

KILL 6 AMBUSHERS ATTACKING POLICE

Several Hundred Sinn Feiners
Waylay 15 Constables; Driven
Off After Battle

MUCH AMMUNITION SEIZED

By the Associated Press
Siddibreen, County Cork, Ireland,
Feb. 3.—Six members of a party said
to number several hundred Sinn
Feiners were killed and several others
wounded in an attack last night upon a
detachment of fifteen police between
Burgada and Rossenberry, according to
reports from police sources, reaching
here this morning. The attacking
party was beaten off after a fierce fight,
abandoning a quantity of ammunition.
The police, the reports declare, sus-
tained no casualties.

Special Cable Dispatch, Copyright, 1921.
Dublin, Feb. 3.—The execution of
Cornelius Murphy, for possessing a re-
volver in the martial law area, has
caused a big sensation throughout Ire-
land. No hint of the sentence reached
the public until after the execution, and
it is feared there may be more execu-
tions for the same offense, as fifty men
are held in Munster province on charges
of a like nature for which the death
penalty is proclaimed under martial
law.

A military lorry was attacked at
Nowcum bridge, Dublin, last night by
twenty men armed with revolvers. No
casualties were reported.

Thomas Kelly, fourteen, was stand-
ing in front of his home on Mount
street, when he was shot in the leg
from an armored military car. Stand-
ing anywhere in Dublin is forbidden.

A meeting to organize the Irish
White Cross Relief Association to act
with the American committee, which
Tuesday called \$50,000, was held here.

Joseph McGuinness, Sinn Fein mem-
ber of Parliament from Longford, was
used yesterday as one of the hostages
on a military lorry to protect the sol-
diers and police from attacks. McGuin-
ness had been a prisoner, but had never
been tried.

ITALIAN HEIR TO \$60,000,000

Milan Carman Says He Won Right
to Fortune in U. S.

Special Cable Dispatch, Copyright, 1921.
Milan, Feb. 3.—Pietro Longhi, a
street railway employe, stated that he
had just inherited \$60,000,000 (about
2,000,000,000 lire at the present rate
of exchange) from an old relative who
died in America in 1906. Longhi's wife
confirmed the strange story last night.
Longhi's wife declared that her hus-
band's uncle left Italy for the United
States many years ago. On his arrival
in the United States he was adopted by
a rich American whom the Longhis
never knew. Longhi's uncle soon be-
came quite wealthy, and when he died
his fortune was considerable. At the
time of the uncle's death no will was
found and the Milan carman started
immediate legal action against the
United States Government to secure
possession of the fortune. In the mean-
time the American Government seized
all the deceased man's property. Fi-
nally, according to Longhi's wife, the
courts decided that the properties must
be handed over to the dead man's
nephew, namely, the Milan carman.
Longhi last night was still at work on
a street car.

ROYALTY IN BUSINESS

King George's Cousin to Enter Ship-
ping Concern

New York, Feb. 3.—(By A. P.)—
The Marquis of Carisbrooke, who was
looking to sail today for England aboard
the steamship Aquitania, announced he
would enter a business career with a
large London shipping concern. He
has never before been engaged in any
sort of commercial pursuit.
He is a son of the Prince of Batten-
berg, grandson of Queen Victoria, a
cousin of King George V and a brother
of the queen of Spain. He has been a
guest here for several months of Gen-
eral Cornelius Vanderbilt.

FRENCH THREATEN TURKS

Admiral to Bombard Angora Cities
If Prisoners Are Not Released

Paris, Feb. 3.—Admiral Du Mesnil,
commanding French naval forces in the
Near East, has sent an ultimatum
to the Turkish Nationalist Government
at Angora, demanding the immediate
release of French soldiers captured by
the Nationalists in recent engagements,
says a Constantinople dispatch to the
Matin.
He has threatened to bombard locali-
ties occupied by Nationalist forces if
his demands are not met.

JAPANESE AT ODDS ON DISARMAMENT

Proposals of World Agreement
Threaten to Split Kensei-
Kai Party

GREAT MILITARY BUDGET

By the Associated Press

Tokio, Feb. 3.—Proposals that Japan
agree with other world powers to re-
strict armaments, which were recently
submitted to the Kensei-Kai, or opposi-
tion party by Yukio Ozaki, a promi-
nent member of the organization, have
been referred to a special committee of
eleven members of the party. It is de-
clared by newspapers here that the pro-
posals threaten to split the Kensei-Kai
party, as many members agree with
M. Ozaki's theory, but assert it is im-
practicable for Japan to curtail her
military and naval programs.
It is pointed out by the Kokumin

Shimbu that Japan's financial posi-
tion will not permit her successfully to
compete with the United States and
England. The pending budget sets aside
32 per cent of its total amount to naval
expenditures, while 18 per cent would
be appropriated to the army, the news-
paper declares.
"To devote 50 per cent of the na-
tion's total expenditures to the army
and navy," the newspaper says, "is a
record-breaking example in world his-
tory."
M. Ozaki asserts the total armament
expense of Japan will eventually reach
75 per cent of her total expenditures
and he urges that more money be given
to education, declaring that, even
adopting the "double-shift" system,
the schools of the country cannot ac-
commodate the children seeking admis-
sion. He declares the greatest cause
for Japan's isolation is the appearance
of this country in conducting all its
work by means of military strength. He
has contended that Japanese naval ex-
pansion, in spite of denials, has had
America and Great Britain as its ob-
jective, and he has asserted it would
ruin the country eventually.
Gratification is expressed by the
Nichi Nichi that a man of M. Ozaki's
fame should favor restriction of arma-
ments, the newspaper saying that his
proposals should help to remove the
impression that Japan has warlike in-
tentions. The journal, however, deems
the completion of the present Japanese
naval program imperative.

RHALLIS TO GO TO LONDON

Greece Will Be Represented at Con-
ference on Near East

Athens, Feb. 3.—(By A. P.)—It
has been definitely decided that Pre-
mier Rhallis and War Minister Gon-
naris shall represent Greece at the Lon-
don conference of February 21, when
the Supreme Council will consider the
Near Eastern situation. They will
probably leave for Brindisi on a Greek
destroyer next Sunday, proceeding
thence by train for Paris, where they
expect to spend several days.
It was said today, however, by M.
De Billy, the French minister, that he
was not sure the French military au-
thorities would permit M. Gonaris to
enter France, because of his alleged
breaking of a parole given the French
authorities in Corsica during the period
of his exile from Greece.

RENARD WEDS MODEL

Famed Milliner, Divorced, Marries
Beauty Named by Wife

New York, Feb. 3.—Maurice Renard,
milliner, who divorced Clara Louise
Renard, obtaining his final decree Jan-
uary 28, was married to Miss Maude
Mason, a model, Tuesday night, in
Port Chester, N. Y.
In a separation suit brought by Mrs.
Renard, before he sued for divorce, she
charged that Miss Mason, employed by
her husband, had broken up her home.
She said she found a bottle of per-
fumery and articles of clothing which
disappeared from her home in Miss
Mason's apartment. The suit for sepa-
ration was dropped.
Mr. Renard gave his age as forty-
two, and his new wife said she was
twenty-six. She gave her address as
the Hotel Ambassador, Atlantic City.

ALBERT SURPRISES MADRID

Belgian King in Civilian Clothes
Walks Unobserved About City

Madrid, Feb. 3.—(By A. P.)—King
Albert of Belgium, who is visiting King
Alfonso, broke all royal precedents early
yesterday morning when he left the pal-
ace alone, dressed in civilian clothes and
walked through the streets of the city
of Madrid. The king was not recognized
by a single citizen.
Albert, who is accustomed to rising
early, was able to see a large part of
the city before the stores had opened or
the workers had emerged from their
homes. He returned to the palace be-
fore a majority of the royal household
had risen for breakfast. His arrival
caused much surprise to the guardians
of the palace who had not observed his
departure.

J. B. Sheppard & Sons

Tempting Lots for Tiny Tots

PHILIPPINE Dresses, \$2.00 to \$6.75.

REDUCED dresses from the ends of the
earth—France and the Philippines. All
hand made. Odd sizes, mostly 2 years.

"The Pulse of Your Property"

THE individual registering instru-
ment in the Holmes Central Office
that stands guard over your prem-
ises might be called "the pulse of
your property."

IT indicates at all times the condi-
tion of the wiring on your premises,
and thus protects against burglary
and makes possible the early discov-
ery of leaks, fires and other irregu-
larities.

This feature of Holmes service alone saves our
subscribers many thousands of dollars annually.

Twelve Miles of Insulation—five
acres of roofing—installed in
"The American Way"

Eastern Plant of Sears-Roebuck & Company, on Roosevelt Boulevard, Insulated and Roofed by the American Insulation Company (Irwin & Leighton, Building Contractors)

"THE AMERICAN WAY" means: in the splendid,
efficient manner that singularizes modern
American methods of getting things
done thoroughly, regardless
of obstacles or the size
of the undertaking

Applied to roofing and insulation "THE
AMERICAN WAY" means just that. There is
no job too big; no need or requirement that cannot
be—that is not—satisfied when your contract is
executed in "THE AMERICAN WAY."
With fifty distributing points within a radius
of a hundred miles and our central warehouses and
factory located within easy reach at Nicetown, we
are practically next door to every building site in
Eastern Pennsylvania, New Jersey, Delaware and
Maryland.

With twenty service cars constantly keeping
our engineers and service experts in touch with the
various contract jobs on which our men are work-
ing, and with stocks on hand for instant delivery,
together with a mobile force of skilled workmen
ready at an hour's notice for any undertaking, large
or small, we have taught the building and construc-
tion organizations of this territory to depend upon
us for a supreme SERVICE, which is best described
as "THE AMERICAN WAY."

Recent Installations Made in "The American Way"

- Electric Storage Battery Co.
- Commercial Truck Co.
- Link Belt Company
- Frankford Arsenal
- Folwell Bro. & Co.
- Philadelphia General Hospital Power Plant
- Westinghouse Electric & Mfg. Co.
- Phila. Electric Co. Delaware Station
- Armory Drill Shed, 33d and Lancaster Ave.
- Cambridge Worsted Mills
- Baldwin Locomotive Works Flange Shop

MANUFACTURERS—DISTRIBUTORS—CONTRACTORS

ROBERTS AVE. & STOKLEY STREET, PHILADELPHIA, PA.

Before you rent, buy or build a factory, consult us

Few manufacturers realize the importance of obtaining expert advice
before they rent, buy or build a new factory. The usual procedure is for
firm members and executives to decide more production or more economy of
production is needed, and the best way to get it. Then to call in experts and
tell them what to do.

The time to consult expert opinion is before not after you decide what
to do. An expert's investigation may reveal facts you didn't consider and
recommendations that would save you both time and money.

If you are confronted with problems involving new, bigger or better
factory quarters, call us in as expert counsel, the same as you would call
upon your lawyer in a legal matter. With our organization of industrial
experts, engineers, architects and constructors, we can help you get facts—
the essential facts of your business. All you have to do is tell us what you
want to accomplish. We will thoroughly investigate your plant and tell you
how you ought to go about accomplishing your aim and what it will cost.
And we will be prepared to prove every recommendation with facts.

After our report is in your hands you have a sound, logical, prac-
tical basis for discussion—all facts, not "maybes" or approximations.

During our 57 years as industrial constructors in Philadelphia, we
have designed, built and equipped hundreds of factories in eighty-four dif-
ferent industries. We have been building counsel for the following concerns:

- Folwell Bros. & Co., Inc. 28 years, 8 Bldgs.
- Drueding Brothers 25 years, 6 Bldgs.
- Geo. W. Blabon Co. 14 years, 15 Bldgs.
- The Electric Storage Battery Co., 8 years, 26 Bldgs.
- John Wanamaker 20 years, 7 Bldgs.
- Dill & Collins Co. 15 years, 17 Bldgs.
- Orinoka Mills 20 years, 7 Bldgs.
- Jos. H. Bromley 20 years, 11 Bldgs.
- N. Snellenburg & Co. 15 years, 10 Bldgs.
- Philadelphia Tapestry Mills 24 years, 7 Bldgs.

Take the same precaution these successful firms have taken for
so many years. Consult us about your factory problems. We will
be glad to interview without obligating you in any way whatsoever.
