Four More Days of a Furniture Sale Unmatched and Unprecedented

Four days to secure some of the finest furniture in the land at the largest savings ever offered on such an extensive collection of desirable goods!

Four days to choose anything in the whole furniture stock at a deduction of 33 1-3 per cent and of 50 per cent in some cases!

Four days of opportunities such as have not been presented in years!

Four days of a Furniture Sale unprecedented in character and unequalled in everything that means anything to the homes of the people!

It will be a Wanamaker Sale to the end; which means that on the last day it will afford—as it afforded on the first day—a field of selection absolutely unequalled.

And yet, while we still have a fine assemblage of furniture here, we have not a piece or suit that we are not glad to have and not one for which we will not have need.

Monday Next the Sale Ends

The feeling amongst homekeepers that time is passing and that opportunities are passing with it becomes

more and more intense every hour at this last stage of the Sale. You know what that invariably means—an unusual last-minute demand.

Everything goes to show that we are well prepared for this, but at the same time it stands to reason that the sooner one makes selections, the better.

There is much more to gain by acting than by waiting.

We cannot say when there will be another such opportunity.

Quilts Good and Warm at Much Lower Prices

Down quilts, fresh from our own workrooms, in covers of plain sateen, figured sateen and silk, and figured sateen, size 6x7 feet, \$12.

Size 6x6 feet, covered in figured satin and with plain sateen insertion, \$12.

Size 6x6 feet, covered with French sateen and interlined, \$15.

Others covered with plain Japanese silk at \$18, and some in covers of figured silk, with plain Japanese silk borders at \$20.

Exceptionally fine are some down quilts in rich, plain satin at \$37.50, size 6x7 feet.

All of these prices are about one-third to one-half less than former figures.

Wool-filled quilts in splendid selection at \$6 to \$50.

Four More Days of the Mattress Sale

Tomorrow and three more days to choose mattresses, pillows, bolsters and bedsprings at substantial savings from regular prices.

The sale includes our entire stock of these goods.

Four Days to Choose Office Furniture at 33 1/3 Per Cent Less

The first office furniture sale ever known in which an entire stock was offered at a deduction of one-third has just four more days to run. Monday ends it.

Being an unprecedented sale, full of remarkable opportunities, it has naturally depleted our stocks, but the selections still here are such as to mean a great deal to business men looking for new office chairs, or desks, or other equipment at a real saving.

Sometimes a Still Tongue Proves a Wise Head

Oftentimes any hastening to speak loses by display of ignorance.

Many regret their much speaking, but hardly any person regrets shortness of speech. Surely our seniors should possess ripened knowledge and experience, but you cannot always measure a man's wisdom by the baldness of his head or the whiteness of his beard. Neither is it the privilege of the blind to pass opinions on colors.

The cask can only yield the liquid it contains.

This Store strives to do better than it promises.

Women's New Jersey Suits for Spring at the Good Old Price of \$25

Considering the fine quality and fine workmanship of these suits, it seems like old times to be able to sell them for \$25.

They have coats with tuxedo fronts and self-folds or bindings; coats with notched collars, coats with box-pleated backs, with straight backs and with fitted backs. Skirts are all of the length and width which make walking easy.

Colors are oxford, the new gray-blue, olive and heather mixtures.
Price \$25.
(First Floor, Central)

New Peter Pan Blouses at \$3 and \$3.85

They take their name from the round, youthful looking collar but, in fact, the whole blouse is youthful in appearance and both of the two styles are very suitable for sports suits.

One at \$3 is of white lawn with a trimming around the collar, cuffs and down the pleats of ric-rac braid.

The other, at \$3.85, is of striped dimity with a narrow fluting used in the same way.
(Third Floor, Central)

Easter Petticoats

Silk jerseys at \$3.85. These have accordion-pleated flounces, and come in rose, blue, navy, tan, black and other colors.

Silk jerseys of slightly heavier material have double pleated flounces. These also are in many colors.

Taffetas at \$7.50. Hem-stitched flounces, colors changeable street shades.
(Third Floor, Central)

Women's Wool Stockings "Seconds" at \$1

Brown heather mixed woolen stockings which if first grade goods would be just double this price and greatly in demand at that.

Little Boys' Suits Well Made and Brand-New

It is surprising the number of styles there are in small boys' suits!

For instance, there are suits with white blouses and colored trousers; there are others that show the sailor or regulation influence; still others are in suspender style.

Light tans, light and dark blues are the colors most used, and there are all-white suits, too.

The cottons are of sturdy weave, they are in one color or in striped effects, they have been carefully made, the styles are the kinds small boys will like to wear, and there are two to five year sizes.
\$3.25 to \$6.
(Third Floor, Chestnut)

Women's Figures Today Are Fine as Those of the Ancient Greeks

We've been suspecting it for a long time and here comes an English writer who confirms our idea. She had been wondering why the women sculptured by those masterly Greeks had not seemed so remarkable of late years, when suddenly she perceived the reason—the women all around her were equally beautiful—or more so.

That's what the sensible, comfortable modern corset has achieved—the corset that is large around the waist and low above it; that gives room to breathe and acts merely as a support, and a flexible one at that.

Prolapsed front-lace corsets are one of the favorite phases of this modern corset, and they come in models designed to suit almost all types of figures—the slender, the average and the tall.
Prices are \$5 to \$12.
(Third Floor, Chestnut)

125 Tweed and Velour Coats for Women at \$25

Nearly every one has been twice this much or very close to it and the best of all is that almost all of these coats are in a good weight for Spring.

For example, there are some very nice tweed coats in an attractive sports model. Some pretty soft velours, both plain and silvertone, these are entirely silk lined. Also some heavier frieze, men's overcoating, ulsters.

And to them we have added some Spring wool jersey sports coats, belted styles with a yoke.

They are wonderfully good coats for \$25.
(First Floor, Central)

Young Women's Smart New Dark Blue Suits at \$65

This is a distinctive, new, rather plainly tailored suit of fine wool tricotine, in dark blue.

The jacket is of the fashionable length, has a narrow, long roll collar, which like the rest of the jacket is bound with black silk braid, and is lined throughout with lustrous peau de cygne. The shoulders are narrow, the sleeves tight and finished with buttons, and the coat fastens with two buttons. A narrow belt gives just the final touch.

It is an uncommonly good-looking suit, is smart, correct for general or better wear, and the price is \$65.
14 to 20 year sizes.
(Second Floor, Chestnut)

Young Women's Pretty, New Taffeta Frocks at \$25

Spring-like little frocks of shining taffeta in the fashionable dark brown or in the popular dark blue.

Made in attractive, new fashion—with that youthful, straight bodice which gives the long waist line and ties in the back, sash-fashion. The neck is round and the sleeves short, and both are finished with creamy lace and net pleating.

The skirt is in a pretty draped style, and short.
\$25—and 14 to 20 year sizes.
(Second Floor, Chestnut)

New Spring Skirting Plaids Just as Pretty as Can Be

They can be used for pleated or plain sports skirts, there are large plaids and small checks, but in every case the colors are soft and beautifully combined.

Plenty of the favorite combinations of blue-and-tan, black-and-blue, brown-and-tan and also black-and-white. They are all 54 inches wide and priced most moderately at \$2.50 a yard.
(First Floor, Chestnut)

Women's Storm Shoes That Have Style With Their Sturdiness

One is a lace boot of tan grain calfskin, with wing tip, perforations, blind eyelets and very low heel. A very shapely shoe for all its sturdiness and priced at \$11.75 a pair.

A still heavier lace boot is of tan viscolized leather with straight tip, round toe, heavy sole and military heel. This is \$11.50 a pair.

Splendid shoes for snow, slush or rain.
