

LEAGUE ADMITS BULGARIA TO FOLD

Costa Rica, Finland and Luxembourg Are Also Elected to Membership

CLASH OVER GERMANY

By the Associated Press
Geneva, Dec. 15.—Four new nations were made members of the League of Nations by the assembly of the league today. They were Bulgaria, Costa Rica, Finland and Luxembourg. France and Austria abstained from voting when the admission of Bulgaria was before the assembly for decision.

France abstained from voting on the question of admitting Bulgaria to the league. Rene Viviani, the head of the French delegation, declared it had no objection to Bulgaria as a member, but preferred not to vote in view of the incompleteness of the information given regarding Bulgaria's fitness.

Thirty-five states voted affirmatively when the balloting took place, and Australia joined France in not recording her vote.

The question of admitting Costa Rica was the next on the day's agenda. Doctor Nansen, secretary of the league, explained that the only doubt in his mind was whether Costa Rica was not too small a country, but in view of the membership of its neighbor, Panama, he decided Costa Rica could not be excluded on that score.

Antonio Huertas, of Chile, and Senor Restrepo, of Colombia, moved that the assembly vote unanimously in admitting Costa Rica.

Five States Denied Admission

The committee reported unfavorably on the applications of Armenia, Lithuania, Latvia and Georgia. It failed to recommend the admission of Armenia because authority over the entire territory of that nation was not being exercised by the government. The hope was expressed that Armenia might be admitted at an early date.

It was pointed out that Armenia was a signatory of the treaty of Sevres, the Turkish peace treaty, and the question was raised whether the ratification of that treaty, when it was accomplished, would not make her automatically a member of the league.

The assembly of the league for the present, however, was against the admission of Armenia, Canada, Switzerland, Sweden, Peru, Uruguay, Venezuela, Portugal and Austria, and for her admission but the votes of twenty-one other states were recorded against her. China, Persia and Poland abstained from voting.

The assembly passed a resolution presented by Delegate Rowell, of Canada, expressing the hope that President Wilson's efforts would result in the saving of Armenia and the establishment of a stable government, so that she might be admitted to the league in the not far distant future.

President Hymans announced that the request for consideration of the Tacna-Arica case at this session of the assembly had been withdrawn, with the request that it be put on the agenda of the next assembly, to meet in September.

Russian Problem Develops

Debate was expected when the report relative to the admission of Baltic and Caucasian states was to be considered. N. W. Rowell, of Canada, gave notice to the committee that Canada, as a Pacific ocean power, took a special interest in the Russian question.

He declared that question had been raised in its entirety by the proposed relations between the league and the states carved out of the former Russian empire.

Although the Baltic states had the full sympathy of Canada, he asserted, the situation in Russia might change, and the league might find itself faced by a new government claiming access to the sea, in which eventually the league would incur grave responsibility.

It was planned if the assembly finished the election of new members soon enough, to take up the league budget.

EXPERTS DISCUSS GERMAN WAR DEBT

Delegates to Brussels Expected to Fix Amount of Reparations

By the Associated Press
Brussels, Dec. 15.—Economic experts of five of the principal allied powers and Germany met at the conference table here today in the first of a series of meetings which will go far toward determining what Germany must pay for war reparations.

The German representatives, who arrived here last night, gave an impression of being on the defensive. Both sides professed a desire to talk things over, but they were more than willing the other should put its cards on the table first.

The German delegation is composed of twenty-seven delegates, headed by Sigmund Burgmann, Rudolf Havenstein, president of the Reichsbank, and Karl P. von Siemens. One of the German representatives, Herr Silberstein, labor representative, will arrive later in the morning.

The first meeting was called to order at 10 o'clock with former Premier Delaurox, of Belgium, presiding. The arrival of the delegates at the Palais des Academies, where the sessions are being held, attracted no attention on the part of the public.

The morning session was occupied with a deposition by Herr Schroeder, German undersecretary of finance, of Germany's economic situation and the condition of her budget. He painted the outlook in the darkest colors and said he hoped the Allies would not "put the knife to Germany's throat," thus reducing her to Austria's situation.

The afternoon session was devoted to a statement submitted by the Germans on foreign exchange as it affects the relations of Germany and the Allies and Germany's ability to pay reparations.

Besides the official delegates, Herr Burgmann and Herr Havenstein, the session was attended by the German experts of Herr Schroeder's department who occupied most of the session in discussing financial questions and answering the queries of the allied delegates.

There also were present Dr. Carl Melchior, director of the Hamburg-American line; Herr von Sauss, director of the Deutsche Bank; and Herr von Meinel, of the Bavarian ministry of commerce.

CHILE BACKS ARGENTINE

Co-operation Promised in Bringing About Proposal of Delegates

Santiago, Chile, Dec. 15.—(By A. P.)—Chile will co-operate with Argentina for the purpose of bringing about the success of "the high proposals" submitted by the Argentine delegation in a meeting proposed before the assembly of the League of Nations at Geneva, said an official statement issued from the office of President San Fierro today.

This statement was issued following two meetings of the cabinet at which the president acted as chairman. Expressions of sympathy toward Argentina were made in the statement.

Argentina's attitude at Geneva was discussed in the Chilean senate on Tuesday, when Senators Bulnes and Rivero made addresses, mentioning what they termed the failure of Chilean delegates to maintain unity of action with Argentina at the assembly meeting.

CARUSO SUEED BY COOK

Chef Demands \$850 for Breach of Contract—Singer in Court

New York, Dec. 15.—The Enrico Caruso have been in court again, held there this time by a cook, Carlo Ragosino, who says the noted tenor owes him \$850 for breach of contract. Carlo charges that he was engaged to provide over the culinary department of the Caruso household from May 1 to November 1, most of the time at East Hampton, L. I., but that he was told after the fact that he didn't know how to cook and to get out.

As far as Caruso himself was concerned, he was easy to please. "I told Ragosino when I hired him that the little spaghetti would do for me," the tenor testified in court. "But he couldn't satisfy the rest of the family."

The court room was crowded when the case was called this afternoon. Friends of the Carusos and members of the Metropolitan Opera Co., including the director, Gatti-Casazza, were among the interested spectators. For three hours the court listened to the witnesses and then reserved decision.
