

PETROGRAD REVOLT CRUSHED BY SOVIET

Government Enforces Order After Furious Fighting. City Now Quiet

METAL MEN DEFY LENINE

By the Associated Press

Stockholm, March 3.—Latest dispatches from Petrograd, Finland, assert that the insurrection in Petrograd was crushed after severe fighting and that the city is now quiet, with the Soviet masters of the situation. The sailors at Kronstadt remained neutral, supporting neither the workers nor the government.

The dispatches add that the Soviet has been unable to conceal the spread of the counter-revolutionary movement throughout the country, and that M. Kallin, president of the extraordinary commission, has been obliged to admit peasant risings everywhere.

Riga, March 3.—(By A. P.)—According to a Moscow report, a proclamation signed by Nikolai Lenin promises that the government will use all means to supply the working population with the necessities of life. A special fund of 10,000,000 gold rubles will be donated for this purpose and the commissary of trade is instructed to send abroad a commission for the purchase of required supplies.

The Moscow papers also publish a proclamation issued by the Moscow Soviet, addressed to all workers, peasants and members of the Red army—honest citizens. The proclamation asserts that the Red army has triumphed on all fronts and accuses foreign bankers of trying anew to conquer Russia by hunger in organizing a Cossack revolt in Siberia and disturbances in the Ukraine in order to prevent the transport of supplies.

The proclamations are considered here official recognition of the trouble which started three weeks ago when, at a meeting of metal workers, Premier Lenin was accused of torturing workers and ruining Russia. When Lenin asked the metal workers whether they would prefer the czarist regime, they are reported to have exclaimed: "Let come who may—whites, blacks or devils themselves—just you clear out."

London, March 3.—(By A. P.)—Almost 20 per cent of the shipbuilding berths in England are vacant, writes a shipbuilding correspondent of the Morning Post, and shipbuilders have no contracts on hand for ships to be laid down. Within the last twelve months twice as many orders have been cancelled as have been placed.

BOY CONFESSES ROBBERIES

Broke Into Postoffice Twice and Also Admits Clubhouse Thefts

Media, Pa., March 3.—The arrest of John Rider, aged seventeen, and his brother Fred, aged twelve, of Nether Providence township, in connection with robbing the postoffice at Wallingford, brought the admission from the elder boy that he broke into the dressing room at the Strathgaven Country Club a year ago, during a big social function, where the pocketbooks and purses of the women were rifled of several hundred dollars.

When the two youths were brought into the office of William Taylor, district attorney, the elder boy admitted that he broke into the Wallingford Postoffice on the nights of February 16 and February 27. On his second visit to the postoffice, he admitted to County Detectives O'Toole and Smith, he was accompanied by his brother.

LLOYD GEORGE "ALARMED"

Parisian Editor Says U. S. Opposition Affects His Policy

Paris, March 3.—In commenting on the London conference, Robert de Jouvenal, editor of L'Ouvrier, welcomes Premier Lloyd George's firmness against the Simons reparations proposals, but adds: "This is not due to Simons alone, America also contributes, to some extent, to it. The American refusal to accept the mandate system—chiefly concerning the Mesopotamian oil fields—has apparently strongly alarmed Premier Lloyd George. Mr. Lloyd George has decided to consent to heavy sacrifices in order to have France with him in this new conflict."

IL RITORNO DELLA CALMA IN ITALIA

L'Ordine Completamente Ristabilito in Firenze Trieste e Nella Provincia di Bari

Published and Distributed Under PERMIT NO. 841 Authorized by the act of October 6, 1917, on file at the Postoffice of Philadelphia, Pa. A. S. RUBLESON, Postmaster General.

Roma, 3 marzo.—La fine dello sciopero ferroviario in Firenze, provocato dai disordini verificatisi nei giorni scorsi e per l'uccisione di un ferroviere che derise il trasporto del cadavere di un carabinieri ucciso durante un conflitto tra comunisti, socialisti e la disfora a Livorno dai comunisti i quali nella riunione della Confederazione Generale del Lavoro tentarono di far approvare un ordine del giorno rivoluzionario, nonché il ristabilimento dell'ordine a Trieste e la pacificazione degli animi nella provincia di Bari, sono considerate dai giornali come un buon indizio per una completa ristorazione della pace sociale e per un fruttifero lavoro.

I giornali constatano con soddisfazione il fallimento del tentativo di un'azione di forza, e si congratulano per la vittoria della autorità, per creare uno stato di cose pacifico. Rilevano pure che la autorità non hanno ricorso a misure rigorose ed hanno lasciato che gli estremisti si convincessero con i fatti che la maggioranza dei lavoratori non desiderano seguirli nelle loro idee malsane ed inconsulte manovre rivoluzionarie.

I giornali esprimono la speranza che non dovranno più verificarsi disordini in Italia, dopo quelli recenti, a che la nazione, virtualmente portata ad un equilibrio riguardo al suo bilancio, dovrà ora volgere verso un periodo di pace, di industria e di prosperità.

Gli ultimi disastri giunti da Firenze recano che i treni hanno ripreso il loro servizio normale. La situazione si era estremamente agitata per le tensioni contro gli elementi rivoluzionari, tanto che i comunisti di loro iniziativa hanno pubblicato un manifesto invitando gli operai a far ritorno al lavoro.

A Firenze, ad ogni modo, continuano le preoccupazioni da parte delle autorità ed il pubblico si mostra soddisfatto del ritorno della calma e della normalità dopo le giornate di sangue che sembrava volessero portare la città ad una guerra civile.

SAY GIOLITTI IS WEAKENING

Election Plan of Aged Italian Premier Opposed by Nitti

Rome, March 3.—Students of the situation here declare that the decision in the Chamber of Deputies on electoral conscription gives the impression that Premier Giolitti has lost control of both himself and Parliament. His decision to order general elections gives rise to the possibility that Signor Nitti may show that he is the strongest man in Italian politics.

Signor Nitti says it would be idiotic to call elections when Italy is suffering, owing to the excesses of the communists in Florence, Trieste and where. He declares law enforcement certainly possible with a strong government, as the majority of the people want work and are opposed to the activities of chauvinists and communists.

If Signor Nitti is victorious Premier Giolitti will put off the nomination of an election committee. It is generally believed the ministry will fall, but it is said he is not physically strong enough to stand the strain of the present storm.
