

N. J. SENATE GETS UTILITY BILL VETO

Wallworth Says He Has Sufficiently Pledged to Repass Measure Today

KENDALL QUILTS SCHOOL JOB

Special Dispatch to Evening Public Ledger—Trenton, March 1.—Governor Edwards' veto of the Republican Wallworth measure for a new public utility commission of three members will come up for a vote in the state Senate today. The veto message was received last night. Senator Wallworth, of Camden, said he had sufficient pledges to override the veto.

Republicans are awaiting quick action on the bill now already circulating as to personnel of the new board of three members.

It had been reported that Camden would get the Republican member of the commission. Today a report gained circulation that Camden would have the selection of former Mayor Harry Baehrach, of Atlantic City, for the Republican commission.

United States Senator Edge has the appointment of the collector of internal revenue at Camden. Mr. Baehrach has

been endorsed by all South Jersey counties for this job, with Camden alone standing out for a Republican for that county.

There are reports of a deal on foot to have Edge appoint a Camden man as internal revenue collector for the nomination of Mayor Baehrach to the Utility Commission.

Majority Leader Mackay, of Bergen, chairman of the Senate Judiciary committee, said the Van Ness prohibition enforcement bill would be favorably reported today. A vote will be taken tomorrow unless the Republicans agree to bring it up immediately under suspended rules.

In a special message to the Legislature the governor called attention to the various measures pending to increase the mileage of the state highway system by 450 miles with an added cost of \$30,000,000 exclusive of bridges. Passage of bills to further extend the highway system would bring the total cost up to \$81,000,000. Total of \$18,000,000 for construction has been contracted for, making a grand total of \$103,000,000 for a project originally estimated at \$15,000,000.

Following receipt of the special message the Senate passed one of the bills referred to the governor, extending the highway system from Salem to Bridgeton by way of Quinton and Shiloh.

Governor Edwards today announced the resignation of Dr. Calvin Kendall, state commissioner of education, to take effect July 1, due to ill health. His successor has not yet been agreed upon.

Milk Price Cut Cent in New York—New York, March 1.—The price of all grades of milk dropped one cent a gallon today for New York consumers, one of the leading milk distributing companies announced.

ATTEMPT TO KILL PANAMA PRESIDENT

Mob Repulsed After Gaining Entrance Into Executive Mansion

U. S. TROOPS ON GUARD

By the Associated Press—Panama, March 1.—One person is dead and four are suffering from wounds received when the presidential guard fired on a mob that broke into the executive mansion here yesterday. One of the injured was Domingo Turner, chief organizer of the demonstration here when General Pershing visited the canal zone last year.

American troops arrived at the home of President Porras just in time to save the president's life. Senor Porras was conferring with William Jennings Price, United States minister to Panama, and Colonel Jay J. Morrow, acting governor of the canal zone, when a crowd which had gathered in front of the palace became threatening. A request was at once sent to the commander of the United States forces in the canal zone asking him to send soldiers to the palace. Before they had arrived, however, a portion of the crowd had broken in one of the doors and had been fired upon. Quiet had been restored last night.

Little Giant Lift and Force Plumbing Fixture Pump, \$6
Big Giant Lift and Force Closet Pump, \$15 Parcel Post Prepaid

We Distribute in All Sections. Agents Wanted A perfect self-sealing suction and force device for breaking up waste pipe obstructions. No other tool needed—no bucket or hose required—makes its own connection. Made a Reciprocating Pump by its Patented Flexible Rubber Cup, able to lift and force without a valve, while at the same time the flexible Rubber Cup makes it the only pump that makes joints within a Waste Pipe. Joints perfectly air-tight and water-tight.

90 per cent of Plumbing Trouble is due to stoppage in waste pipes—Giant Pump removes this—it saves you its cost every time it is used. Should be in every Home, Hotel, Office Building, School, Restaurant, Club, Hotel, etc.

Parcel Post prepaid.
