# RANKLIN SALES

### Past Month Sets New High Mark for December Business

M ORE Franklin Cars were sold during the last month of 1920 than in any previous December in Franklin history—1041 in all.

The motorists of this locality played a full part in the establishment of this new record. They bought from this dealership 18 more Franklins than we had ever before sold in December.

To set a new high mark for sales at this particular time is undeniable evidence of where the Franklin stands in motorists' opinions.

People are buying Franklins today because they want what the Franklin has always stood for-the motoring advantages which light weight, flexibility and direct air cooling deliver:

Comfort that makes possible a steady, rapid pace Ease of handling that prevents fatigue and strain Reliability that wards off delay and annoyance Tire life that saves time, trouble and expense Complete freedom from all cooling vexationsand-
