

BOARD MEMBERS RALLY TO BROOME

Thomas Shallcross and William Rowen Will Support New School Head

WERE FOR PHILADELPHIAN

Thomas Shallcross and William Rowen, Board of Education members, who stood out to the last for a Philadelphia at the meeting of the board Tuesday...

Mr. Shallcross sent a letter to Dr. Broome as follows: "You may have noticed that at the board meeting last Tuesday you did not receive my vote..."

"From the city's first settlement my ancestors were Philadelphians, and I was so obsessed with the idea that while everything eminent in the arts, science and professions were foremost in our city we also had the material for a superintendent..."

"I met Dr. Broome when he was in the city," said Mr. Shallcross, and at the time I was impressed with the fact that personally he was a very fine man...

"I like him very much and think he is a regular he-man. Higher personal praise than that I cannot offer to any man."

Great Pride in City "In understanding why I stood out for a Philadelphia you must understand how much my heart and my interest is bound up in this city..."

"My ancestors came over to this city from England not in the same boat but at the same time as William Penn, the founder of our city..."

"Two other members of the Shallcross family, landed in this city and settled in a tract of land north of Frankford, which has remained in the family ever since..."

"Referring to the Rev. Dr. Floyd W. Tomkins' criticism of members of the Board of Education that they are in their dotage on account of age, I would like to call attention to the fact that I am one of the oldest members of the board..."

Mr. Shallcross said he was close to eighty years of age. "I do not know the age of Dr. Tomkins," mused Mr. Shallcross, "but I am willing to wager that I can play any game successfully with him, except talk, and talk, in my estimation, is not much of an asset..."

"If he would like to try a test of physical vigor with me in any form of athletic competition such as running a footrace, at quonits or hunting or gunning, I believe I could prove more than a match for him."

"Off His Track in This Case"

Dr. Tomkins is a theologian and I don't doubt that he helps many of us to do better in this life, but he is getting off his track in this case. He is criticizing those who are doing as good work as he. Many people think that he is inclined to talk too much...

"I am used to practicing, not preaching. I don't interfere with him, but he shouldn't interfere with us..."

"I have been a member of the Board of Education twenty-five years and I still feel young. I keep busy and live a clean, healthy, outdoor life..."

"I had no personal feeling in this matter. I think Dr. Broome is a fine gentleman. I like him very much. He is clean-cut and has good common sense..."

"I did feel, however, that we had as good men for the post in our own school system as could be found elsewhere, and that other things being equal, the opportunity should be offered to one of our men..."

Woman Drinks Poison in Mistake Almost blind, Mrs. Sarah Edelson, fifty-three years old, of 511 Millin street, swallowed carbolic acid in mistake for grip remedy last night...

Great Pride in City (Continued) "I met Dr. Broome when he was in the city," said Mr. Shallcross, and at the time I was impressed with the fact that personally he was a very fine man...

"I like him very much and think he is a regular he-man. Higher personal praise than that I cannot offer to any man."
