

TODAY'S MYSTERY STORY

By PHILIP FRANCIS NOWLAN

Saturday's Mystery Solution

IN THE mystery of "Washed Evidence" the thing which the murderers did not know or suspect, when they dumped out the bathtub after cutting their victim's body in it, was that the drainage of that particular house was not carried into the sewer, but discharged into the ground nearby.

Not Guilty

THE man had been deliberately poisoned. There was no doubt about that," Dr. Norwalk was saying. "Those symptoms could only have come from the one drug, and that was a drug which I was not using in the treatment, and for which there would have been any use around the house."
