State Senator T. Larry Eyre Will Offer Bill Abolishing Nonpartisan System

PRESENT PLAN CONDEMNED

A fight to abolish the nonpartisan election of judges, a move that will affect the Municipal Court situation here two years hence, will be made in the Legislature.

Senator T. Larry Eyre, Chester county, in this city in connection with the work of the Assembly "slate" committee, announced today he would introduce his bill to abolish the nonpartisan ticket for judges.

Senator Eyre contends that a return to the party system would result in the election of the most capable men because the party would be held responsible for its candidates.

The terms of a majority of the Municipal Court judges expire in 1923. Opponents of the nonpartisan plan say it enables a political organization to "put across" a judicial slate with greater ease when there is nothing on a ballot to indicate a candidate's political affiliations.
