HOW TO CURE A COUGH
One Biddy Brown, a country dame,
As 'tis by many told,
Went to a doctor—Drench by name—
For she had caught a cold.

To the Editor of the Eventus Public Ledger:
Sir—Father and son are aged seventyone and thirty-four years respectively. A
one and thirty-four years respectively at
what age was the father three times the
age of his son, and at what age will the
age of his son, and at what age will the
latter have reached half his father's age
I would like some of the People's Forum
mathematicians to work out a solution.
W. C. R. For she had caught a cold. And sad, indeed, was Biddy's pain, The truth must be confest, Which she to ease found all in vais,

For it was at her chest. The doctor heard her case, and then, Determined to assist her. Prescribed—oh! tenderest of men. Upon her chest a blister.

To the Editor of the Evening Public Ledger:

Bit-Please inform me if it is true that
a bill was passed by Congress last June
providing a pension for all Spanish War
veterans. What procedure is necessary to secure the pension, and to whom should apply? Away went Biddy, and next day
She called on Dranch again.
"Well, have you used the blister, pray,
And has it essed your pain?" Philadelphia, February 4, 1921.

The act of Congress, known as the Selis bill, approved by the President June 5, 1920, provides pension for disabled veterans of the Spanish-American War. Proper blanks on which to make application for such pensions will be furnished upon request. Write for them to the commissioner of pensions, United States Department of the Interior, Washington, D. C.

"Ah, sur," the dame with curtary cries 'indeed, I never mocks;
But, bless yel I'd no chest the size,
Bo I put it on a box." " Sut, la! mun, it be of little use: It never rose a blt: And you may see it if you choose. For there it's sticking yet!"
