Yale and Princeton.

Washington and Jefferson had the best material in any college, but the team work was poor. Three games have been lost and an effort will be made to finish strong. Rutgers travels to Detroit to play the University of

Detroit. Foster Sanford says his team will win but Foster has been making bum guesses all season. Detroit has a very good football team and on the home lot will be hard to beat. Down South, weorgia Tech and Auburn will book up
