**FOREIGNERS LEAVE CITY**

More Than 1600 Get Permits to Sail in Month  
More foreigners obtained permits to sail for Europe during the last month than during any similar period since the outbreak of hostilities with Germany, L. Del Giorno, of the Internal Revenue Department, announced today.  
Five hundred and eighteen men and women obtained permits last week to sail on the S. S. America, bound for the Mediterranean. One thousand others sailed on various boats earlier in the month for Italy and Ukraine. Most of the foreigners expect to return to this country. They are going home for the first time in many years.

In the Greenfield Millinery Company's shop on Germantown Avenue the floor of Armstrong's Grey Jasp Linoleum adds much to the attractiveness of this smart shop.

**The Floor for the Smart Store or Shop**

A **LINOLEUM** floor adds smartness and attractiveness to your store.

Cork, linoleum's chief ingredient, is springy, which makes a linoleum floor comfortable for customers and clerks.

Armstrong's Linoleum is durable because it is both tough and elastic. It shows no trace of trampling feet.

You can choose from parquetrys, modern tile designs, or Jasp two-tone effects, to suit your particular type of store.

A floor of Armstrong's Linoleum is easily and quickly installed; most users prefer it cemented down over a layer of builders' felt paper. Such a floor is snug, smooth, water-tight.

Linoleum is easily kept clean and does not need frequent and expensive refinishing—the upkeep cost is much less than that of other floors.

Whether you are going to build, or lay new floors in your store, consult your architect or contractor about Armstrong's Linoleum. We can furnish him with data and specifications for installing permanent linoleum floors.

There is a merchant near you who sells Armstrong's Linoleum and will lay it for you. All Armstrong's Linoleum is guaranteed to give entire satisfaction.
