and griddle or buckwheat eases of cardy Colonial days is still a favorite in many, many homes. Buffalo berry +** sinal fruit growing wild in the West, resembles the bar-berry, and was used in place of currants by the early pioneers. It obtains its name from the fact that these pioneer housewives made a tart sauce from the housewives made a tart sauce from the small berries and served them with buffalo ing. ment.

Bun-A round, succeened biscuit vation Bun-A round, successful busch made from yeast-raised dough. Burnet or pimpernel-An aromatic garden herb of peculiar taste, resem-bling somewhat the taste of the cucumber. The young green leaves are used in salad and the dried herb as a season-

Butter-Made from milk fat. The standard butter contains between 13 and 16 per cent water and 82.5 per cent and 10 per cent water and 82.0 per cent milk or butter fat. Fresh, unsulted creamery butter is very deleate and keeps only a short time. All butter should be sweet and good tasting. Ran-eid butter is enused by development of butyric acid, and can be reprocessed by first maching in second wangs and the intine first washing in several waters and then tinally in fresh milt.

Butter should be kent in a special container that has a close titting lid, in of meat the lower part of the icebox away from Cansa

the lower part of the scelox away from the foods of pronounced odor. Butterine or electronrgarine will be fully described under this heading. Buttermik-A product that is left world where climatic conditions permit.

varieties of the cablage family, each mayorinaise dressing with one with of distinctive from the other. This succu-lent vegetable-the common cabbage son. Mask with mayorinaise when servhas two distinctive varieties, the early ingrease two quarts and late cabbage. Seven quarts of the grean cut in six

and late cabbage.
