Presidents of Clubs Plan Unique Reversion to Old-Time Thoroughfare

The presidents of the various clubs plans for making their street a national institution. These men will come together on December 15 for their second meeting, by which time it is hoped the way will be clear for definite steps toward the realization of the real.

"The more I think over the splendid be conversant with the laws and procedure of government, and stand ready to do their part.

I am so gratified that hundreds of women took advantage of this opporward the realization of the real. Poor Richard Club are working on partments.

up' movement that is advocated for all parts of the city.

'We hope that when we have developed the old Colonial aspects of our street, more clubs will be drawn to it. There are some stables and back doors to garages that would be fine sites for other clubhouses, whose presence would make the street one exclusively of clubs.

'There is a certain psychology in the fact that similar organizations are drawn together in one part of the city. There is a row of wool merchants' stores to a row of wool merchants' stores to a row of wool merchants' stores to that caused women in all parts of the toward the lower end of Chestnut street.

Walnut street in the neighborhood of Tenth is full of tailors' shops. Camac

There were others who were sure C.

tion to other clubs to come there and take up their abode."

According to the plans under consideration, the street will bloom with old-fashioned lampposts, hitching posts and window boxes. There will also be a bronze directory tablet to be placed near the Walnut street entrance to the will show the company who agreed the placed near the Walnut street entrance to the street that will show the company they have appearance of the city's officials,

The eight lampposts may possibly be made on the designs of those adopted

TO MEET AGAIN DECEMBER 15 these few hundred newly franchised citizens, who Thursday learned "how the city's wheels go round." are discussing the work of various city despect and the committee from the city's wheels go round." are discussing the work of various city despends on the city's wheels go round. They are carrying the message to their cussing the work of various city despends on the city's wheels go round. They are carrying the message to their cussing the work of various city despends on the city's wheels go round.

city. The new Camae street that will emerge in Colonial neatness should be, in the opinion of Karl Bloomingdale, originator of the plan, one of the best known streets in the country.

"Instead of making an old street new," said Mr. Bloomingdale, "we are going to make a new street old. We are going to make a new street old. We are going to make it cleaner and neater at the same time, and we are practically assured of the support of the administration in this step, which is in reality a part of the progressive 'clean-up' movement that is advocated for all parts of the city.

"We hope that when we have devel."

able and splendid for Mayor Moore to have an entire day. His interest and courtesy was never lacking an entire day. His interest and courtesy was never lacking an instant. He clearly showed that he wanted us to understand all the workings of Philadelphia's government, and that he wanted our help."

Mrs. Oakley, as well as Mrs. H. S. Prentiss Nichels and Mrs. Edward Biddle, were on the committee which revised the city charter, and so were conversant with the facts concerning that. Many of the women, through that. Many of the women, through their club work, had come in contact with and had assisted various department directors in their work. But there were also not the city.

"We hope that when we have developed to the support of the administration in this step, which is in the country of the support of the progressive 'clean-up' movement that is advocated for all parts of the city.

"We hope that when we have developed to the city of the support of the support of the support of the administration in this step, which is in the country will go on prospering and to prosper; but if we and our posterity neglect its instruction and authority no man can tell how sudden a city of the city of the city of the properties of the city of the city of the city of the properties of the support of the suppo

Tenth is full of tailors' shops. Camac street is the place of clubs, and a movement to improve it should be an invitation to other clubs to come there and take up their abode."

According to the plans under consideration, the street will bloom with

Came street that will show the stranger the location of all the nearby clubs.

Aside from becoming acquainted the appearance of the city's officials, the women are interested in all the different phases of government. Thursferent phases of government, and the subject. interested them especially.

Some of the club women are helping Ernest L. Tustin, of the department of
