

STOTESBURY GIVEN ADIEU BY MITTEN

Financier Praised, but is Out of P. R. T. Management, Says President CALLED "ABSENT GUEST"

A new face that will appear as hostess in cabinet circles. She is Mrs. Henry C. Wallace, wife of the new secretary of agriculture. They hail from Iowa.

High praise was given Edward T. Stotesbury, former president of the board of directors of the Philadelphia Rapid Transit Co., by Thomas E. Mitten, president of the company, at a dinner last night in celebration of the tenth anniversary of the "Stotesbury-Mitten management."

At the same time, although Mr. Stotesbury resigned his position with the company as far back as last summer, Mr. Mitten bid the absent guest a formal farewell. Then he announced that from now on the direction of the traction company would be by an undivided head, known as the "Mitten management."

The dinner, at the Lorraine Hotel, was given by the co-operative Welfare Association of the company and Mr. Mitten was present as a guest. It was attended by 200 committeemen.

The climax came when Mr. Mitten was presented with a leather-bound volume bearing the names of the 10,000 employees of the company. A similar volume had been prepared for presentation to Mr. Stotesbury.

After thanking the employees for the gift Mr. Mitten said: "It is with great regret that I find that Mr. Stotesbury cannot be with us tonight. His letter of regret was all that we could have expected, however, as he is well up in years and is enjoying a much earned vacation. I know he is with us in heart and spirit, however."

"The book, containing the signatures, was put together at my suggestion so that you employees of whom I am so proud, might speak. Tonight really marks Mr. Stotesbury's departure from the company. Ten years ago when we took hold he entered into the situation without any pay but with the understanding that he stay only five years. At the end of five years, we were still in the mire so that he agreed to continue for a similar period, but to-

night marks the end of the period that he agreed to stay with us. He has been arranging to leave us so that we must go forward with the Mitten management. We hope to have the aid of his great banking institution and his wonderful banking knowledge.

A telegram was forwarded to Mr. Stotesbury, in Florida, at the suggestion of F. W. Johnson, toastmaster, felicitating him upon his recent birthday and telling of the book that was on its way to him.

Mr. Mitten earlier in the day indicated that he would make public the negotiations between the Mayor and the company. He wrote to the Mayor saying: "In order that the public be correctly informed and with a view to advancing the execution of a contract for the operation of the Frankford elevated and the Bustleton surface line, I will at once undertake and submit to you a summarization of the negotiations between the city and the company, and set forth the P. R. T. views as to the improvements which should be undertaken in order to provide increased transit facilities required to meet the needs of the immediate future."

POLICE SHAKE-UP HITS NORTHEAST

Cortelyou Sends Lieutenant Hamilton to Wards Campbell and Knight Control

IN SHIPYARD STRIKE ZONE

Lieutenant John T. Duffey, commanding the Belgrade and Clearfield streets police station, which covers the wards led by Magistrate William F. Campbell and Coroner William R. Knight, Jr., is to be returned to the reserves this midnight.

Lieutenant Andrew Hamilton, now in charge of the Twentieth and Fitzwater streets station, will succeed Duffey. The changes were agreed on but not announced last night at a conference of Director Cortelyou and his captains and lieutenants.

The switch in the district where Campbell and Knight are political powers is in line with Mayor Moore's policy, which led him recently to send Lieutenant Grant Marple into the Fifth ward, where President Judge Charles L. Brown is the political sachem.

As commander in the Twenty-fourth district Lieutenant Hamilton will supervise police work in the Twenty-fifth ward, where Magistrate Campbell is leader, and in the Forty-fifth, where Coroner Knight holds the political baton.

Political foes for years, Campbell and Knight are now joined in an offensive and defensive alliance and are regarded as aides to the Brown-Vare-Cunningham combine, against which numerous ward leaders and workers are now rising.

Lieutenant Hamilton's new district is in the Cramp Shipyards strike zone. Hamilton commanded in that section before and has had experience in the handling of strike disorders.

Lieutenant Richard Farley, who was given the single gold bar of that rank recently, is to be detailed to the Twentieth and Fitzwater streets station to succeed Hamilton. The latter is a brother of Victor Hamilton, administra-

Tells Mother, "I Ate Your Pills" and Dies Within an Hour

Robert D. Mattson, three years old, of 205 Chestnut street, Haddonfield, ate eight strychnine tablets and died within an hour.

The physician attending Mrs. Mattson, the boy's mother, gave her the pills to use as a tonic. The baby found them on a bureau.

"Mother, I ate your pills," said Robert to his mother.

Ten minutes later he was in convulsions.

The child was named after an uncle who was captain in the British army and who was killed in France.

6 MONTHS FOR AUTO DRIVER

Sentenced After Two Convictions of Driving While Intoxicated

Charles J. Shea was convicted in the Quarter Sessions Court yesterday on two charges of driving an automobile while intoxicated.

Judge Finletter sentenced Shea to six months in the county prison. He was convicted of a similar offense last year but sentence was suspended.

William N. Charlesworth, driver of a motortruck, was convicted on a charge of involuntary manslaughter in the Court of Oyer and Terminer yesterday. His machine struck Reuben Pettigill last May at Germantown avenue and Penn street, causing injuries that resulted in death.

Sentence was deferred pending a new trial motion.

THREE SAILORS HELD UP

Men on Way to Buy Supplies for Ship Blackjacked in Eastwick St.

Three sailors from the ship West Apsun, now tied up at Hog Island, were blackjacked last night and robbed of \$125 which they had been given to purchase supplies for the ship. The men are John Lyons, John Kleinsmitt and Tom Johnson. They stopped at a pool room at 79 Eastwick street last night before doing their purchasing. As they were leaving the place a man with a revolver struck each of them with a blackjack taking the money which Kleinsmitt was holding. The proprietor of the pool room heard the commotion and notified the police. The sailors were taken to the University Hospital suffering from lacerations of the scalp. They are being held as witnesses.

THE VOICE OF YOUR BUSINESS

EACH letter you write is the voice of your business. Many times it carries an estimate, a contract, an agreement or at least a promise, which is a binding legal paper. You would not dare send such a letter marked "Dictated but not read." You give it the authority and endorsement of your signature.

But how about the stationery, the paper upon which the letter is written? Does it also speak with authority? Is it also the voice of your business? Does it also carry a signature that endorses the integrity and quality of the paper?

There is one name water-marked upon paper that carries the most serious and most binding contracts in the business world—government bonds, railroad stocks, debentures, short term notes, options, contracts, leases, mortgages, deeds, wills and insurance policies. That name is "Crane."
