

### SHORE POLITICIAN HELD AS BIGAMIST

Joseph Maloney, Wealthy Plumbing Contractor, Arrested Through News Story

### TRAILED FROM BAY STATE

Atlantic City, March 18. — Joseph Maloney, wealthy plumbing contractor and prominent politician, has been arrested here by Detective Yates and Gilbert on a charge of bigamy, preferred by Mrs. Anna Mack Maloney, of Springfield, Mass. He was held under \$10,000 bail.

Maloney, who is president of the Second Ward Republican Club, was arrested before Magistrate Joshua J. Metzger yesterday, but the hearing was postponed until today, at 3 o'clock, for the purpose of permitting Mrs. Maloney to secure evidence of the second marriage of her husband.

Mrs. Maloney said her husband disappeared about one year ago from the home in Springfield, leaving her alone with their two children. Last month a neighbor showed her an Atlantic City newspaper in which reference was made to a political fight in which Joseph Maloney was seeking to regain control of the Second Ward Republican Club.

She was convinced, she testified yesterday, that the Maloney mentioned in the newspaper was her husband, and she communicated with Chief of Police Robert Miller, of this city. He replied that the Maloney living here was married and had two children. Mrs. Maloney came to Atlantic City and identified Joseph Maloney as her husband. "I don't want him as my husband any more," she stated in the witness stand.

### THE "LOW POINT."

Why our lumber centre is at Sumter.

THE point of low cost for lumber is of course where lumber grows. That is why we set up our "hub," or concentration yard at Sumter, S. C. There, in a circle of fifty miles radius, there are no doubt more pine lumber-mills than in any other equal area in the South—probably in the world.

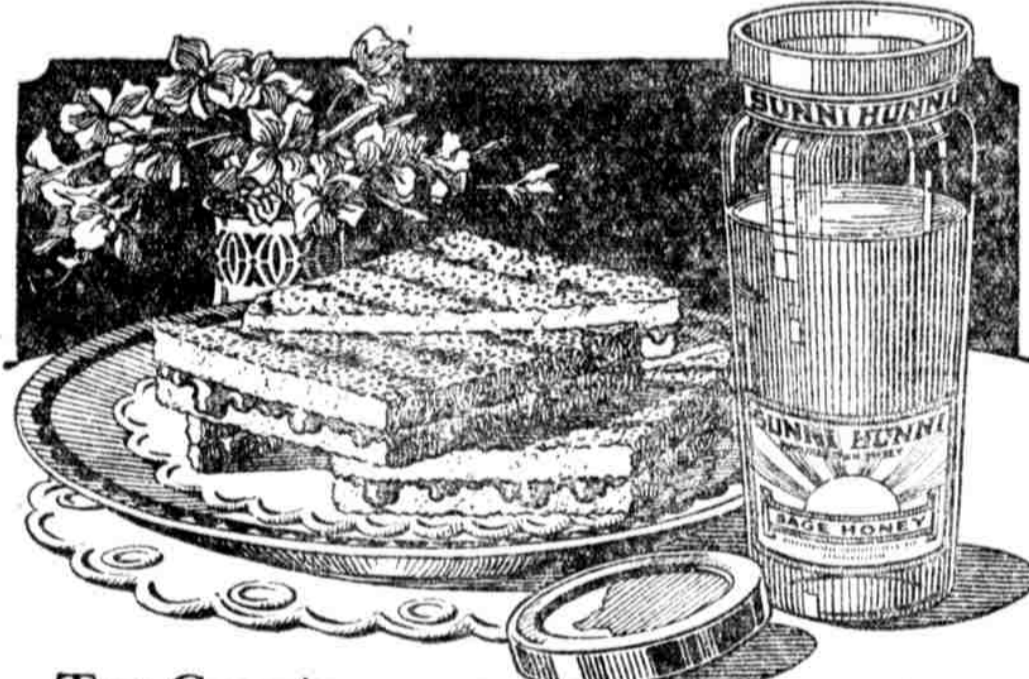

Such a centre is not only the point of low cost, but also the point where lumber can be assembled and shipped most quickly. It is the time spent in handling that makes lumber slow to move. At Sumter, the "low point," we save not only in first cost, but in time and labor, and all the added cost and delay that so often follow.

Buy your lumber at the "low point," and you hold these advantages of low cost and quick time straight through until your building is finished.

Some day you'll build. If you want the work finished on time, see that the lumber comes from LLOYD.

### Take a Vote on Pies

Take a vote on pies in your home and you'll make mostly raisin pies. For this is the pie that men think most delicious. Raisins furnish 1560 units of energizing nutriment per pound. They are 75 per cent pure fruit-sugar in practically predigested form.

So the nutriment of raisin pie is almost immediately assimilated. Raisins are rich in iron also, which brings the bloom of youth to women's and children's cheeks. When you eat raisins you eat a "beauty food" as well as one that's healthful.

Try raisin pie tonight. You'll never have to ask men what pie they like thereafter. Every first-class baker has this pie, or if you wish to make it yourself, we publish here the tested recipe for the chief of pies.
