# Does Life Insurance Carry You?

Nobody carries Life Insurance. It can't be carried. Life Insurance burdens no one.

Every man feels that the future of his family is actually a load on his mind and heart, a load that cripples his efficiency; that makes him reckless in expenditures, because he can not meet the problem of his family's future welfare, or makes him miserly and unhappy for the same reason.

Life Insurance assumes this load, and relieves him of his burden. It starts him out every day care-free regarding future obligations, or in case of serious illness or sudden death.

## Life Insurance Develops Systematic Saving

If your Life Insurance does not carry you, call the first Life Insurance agent you think of and tell him you want quick relief from uncertainty to insurance.

Have Life Insurance carry you and your family safely, smoothly to financial security.
