

Things You'll Love to Make

Slipper Ornament

Most of the evening slippers this winter have ornamental buckles of some sort. Take a square or round piece of black satin or satin of the color of the slipper. Buttonhole the process of the buckle with metal thread. Bead with iridescent beads and stitch with metal thread. Make several strands of beaded fringe. Attach the slipper ornament to the strap of the slipper. These ornaments give a charming effect to an otherwise simple slipper.

The Woman's Exchange

Removing Grease Spot
Dear Madam—Will you kindly tell me if there is any way to remove the grease spots from a dark blue (almost black) wool coat. The stains came from vegetable soup.

Gifts to Make
Dear Madam—I am a girl thirteen years of age and am puzzled what to give my family and my friends for Christmas. If you could offer any suggestions I would be very thankful for them. I am handy with the needle and would like to know of a few things that I could make.

A CONSTANT READER
It is very nice to be able to make your Christmas presents, and I am sure that they will give twice as much pleasure as any you could buy.

Adventures With a Purse
HAPPENED to be standing by her when she asked to see petticoats to be worn with evening dresses.

I have little more than a speaking acquaintance with beaded bags. I like them, it is true, but their prices—well, need I go further into the details about my find today perhaps it will not seem so remarkable to you, but to me, it appears that I have found a bargain.
