Pressed on All Sides by the Enemy

one of the Austrian generals in an early war sent a message to the Commanding Officer asking whether he should retire. With a pencil the General addressed wrote as the reply—

the One Word "FORWARD"

That word is almost an immortal. It spells courage and duty. Whatever opposition or however strong the conditions to be faced, Forward, always and ever Forward, begets confidence and overcomes all obstacles.

It is a fine word to engrave on the memory. Fling it out every day, and keep step.

47-Inch Black Velvet—Extraordinary at \$3.75 a Yard

It has been many a long day since we had such an unusually good value as this.

For one thing, the width is remarkable, and means great economy in cutting. Then the quality is so fine, a will back weave with fast pile, a good black and just the wanted weight for dresses, skirts or tailored costumes. And it would do nicely for children's coats.

Best of all—velvet is one of the very fashionable fabrics of the winter.
