HOME TIES ARE STRONGEST

Fifty-seven Russians Love America, but Are Returning to Kin Overseas

Chicago, Jan. 19.—(By A. P.)—Fifty-seven Russians are carrying back to their homeland small American flags and also, they declare, the principles of American freedom they gained in this country, although they voluntarily renounced the American form of government for the Soviet. They are not in sympathy with bolshevism, they say, but are returning to Russia because they could not bring their wives, sweethearts or families to America...

Tells of Andes Trip

"Across the Peruvian Andes to the Amazon" was the journey described and illustrated by lantern slides by Dr. William E. Hughes, at the Academy of Natural Sciences. This lecture, one of a series of travel talks being held during the winter, consisted of a description of the difficulties of travel in the mountain regions of South America, and the standard of living, habits and methods of transportation of the natives...

Advertisement for Horlick's Malted Milk, featuring an illustration of a cow and text: "One of the Reasons Why American Cooking is Becoming Better—More Delicious—Easier to Digest. Some Interesting Information for the Progressive American Housewife. IN the 'good old days' we talk about so sentimentally—but which few of us would ever want to go back to—everyone used a lot of grease and lard for their cooking. That's one reason Americans formerly had the reputation of being the most dyspeptic nation on earth. There has been a great change in this condition. Many million families in America have abandoned old-fashioned cooking methods. They are now using vegetable oil for all frying, sautéing and baking, and for shortening biscuits, pie crusts, and other delicious foods. And it is interesting to know that Mazola has the greatest sale of any brand of vegetable oil. And food cooked with Mazola tastes better. Steaks, chops and all fried foods are crusted over almost instantly, when fried in Mazola. The flavor and all the rich nourishing juices are kept in. There is almost no absorption of the fat into the cells of the food, as there is when food is fried in lard and animal fats or ordinary cooking fats. Women of Refinement Welcome Modern Cooking Methods. Women of refinement everywhere appreciate the fact that there isn't any smoke or odor of cooking with Mazola. The reason is Mazola can be heated so hot before it begins to burn—not like animal fats and ordinary cooking oils. Being an oil, Mazola mixes more readily than do the fats generally used for shortening, and so saves time and labor. There is no waste to Mazola. You do not discard it—even after frying fish or onions. Just strain the oil and use it over and over again—even for shortening and pie making. It is interesting to know that some of the finest French pastry baked today is made with Mazola. It gives a crisp richness to pastry that is not obtainable with any other fat. You Don't Have to be an Expert to Make Delicious Salad Dressings. Many young girls, just out of school, who never tried their hand at a salad dressing, make perfect Mazola Mayonnaise and Hollandaise. Because these are so easy to mix, and perfectly delicious with cold meats, fish, or as a dressing for asparagus tips, green salad or cold boiled vegetables. Many of the greatest experts prefer Mazola as a salad oil, as it blends more perfectly with the other ingredients of the dressing, than does olive oil. This is one reason why Mazola is so extensively used today in the best clubs and hotels, as well as in dining cars, lake steamers and trans-Atlantic liners. Mazola is an American product, made in America. You don't have to pay the heavy ocean freight rates and the custom duty of 30c a gallon that are assessed on imported olive oil. If you haven't yet tried Mazola, go to your grocer and order a can today. In pint, quart, half-gallon and gallon tins. FREE. New handsomely illustrated Cook Book of 64 pages of practical recipes. Tells you how to make French Toast, Cakes, Pies, Pastries, Candies. Write Corn Products Refining Company, Box 161, New York. NATIONAL STARCH COMPANY. District Sales Representative. 135 S. Second St. Philadelphia, Pa.
