# Well, Some People Are Going to Make a Fine Appearance This Easter!

## As a General Thing It Is the Quiet People

who do the best thinking and perform the most good work.

Idle people who have the least to do overtalk, while those who are constantly occupied have little time or opportunity to devise and exploit upsetting affairs.

Any gun that goes off half-cocked is dangerous.

Almost every day there is an account in the newspapers of careless things said and done without proper consideration.

## New Sports Coats Women Will Not Find Elsewhere

One style is a raglan coat of imported Scotch zibeline with a shaggy finish. It is loose fitting with a strap-wrist cuff and the colors are gray, tan or porcelain blue with plain-colored linings of contrasting shades. The price is \$95.

Another novelty is a new genuine camel's-hair with an almost invisible check. This is made up into some charming new short Tuxedo jackets and capes at \$100 each and longer sports coats at \$115 and \$125.

All of these coats are exquisitely soft to the touch and they represent the newest fashions in fine sports coats.

## A New Gorham Plate Silver Service "St. Germain"

The very fact that it is Gorham plate speaks for its excellence; there is no finer silver-plated ware made today.

But this service has also another strong recommendation. The pattern is a particularly delightful one and it is entirely hand chased. It compares most favorably with the patterns of the best sterling silver.

## New Flower-Trimmed Hats of Unusual Charm

After all there is nothing more Springlike than a hat gay with flowers. A little collection of delightful new hats is just out of the workroom—hats aglow with color and beauty. There are Milans, hems, hair and novelty straw hats, gay and quiet colors, wreathed with nasturtiums, a gaggle of robins, roses, heather, wall flowers, grapes, currants, berries, small fruits and some hats are faced with silk.

Price \$20 to \$42. (Second Floor, Chestnut)

## Here Are Women's Splendid Tweed Suits for \$40

Made of imported tweeds, homespun and worsteds in a dozen styles and more than a dozen different colors. These colors are grays and browns, olives and russets, and pure black-and-white mixtures; and the styles include the English box coats, coats with inverted box pleats and pinch tucks, and various other designs. Pockets, especially, are varied and interesting. But the thing to remember about them isn't material nor style nor color. It is that their quality is so good; linings, workmanship and fit so fine. Indeed, it is an actual fact this year that on account of the careful cutting very few alterations are necessary—and women who have put off their buying till the last minute are quite likely to find that the only alteration necessary is the turning up of the skirt hem.

Some of these suits are made in large sizes. Price \$40. (First Floor, Central)

## Easter Flowers and Plants

For an Easter remembrance to a friend, to an invalid, to old or young, what more perfect than just a pot of flowers, fragrant and lovely?

As fast as the plants go out they are replaced by fresh ones, so that there is ample variety all the time. As a rule they are just approaching the full bloom, so that they will last and give pleasure for many days.

Easter lilies, in particular, firm and glossy.

Azaleas in rose colors and violet.

Pink and white spiraea.

Yellow genistas.

Roses—both rambler and hybrid tea.

Besides daisies, orange plants, ferns, foliage plants, bulbs and many more than we have room to talk about.
