MISS GUGGENHEIM WEDS HEIR OF ENGLISH EARL

New York Heiress Becomes Bride of Viscount Stewart

London, Dec. 16.—(By A. P.)—Viscount Stewart, son and heir of the sixth Earl of Castle Stewart, and Miss Eleanor May Guggenheim, daughter of Solomon R. Guggenheim, of New York city, were married here today. The ceremony was performed by Canon David of Coventry, assisted by the Rev. L. S. Stewart, rector of St. Margaret's, County Tyrone, Ireland, and was witnessed by more than 100 relatives and intimate friends of the couple.

The bridesmaids were the Misses Edith MacGeorge, of Glasgow, and Janet Howell, of New Castle-on-Tyre, school friends of the bride, and the best man was Hugh Greer.

The bride, who was given in marriage by her father, wore a gown of the Charles II period. It was a hand-woven, pearl white satin brocade, embroidered with seed pearls and diamonds, and had a rose point lace collar, an underskirt of cloth of silver and a long court train of the same material. It was the bridal gown of her mother, who was Miss Rothschild. The bridesmaids were gowned in white satin veiled with chiffon, with sashes of crimson velvet and silver lake capes.

The wedding was one of the most brilliant events of the London season. During her several years of study in England the bride cultivated a wide circle of friends, and she is declared to be one of the most popular Americans recently to enter the British peerage. She and the viscount first met at a social function in this city.

The couple will spend their honeymoon in Spain.

COAL ONLY \$5.50 A TON

Pittsburgh Schools Profit as Bottom Falls Out of Market

Pittsburgh, Dec. 16.—(By A. P.)—Pittsburgh public school buildings, which a few weeks ago were closed because of their inability to obtain a bituminous coal supply at \$8 a ton, were today storing quantities of coal at the nominal rate of \$5.50 a ton.

The bottom fell out of the market when a wholesaler announced he had 1600 tons in cars on a convenient railroad siding, but had to get rid of it because the railroad company was demanding demurrage.

CONSTANTINE SAILS ON GREEK WARSHIP

Monarch Slept Under Royal Banner Last Night for First Time in Three Years

U. S. ADMIRAL CALLS ON KING

By the Associated Press

Venice, Dec. 16.—Former King Constantine, Queen Sophie and their children sailed from Venice this morning on board the Greek cruiser Averoff for Dhaloron.

The Averoff weighed anchor at 8:40 o'clock and proceeded immediately on her voyage to Greece with the returning royal party.

A destroyer preceded the cruiser out of the harbor.

From the moment Constantine set foot on the deck of the Averoff yesterday morning, and thus figuratively stood on Greek soil, royal honors were paid him. The big cruiser escorted out a royal salute. Italian dignitaries paid calls of ceremony and the crews of many vessels in the harbor dressed ships. Among those who called on Constantine was Rear Admiral Philip Andrews, commander of American naval units in the Adriatic.

The Averoff was accompanied to this port by a squadron of destroyers which will convey her back to Greece.

The Greek contingent was jubilant over the action of Rear Admiral Andrews. Some of the entourage said they considered an official call made by Admiral Andrews as tantamount to recognition by the United States of the restoration of Constantine.

The secretary of Constantine said Constantine and Queen Sophie expressed gratification over what was termed the significance of the action of Admiral Andrews and the Italian Government toward Constantine.

Constantine arrived in Venice on a special train, his cars having been detached from the regular train at the Italian frontier. The ostensible reason for this was that the train would be unable to climb the grades with the three extra cars. It is understood, however, that the detaching of the cars was a precautionary measure. IN ENGLAND CAUSE PROBLEM

Unemployment Now Serious, 1,000,000 Men Out of Work, Asserts Labor Leader

START LOCAL IMPROVEMENT

By the Associated Press

London, Dec. 16.—Unemployment in Great Britain, which has been steadily growing, has created a serious problem, which during the last few days has become more urgent owing to the advent of severe weather. There is general anxiety over the situation, as nearly every trade in the country is affected.

Unemployment is common among clerks and middle class occupations, as

AS AMONG MANUAL LABORERS, AND OFFICIAL STATISTICS SHOW THAT ABOUT 500,000 ARE WITHOUT OCCUPATION AT PRESENT. IT IS ADMITTED, HOWEVER, THAT THIS IS FAR BELOW THE REAL FIGURE, AS THERE ARE MANY WITHOUT WORK WHO HAVE NOT BEEN REACHED BY STATE OR OTHER ORGANIZATIONS.

Labor circles declare the actual number of men out of employment is fully 1,000,000. Upon a majority of these are three dependents and the total number of persons suffering from the present conditions is placed at from 3,000,000 to 4,000,000, a large proportion being former soldiers.

There is a general tendency on the part of trades unions and local authorities to rely upon the government to solve the problem, but in several places municipalities and other organizations have begun improvement works, the cost of which will be paid out of local taxes. The national executive of the labor party yesterday passed a resolution declaring the "present scandal of innocent starving persons cannot be allowed to continue," and calling upon the government to maintain persons for whom no work is available. The government is asked to pay each man forty shillings per week and each woman twenty-five shillings, with additional allowances for dependents. This
