Mrs. Sidoni S. M. Gruenberg, wife of e' rimasto profondamente impressionato M dalla dettagliata relazione ricevuta in Dr. Gruenberg, stated that the old spirit of parental autocracy would have to be succeeded by a realization that the child was not a toy or a chatmerito all'incendio che ha distrutto la spirit of parental tel, but a young person deserving of the highest respect. She urged family councils for a solution of many of the child problems.

child problems. • "In my tours of the Middle West." said Mrs. Gruenberg. "I found that the principal subject of interest among thousands of mothers was the question of sex education. This interest is sweeping over the country like a tidal wave. Two years ago in the same territory there was practically no interest shown

this important matter. "Mothers must learn, however, that time devoted to these meetings must not be wasted in the beauties of Scotch ballads or some ultra form of poetry. "Another benefit will be the fact that as the period of adolesence that gen-erally the most stressful and difficult of all periods, is reached, this plan will find the parents' troubles on the want instead of the increase."
